Practice Question

Q. Which of the following terms may be defined as a cultivated grass grown for its edible starchy grains?

- A. Pulses
- B. Forage
- C. Fodder
- D. Cereal
- E. None of the above

Ans: Cereals

Practice Question

Q. The crops which complete their lifecycle within one year are called _____.

- A. Biennial crops
- B. Perineal crops
- C. Annual crops
- D. All of the above
- E. None of the above

Ans: Annual crops

Practice Question

Q. Which of the following is not a rabi crop?

- A. Wheat
- B. Barley
- C. Oats
- D. Rice
- E. Potato

Ans: Rice

Practice Question

Q. Which of the following crops is a deep-rooted crop wherein the roots reach to a depth of approximately more than 1.5 meters into the soil?

- A. Wheat
- B. Barley
- C. Alfalfa
- D. Sugar beet
- E. None of the above

Ans: Alfalfa

+91 8146207241

Practice Question

Q. Which of the following is a tropical zone crop?

- A. Wheat
- B. Barley
- C. Oats
- D. Mango
- E. None of the above

Ans: Mango

www.courses.edutap.co.in

+91 8146207241

Practice Question

Q. Which of the following are exhaustive crops?

- A. Wheat
- B. Barley
- C. Oats
- D. All of the above
- E. None of the above

Ans: All of the above

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. Which of the following is/are C4 plants?

- A. Maize
- B. Sugarcane
- C. Sorghum
- D. All of the above
- E. None of the above

Ans: All of the above

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. Any crop or combination of crop grown for grazing or harvesting for immediate or future feeding to livestock are called as _____.

- A. Grazing Crops
- B. Fodder Crops
- C. Ley crops
- D. Contour crops
- E. Cover crops

Ans: Ley crops

Practice Question

Q. Which of the following crops are grown to protect the main cash crop from a certain pest or several pests?

- A. Forage Crops
- B. Fodder Crops
- C. Fertilizer Crops
- D. Green Manure Crops
- E. Trap Crops

Ans: Trap Crops

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. Which of the following crops are grown along farm roads and fences?

- A. Forage Crops
- B. Fodder Crops
- C. Fertilizer Crops
- D. Avenue Crops
- E. Cover crops

Ans: Avenue Crops

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. The word Tillage is a _____ word.

- A. Latin
- B. Greek
- C. English
- D. Anglo-Saxon
- E. None of the above

Ans. Anglo-Saxon

Practice Question

Q. Who among the following is known as the father of tillage?

- A. Verghese Kurien
- B. Jethro Tull
- C. Edward Faulkner
- D. Subash Palekar
- E. All of the above

Ans. Jethro Tull

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Previous Year Question

Q. Which among the following is mainly used to reduce soil strength and cover plant material?

- A. Primary Tillage
- B. Secondary Tillage
- C. Zero Tillage
- D. Conventional Tillage
- E. None of the above

Ans. Primary Tillage

Practice Question

Q. Which among the following is the objective of Thinning?

- A. Optimum plant density
- B. Gap filling
- C. Removal of excess plants
- D. All of above
- E. None of the above

Ans. All of above

Practice Question

Q. Among the following crops, in which of them earthing up is not being done?

- A. Potato
- B. Cassava
- C. Banana
- D. Sugarcane
- E. Barley

Ans. Barley

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. In which of the following, tillage operations are done for conditioning the soil suitably for the forthcoming main season crop?

- A. Minimum tillage
- B. Off-season tillage
- C. On season tillage
- D. Zero tillage
- E. All of the above

Ans. Off-season tillage

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. Which of the following is an agricultural management approach that aims to minimize the frequency or intensity of tillage operations to promote certain economic and environmental benefits?

- A. Primary Tillage
- B. Secondary Tillage
- C. Conventional Tillage
- D. Conservation Tillage
- E. All of the above

Ans. Conservation Tillage

Practice Question

Q2. Which of the following is not the objective of tillage?

- A. Prepare good seed bed
- B. Weeds control
- C. Aeration
- D. Waterlogging
- E. None of the above

Ans. Waterlogging

Practice Question

Q4. _____ is breaking the hard pan without inversion and with less disturbance of topsoil

- A. Ploughing
- B. Levelling
- C. Subsoiling
- D. All of the above
- E. None of the above

Ans. Subsoiling

Practice Question

Q5. The tillage operation that is done on land with standing water is called _____

- A. Wet tillage
- B. Dry Tillage
- C. Puddling.
- D. Both A and B
- E. Both A and C

Ans. Both A and C

Practice Question

Q. Among the following crops, in which of them earthing up is being done?

- A. Potato
- B. Cassava
- C. Banana
- D. Sugarcane
- E. All of the above

Ans. All of the above

www.courses.edutap.co.in

hello@edutap.co.in

+91 8146207241

Practice Question

Q. Which of the following aims at reducing tillage operations to the minimum necessary for ensuring a good seed bed?

- A. Minimum Tillage
- B. Secondary Tillage
- C. Conventional Tillage
- D. Conservation Tillage
- E. All of the above

Ans. Minimum Tillage

Previous Year Questions

NABARD Grade A 2017, PHASE 1

Q. The growing of grass or legumes in rotation with grain or tilled crops as a soil conservation measure is termed as _____.

- A. Legume Rotation
- B. Crop Rotation
- C. Ley Farming
- D. Shift Cultivation
- E. None of these

Ans. Ley Farming
