

RBI Grade B

Previous Year Paper

Phase 1

2021-2025

#beexamready

Preface

Dear Students,

We are pleased to present this recollected question paper with answer keys for the **RBI Grade B Phase 1 papers**, covering the past five years **from 2021 to 2025**. This document has been meticulously prepared to serve as a valuable resource for candidates preparing for the RBI Grade B Phase 1 Exam.

By practising questions that have been actually asked in the examination, aspirants can gain clarity on the **exam pattern, difficulty level, and types of questions** likely to appear in the upcoming exam.

We wish you all the best in your exam preparation journey and hope that this document serves as a valuable asset in strengthening your performance and confidence.

Disclaimer: While every effort has been made to ensure the accuracy and relevance of the questions and answer keys, minor variations in question wording or options may exist due to the memory-based nature of this compilation. Candidates are advised to use this document as a reference tool to enhance their comprehensive understanding of the syllabus and overall exam readiness for the RBI Grade B examination.

- D. 23rd day of January
- E. 2nd day of March

Q78. Recently in the month of Oct 2020, Andorra has become _____ member of the International Monetary Fund.

- A. 190th
- B. 185th
- C. 195th
- D. 191st
- E. 193rd

Q79. Recently, the Reserve Bank has come out with a five-pillared strategic approach 'GUARD' to deal with cybersecurity threats being faced by urban cooperative banks (UCBs). What does A in GUARD stands for?

- A. Automatic regulation
- B. Agency
- C. Appropriate Regulation
- D. Authorisation
- E. Autonomous

Q80. Kasturba Gandhi Balika Vidyalaya is a scheme launched by the Government of India for the school girls of SC, ST, OBC and minority communities , from the classes of

- _____.
- A. 1st to 5th
 - B. 6th to 10th
 - C. 6th to 12th
 - D. 11th & 12th
 - E. 9th to 12th

Quantitative Aptitude

Direction (Q81-Q83): In each of the following questions 3, statements are given. You have to determine which statement/statements are necessary to answer the given question:

Q81. A shopkeeper sells articles at a certain profit. Find out the amount of profit.

- A. Ratio of the selling price to the cost price of the articles is 4:3.
- B. If the cost price increases by Rs 500, and selling price remains the same, the profit percentage is decrease by $13\frac{8}{9}\%$.
- C. If the marked price is kept at Rs 1000 above the cost price and a discount of 15% is given, then the profit percentage is decreased by $18\frac{3}{4}\%$.

- A. Only A and B together
- B. A and either B or C
- C. Only A and C together
- D. All statements are required
- E. None of these

Q82. Find lateral surface area of a cylinder.

- A. Volume of a cone with a base the same as that of the cylinder and height 30 cm is equal to the volume of the cylinder.
- B. Circumference of the base of the cylinder is 132 cm.
- C. Volume of the cylinder is 13860 cm^3 .

- A. Only A and B together
- B. Only A and C together
- C. All the three together
- D. Any two of the three together
- E. Either A and B together or A and C together

Q83. Rinku borrowed an amount of Rs 5000 from Milan and Rahul. What is the rate of interest?

- A. Rinku returned the amount of Rs 5400 after the due date to Milan.
- B. Rinku returned Rs 5900 to Rahul after the due date.
- C. Rinku returned the money to Milan by SI, whereas to Rahul by compound interest.

- A. Only A and B together are sufficient
- B. Only B and C together are sufficient
- C. A, B and C together are necessary
- D. Either A and B together or B and C together are sufficient
- E. A, B and C even together are not sufficient

Q84. Quantity I = $-21x^3y^3$, Quantity II = $11x^4y^3$, if $x > 0$ & $y < 0$

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \leq Quantity II
- D. D.Quantity I=quantity II or No relation
- E. Quantity I \geq Quantity II

Q85. Quantity I = Unit digit of 36^{34} Quantity II = $x^2 - 3x - 10 = 0$

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \leq Quantity II
- D. Quantity I = Quantity II or No relation
- E. Quantity I \geq Quantity II

Q86. Quantity I = A container contains 40 liters of milk. From this container 4 liters of milk was taken out and replaced by water. This process was repeated further two times. How much milk is now contained by the container?

Quantity II = In a mixture of milk and water of Volume 30 liters the ratio of water and milk is 3: 7. How much quantity of milk will be added to the mixture to make the ratio of milk and water 1: 2

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \leq Quantity II
- D. Quantity I = quantity II or No relation
- E. Quantity I \geq Quantity II

Q87. Consider the following pairs:

Column 1	Column 2
1. $x^2 - 30x + 221 = 0$	13,17
2. $y^2 - 36y + 323 = 0$	19,17
3. $z = \sqrt{289}$	-17,17

Which of the above pairs is not correctly matched?

- A. Only 2
- B. Only 3
- C. Only 1
- D. Both 1 and 3
- E. Both 2 and 3

Q88. $5x - 2y = 5$ and $1 + \frac{x}{y} = \frac{8}{5}$.

Quantity I: Value of $3x + y$?

Quantity II: Value of $3y - x$?

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \leq Quantity II
- D. D.Quantity I=quantity II or No relation
- E. Quantity I \geq Quantity II

Direction (Q89-Q92): Study the following information carefully and answer the given questions. The table below shows cost price and selling price of 5 different articles sold by a shopkeeper:

Articles	Cost Price	Selling Price	Cost of Transport	Profit %	Loss %
P	4500		120		
Q		5500		10%	
R	6000				20%
S			500		12%
T	8000			15%	
U		12000			25%

Note: Total cost price of article = Cost price + Cost of transportation

Q89. If the cost price of article S is 20% more than the cost price of Article T then find the selling price of article S?

- A. Rs. 2050
- B. Rs. 4450
- C. Rs. 8888
- D. Rs. 9000
- E. Rs. 5000

Q90. If the shopkeeper has paid Rs. x for the cost of transport in article R and when the transportation cost increases by Rs. 100, then find the value of X if the sum of selling prices of article R in these two cases is 11000?

- A. Rs. 203
- B. Rs. 665
- C. Rs. 527
- D. Rs. 400
- E. Rs. 825

Q91. If the cost of transportation on article T is Rs. 300 and the selling price of article P is 40% less than the selling price of article T, then find the profit earned on article P?

- A. Rs. 1433
- B. Rs. 1107
- C. Rs. 1509
- D. Rs. 1345
- E. None of these

Q92. If the cost of transportation on article Q is 120 % of cost of transportation on article S, then find the profit percentage in article Q if there is no transportation cost charged?

- A. 28%
- B. 34%
- C. 12%
- D. 25%
- E. 50 %

Q93. There are three persons A, B and C whose sum of ages is 75 years. If 8 years ago the average age of A, B and C is ____ years and 5 years, then the average age of A and C will be 33 years and the present age of B is ____ years.

- A. 17, 19
- B. 22, 14
- C. 21, 30
- D. Either a or c
- E. None of these

Q94. Ajay invested Rs. 'x' in a scheme Z. Scheme Z offers compound interest at the rate 10% compounded annually for the first three years and then simple interest at the rate 8% for the next five years. Find the value of 'x', if the total interest earned by Ajay after eight years is Rs. 34,536?

- A. Rs. 45000
- B. Rs. 36000
- C. Rs. 48000
- D. Rs. 36000
- E. Rs. 40000

Q95. While writing first N natural numbers, I missed one number. What is the number that I missed?

Statement I: The sum of all the natural numbers which I wrote, is 320.

Statement II: The digit I missed is an odd number.

Statement III: if I had not missed the number then the sum would have been 325.

- A. Either statement I alone or statements III are sufficient.
- B. Only statement I is sufficient.
- C. Only statements I and II together are sufficient.
- D. Only statements I, II, and III together are sufficient.
- E. None of these

Direction (Q96-Q97): Read the following information carefully and answer the questions based on it.

A sequence of numbers is given to you as below:

18 (A) (B) (C) (D) 124

Where, $A = P^2 - Q$

$B - A = (P + 1)^2 + Q$

$C - B = (P + 2)^2 + Q$

$D - C = (P + 3)^2 + Q$

$P = \text{HCF of } L \text{ and } M, \text{ where } L \text{ and } M \text{ are co - primes}$

$Q = \text{Smaller root of } K^2 - 2K - 8 = 0$

Q96. How many numbers are divisible by 3, in the given sequence?

- A. 2
- B. 4
- C. 3
- D. 6
- E. None of these

Q97. Find the value of $(A^2 + 3B + 5C - 4D)$.

- A. - 20
- B. - 10
- C. - 18
- D. - 30
- E. None of these

Q98. P, Q and R entered into a partnership by investing a certain amount for 12 months, T month and $12 - T$ months respectively. Find the value of T?

Statement I: Q invested 50% more amount than P and R invested twice the amount of Q.

Statement II: At the end of the partnership, the total profit earned by them is Rs. 700 and the profit share of Q is Rs. 100.

Statement III: Profit share of P and R is in the ratio of 1:2.

- A. Only I and II
- B. Only I and III
- C. Only II and III
- D. Either I and II or I and III
- E. None of these

Q99. If a, b, c and d are positive integers, then find the correct relation between quantity I and II.

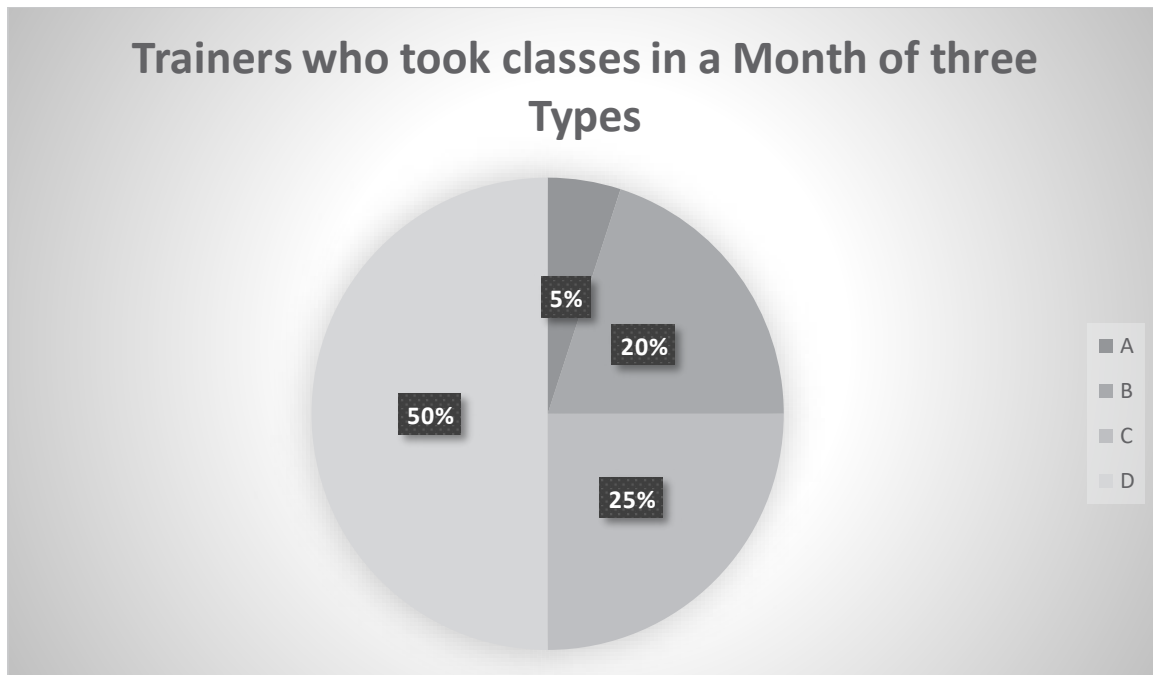

Quantity I: $a^{-b}/a^{-a} = a^b \times c$

Quantity II: $(a^3 \times b^3)/(a \times b^2) = (b^3 \times d^4)/(b \times d)$

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I = Quantity II or no relation
- D. Quantity I \geq Quantity II
- E. E.Quantity I \leq Quantity II

Direction (Q100-Q102): Read the following information carefully and answer the questions based on it.

There are four trainers A, B, C and D who take classes in a month of three types: basic class (1 hour), Regular Class (2 hours) and Advanced class (3 hours). No trainer can leave the class before the time and no one can take the class for extra time. D doesn't take any regular classes. He will take either basic or Advance. The pie chart given below shows the % distribution of total hours taken by all the four trainers. Total hours of the class are 60 hours.

Q100. Next month, D takes 10 hours classes and he will use 3 hours out of 10 hours as of the previous month. If the number of basic classes taken by D next month is twice of advanced classes taken by D next month, then find the difference between basic classes and advanced classes by D?

- A. 1
- B. 2
- C. 4
- D. 3
- E. None of these

Q101. If A takes twice the basic classes than advanced classes, then find the total number of classes taken by A?

- A. 5
- B. 6
- C. 7
- D. 9
- E. None of these

Q102. B and C take all three types of classes, basic classes taken by B are equal to the regular classes taken by B. C takes four regular classes in the month and the number of advanced classes taken by B and C is the same. Find the difference between the minimum and the maximum number of basic classes taken by C?

- A. 8
- B. 9
- C. 12
- D. 11
- E. None of these

Q103. Total number of students in the classroom is 360 out of which one-ninth passed in all three subjects-A, B and C. One-sixth of the total students failed in all subjects and one-fourth of all students that passed at least one exam is equal to the number of students who passed only in subject A. One-fourth of the total students passed in both A and B and 50 students passed in both A and E. Find the total number of students who passed in subject A.

- A. A.180
- B. 165
- C. 155
- D. 175
- E. None of these

Direction (Q104-Q106): The following questions are accompanied by three statements A, B and C. You have to determine which statement(s) is/are necessary/sufficient to answer the question.

Q104. How many times does the efficiency of a man exceed that of a woman?

- A. 3 women and 2 men working together complete a work in 6 days.**
- B. 3 men do the same work 5 days sooner than 9 women.**
- C. Ratio of the efficiencies of 8 women and 4 men is 1: 3.**

- A. Any two of the three together
- B. All the three together
- C. Only C
- D. Only A and B together
- E. Either C alone or A and B together.

Q105. Find out the length of train A.

- A. Train A crosses another train B moving in the same direction in 72 seconds.**
- B. Speed of train A is 25km/h more than that of train B.**
- C. Length of train B is 20% less than that of train A.**

- A. All the three together are not sufficient
- B. Only A and C together
- C. All the three together
- D. Only A and B together
- E. Only B and C together

Q106. What are the speeds of two trains?

- A. Two trains of lengths 100 m and 80 m respectively run-on parallel tracks.**
- B. When running in the same direction the faster train passes the slower one in 18 seconds.**
- C. When running in opposite directions, they pass each other in 9 seconds.**
- A. A and C together
- B. A and B together
- C. A, B and C together
- D. B and C together
- E. Question can't be answered even after using all the information

Q107. The average age of a family of 5 members was 32 years. 3 years later, the oldest member of the family died at the age of 60. On the same day, a child was born in the family. What would be the average age of the family 20 years after the death of the oldest member?

- A. 52 years
- B. 43 years
- C. 47 years
- D. 50 years
- E. 55 years

Q108. The taxi charges in a city consist of fixed charges and additional charges per km. The fixed charges are for a distance of up to 5 km and additional charges are applicable per kilometre thereafter. The charge for a distance of 10 km is Rs 350 and for 25 km is Rs. 800. The charge for a distance of 30 km is-

- A. Rs. 800
- B. Rs. 750
- C. Rs. 900
- D. Rs. 950
- E. None of these

Q109. On reducing the entry fee by 35% in a park, the number of people coming to the park increased by 40%, then the percent increase or decrease in the income from the entry fee is –

- A. 7% decrease
- B. 9% increase
- C. 9% decrease
- D. 5% decrease
- E. None of these

Q110. A number series given below as I. A second number series as II having the first term same as the wrong term of the series I. Find the 3rd term of series II?

Series I. 3, 7, 22, 95, 479, 2879

- A. 541
- B. 571
- C. 561
- D. 551
- E. None of these

Reasoning

Direction (Q111-Q115): Study the following information carefully and answer the below questions.

Eight persons- P, Q, R, S, T, U, V, and W are born in different years but not necessarily in the same order. The ages of each person are calculated from the base year 2020. Note: If it is given that A's age is equal to the last two digits of the birth year of B, then the age of A will be in any sequence. For example: If B is born in 1992, A's age is equal to the last two digits of the birth year of B, then the age of A may be either 29 or 92 years. None of the persons were born before 1970 and after 2015. W was born in 2000. Only three persons are born between W and T. The age of T is the last two digits of the birth year of V. The difference between the age of V and W is five years. V is born two persons after the one whose age is 20 years. Q is born two persons before the one who is born immediately after S. Only two persons are born between S and the one whose age is 18 years. The sum of the ages of W and R is one less than the age of S. The last two digits of the birth year of a person who is born adjacent to Q is equal to the age of the person who is born immediately after W. The age difference between R and the one whose age is 20 is the same as between Q and the one who is born adjacent to Q. The age difference between V and U is one less than the age difference between Q and S. The number of persons born between P and R is the same as between S and T. The age of P is equal to the last two digits of the birth year of the person who was born two persons before P. All person's ages are equal to the last two digits of the birth year of some other persons except V and Q.

Q111. What is the age of P?

- A. 19
- B. 27
- C. 28
- D. 07
- E. 38

Q112. Who among the following person was born immediately before V?

- A. U
- B. The one who was born immediately after W
- C. Q
- D. T
- E. The one who was born two persons after S

Q113. What is the sum of the ages of V, U, and T?

- A. 95
- B. 83
- C. 68
- D. 72
- E. 75

Q114. As many persons are born before Q is the same as after __?

- A. The one who was born in 2005
- B. The one who was born in 2000
- C. The one who was born in 2013
- D. S
- E. P

Q115. In which of the following year was Q born?

- A. 1970
- B. 1972
- C. 1975
- D. 1985
- E. 1993

Direction (Q116-Q120): Study the following information carefully and answer the below given questions.

Numbers and words arrangement machine when given an input line of numbers rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement.

Input: 53218 crew kept 32174 73628 mode form 82746 23684 very

Step I: 23684 crew 32174 form 53218 kept 73628 mode 82746 very

Step II: 11842 drew 16087 gorm 26609 lept 36814 node 41373 wery

Step III: 952 dsew 697 gprm 329 lfpt 544 npde 423 wfry

Step IV: 16 dsfw 22 gpsm 14 lfqt 13 npee 09 wfsy

Step V: 5 dsfx 0 gpsn 3 lfqu 2 npef 9 wfsz

Step V is the last step

Input: Line 35422 Turn 87342 63926 Wake Sand 48524 73842 Pure

Q116. What is the position of "921" from the right end in step III?

- A. Second
- B. Third
- C. Fourth
- D. Fifth
- E. Sixth

Q117. Which of the following elements is fourth from the right end in step IV?

- A. 13
- B. 12
- C. 15
- D. 14
- E. 16

Q118. What is the output of "48524"?

- A. 1
- B. 3
- C. 5
- D. 2
- E. 8

Q119. What is the sum of the numbers in Step V?

- A. 21
- B. 22
- C. 17
- D. 18
- E. 20

Q120. How many elements are between "521" and "Uvrn" in step III?

- A. Eight
- B. Seven
- C. Six
- D. Five
- E. Four

Direction (Q121-Q122): In each group of questions below are three conclusions followed by five statements. You have to choose the correct set of statements that logically satisfy the given conclusion:

Q121. Conclusion:

- I. Some Red is Green
- II. Some Black is not a Blue
- III. All Green being Red is not a possibility

Statement:

- I. Some Red is Blue; All Blue is Black; No Black is Green.
- II. Only a few Red is Blue; All Blue is Green; Only Green is Black.
- III. Only Red is Black; Some Red is Blue; No Blue is Green.
- IV. Only Green is Black; All Red is Green; No Green is Blue.
- V. Some Black is Blue; No Blue is Green; Only Green is Red.

- A. Both I and II follow
- B. Both II and IV follow
- C. None Follows
- D. All Follows
- E. Both III and V follows

Q.122. Conclusion:

- I. All Mobile being Laptop is not a possibility
- II. Some Speaker being Laptop is a possibility
- III. Some speakers are charger

Statement:

- I. Only a few mobiles are Laptop; No Laptop is Charger; All Charger is Speaker
 - II. Only a few Speaker is Charger; Some Charger is Mobile; All Mobile is Laptop
 - III. No Speaker is Charger; All Charger is Mobile; No Mobile is Laptop
 - IV. No speaker is Laptop; All Laptop is Charger; No Charger is Mobile
 - V. Some Charger is Mobile; All Mobile is Laptop; No Laptop is Speaker
- A. Both I and II follow
 - B. Both II and IV follows
 - C. None Follows
 - D. All Follows
 - E. Both III and V follows

Direction (Q123-Q127): Study the following information carefully and answer the below given questions.

Twelve persons- O, P, Q, R, S, T, U, V, W, X, Y, and Z are sitting in two parallel rows. Each row contains six persons facing each other. The persons who are sitting in row1 faces south and those who are sitting in row 2 facing north but not necessarily in the same order. They are having a different number of chocolates. Note: The persons who are sitting in row-1 having an even number of chocolates and those who are sitting in row-2 having an odd number of chocolates. Only three persons are sitting between R and the one who has 15 chocolates who sits to the right of R. S sits opposite to the one who sits immediately left of the one who has 15 chocolates. X sits second to the right of the one who sits adjacent to the person having 11 chocolates. P and X are sitting diagonally opposite to each other. P has only one neighbor who has 10 chocolates. The number of people sitting between R and X is the same as between the one who has 22 chocolates and the one who has 4 chocolates. The one who has 22 chocolates sits immediately right of T. T does not sit adjacent to S. O sits opposite to the one who sits immediately left of Z who sits third to the right of R. S sits adjacent to O. W sits immediate left of Q who has an odd number of chocolates. Y has 6 chocolates, and does not sit at the end of the row. S has the chocolates twice that of V who has an even number of chocolates. Z has one chocolate more than S. The difference between the number of chocolates of P and T is equal to the number of chocolates of O. W has ten chocolates more than Z and two chocolates less than R. None of them has the same number of chocolates. X has the prime number of chocolates more than U but less than R.

Conditions:

They are playing the dice game. Two persons are rolling the dice at the same time.

- I) If two persons are getting an even number, then their chocolate will be added to the person who sits second to the left of them.
- II) If two persons are getting an odd number, then their chocolates will be subtracted from the person who sits immediate right from them

III) If one person gets an even number and another one gets an odd number then their chocolates will be twice.

Q123. The person who sits second to the right of Q and third to the left of O are rolling the dice, one of them gets number 5 and another one gets the number which is equal to the number of chocolates of V. Then how many chocolates does the person have who sits third to the left of O?

- A. 30
- B. 10
- C. 8
- D. 22
- E. 24

Q124. If the persons who are sitting in the right corner of each row are rolling the dice, they get an even number. Then what is the sum of the chocolate of the person who sits second to the left of each of them?

- A. 80
- B. 60
- C. 75
- D. 65
- E. 70

Q125. What is the sum of the chocolate of O, S, Q, and W?

- A. 55
- B. 32
- C. 50
- D. 35
- E. 40

Q126. If the persons who are sitting second from the left end of each row are rolling the dice, both are getting an odd number, then what is the difference between the chocolate of the person who sits immediately to the right of each of them?

- A. 7
- B. 6
- C. 8
- D. 9
- E. 5

Q127. Who among the following persons sits second to the right of the one who sits opposite to the person who has twice of the chocolates of Y?

- A. The one who sits immediate left of W
- B. The one who has 19 chocolates
- C. The one who has 17 chocolates
- D. The one who has 15 chocolates
- E. The one who sits second to the right of R

Direction (Q128-Q132): Study the following information carefully and answer the below given questions.

Three married couples- A, B, C, D, E, and F are sitting at the circular table facing the centre but not necessarily in the same order. They are of different ages. The couples are not sitting together. D sits second to the left of the one who sits opposite to a person whose age is 40. Only one person sits between D and the one whose age is 32. E sits immediately to the right of the one who is the wife of A. E is a female member who sits opposite to the one who sits second to the left of the one whose age is 32. F sits immediately to the right of the one who sits second to the right of A. The husband's age is more than the wife's age. F is not a spouse of C. There is a five year age difference between B and B's wife. C does not sit adjacent to A's spouse. A's age is twice that of E's age. C's spouse's age is 29. There is a 10 year age difference between C and B. No one's age is more than fifty.

Q128. What is the age of D's spouse (in years)?

- A. 35
- B. 29
- C. 20
- D. 40
- E. None of the above

Q129. Who among the following person sits opposite to B?

- A. A
- B. The one who sits immediate left of D
- C. D's spouse
- D. The one whose age is 40
- E. The one who sits second to the right of A

Q130. What is the sum of the age of D and A's spouse?

- A. 65
- B. 61
- C. 70
- D. 73
- E. 75

Q131. Four of the following are alike in a certain way. Which of the following does not belong to the group?

- A. C
- B. A
- C. The one who sits immediate right of C
- D. The one who sits second to the right of B
- E. The one who sits immediate left of D

Q132. Which of the following statement(s) is/are true?

I. A's age is 40.

II. B is the spouse of E.

III. Only one person sits between D and F when counted to the right of D.

- A. Both I and III
- B. Only III
- C. Both I and II
- D. Only II
- E. All I, II, and III

Direction (Q133-Q135): Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question.

Q133. Six persons-L, M, N, O, P and Q are sitting in a row but not necessarily in the same order. Who among the following person sits second from the left end of the row? (facing south)

Statement 1: Q sits third to the left of the one who sits second to the right of L. Only two persons are sitting between Q and M. Only one person sits between L and N.

Statement 2: Only two persons are sitting between M and Q. M sits immediately to the right of the one who sits second to the left of O who sits either left or right end.

- A. Only Statement I is sufficient
- B. Only Statement II is sufficient
- C. Either statement I or statement II is sufficient
- D. Neither statement I nor statement II is sufficient
- E. Both statements I and II sufficient

Q134. There are six boxes- A, B, C, D, E, and F are kept one above another in a stack but not necessarily in the same order. How many boxes are kept above E?

Statement 1: Box F is kept two boxes below the box which is kept three boxes above A. Only two boxes are kept between F and C which is kept below A. Box B is kept immediately above Box D, neither of the boxes kept adjacent to C.

Statement 2: Box E is kept three boxes below the box which is kept immediately above F. Box E is kept neither top nor bottom of the stack. Only two boxes are kept between C and F. Neither B nor D is kept below F.

- A. Only Statement I is sufficient
- B. Only Statement II is sufficient
- C. Either statement I or statement II is sufficient
- D. Neither statement I nor statement II is sufficient
- E. Both statements I and II are sufficient

Q135. What is the direction of point L with respect to point X?

Statement 1: Point S is north of Point M which is west of Point G. Point P is east of Point X. Point L is North of point V.

Statement 2: Point V is exactly in the middle of Point M and G. Point L is east of Point S. Point X is neither south nor south-east of Point M. Point P is south of point G.

- A. Only Statement I is sufficient
- B. Only Statement II is sufficient
- C. Either statement I or statement II is sufficient
- D. Neither statement I nor statement II is sufficient
- E. Both statements I and II are sufficient

Q136. In a certain code language, "Program is super" is coded as "217 693 472", "Super Art" is coded as "693 238", "He learns program" is coded as "217 479 624", then what is the sum of the code for "Program Art"?

- A. 696
- B. 689
- C. 1103
- D. 910
- E. 455

Q137. T is 15m north of M. H is 9m south G which is 15m east of M.L is 20 m west of H. V is north of O and 5m east of S which is 5m north of L. O is west of H. Then what is direction and distance of V with respect to T?

- A. 14m, north
- B. 19m, south
- C. 19m, north
- D. 24m, south
- E. 24m, north

Q138. In which of the following more than two meaningful words can be formed by using the following letters?

I. A, S, T, E

II. T, D, N, E

III. P, L, S, O

- A. Only I
- B. Only II
- C. Both I and II
- D. Only III
- E. All I, II, and III

Q.139. If the second letter of all the words from the right end are taken and changed to the next second successive letter in alphabetical order, which option/options among the given ones have more than one vowel in all the words?

I. Bank, Blow, Cash

II. Draw, Ford, Hurt

III. Mass, Mode, Once

- A. Only I
- B. Both II and III
- C. Only III
- D. All I, II, and III
- E. None

Direction (Q140-Q142): Answer the questions based on the information given below.

Certain persons are sitting in a straight line and all of them are facing towards the north. Not more than 23 persons are there in the row. D sits fourth from the right end and is fifth to the right of E. Only two persons sit between E and I. J sits sixth to the left of I and is second to the right of F. The number of persons between I and E is one less than the number of persons between H and F. K sits third to the left of H and the number of persons to the left of K is one less than the number of persons to the right of G who doesn't sit adjacent to D.

Q140. How many persons are there in the row?

- A. 23
- B. 22
- C. 20
- D. 21
- E. 19

Q141. Who among the following person sits second to the left of D?

- A. G
- B. E
- C. I
- D. J
- E. Unknown

Q142. How many persons are there between H and E?

- A. Six
- B. Eight
- C. Ten
- D. Four
- E. None

Direction (Q143-Q145): Study the following information carefully and answer the below questions.

Six persons- L, M, N, O, P, and Q have different heights. Only one person is between the one whose height is 159 cm and L. The height of P is 156 cm. M is taller than L. The number of people between N and L is the same as between L and Q. The number of persons who are taller than N are the same as shorter than P. The height of L is 10 cm more than Q whose height is 3cm more than P. No one height is more than 181cm.

Q143. What may be the height of N, if the height of N is divisible by five?

- A. 175 cm
- B. 165 cm
- C. 160 cm
- D. 185 cm
- E. None of the above.

Q144. How many people are taller than L?

- A. One
- B. Two
- C. Three
- D. Four
- E. None

Q145. What is the average height of N, P, and Q?

- A. 163 cm
- B. 151 cm
- C. 161.22 cm
- D. 163.33 cm
- E. None of the above

Q146. In which of the following expressions does the expression ' $I > D$ ' and ' $A \leq G$ ' definitely hold true?

- A. $A \geq I \geq G = K > S > D$
- B. $A \leq D \geq M = F \leq G < I$
- C. $I \geq C > Q \geq A = G \geq D$
- D. $G \geq D = A < B \leq S \leq I$
- E. $D \geq E = G \geq W = A < I$

Q147. Which of the following expressions will definitely be true if the expressions ' $L > R$ ' and ' $M \leq N$ ' are true?

- A. $K > M < S \leq N < R \geq D \leq L$
- B. $K = M > S \geq N = R \leq D < L$
- C. $K > M \geq S = N \leq R \leq D \leq L$
- D. $K \geq M \geq S \geq N < R < D \leq L$
- E. None of these

Q148. Which of the following expressions does the expression ' $B \leq H$ ' and ' $A > G$ ' definitely hold true?

- A. $A = B < F \geq H = K > G > D$
- B. $D > A = G \geq B = F \leq G < H$
- C. $A < O > G < H = H \geq S \geq B$
- D. $G = U \leq B = E \leq H = O < A$
- E. None of the these

Direction (Q149-Q153): Study the following information carefully and answer the below given questions.

Eight persons- A, B, C, D, E, F, G, and H are sitting at the circular table facing the centre but not necessarily in the same order. They all have different ages and the age of all the persons is less than 50. G sits third to the right of the one who sits immediately left of the one whose age is 36. Two persons are sitting between G and F. D sits adjacent to the one who sits second to the right of A. A sits immediate left

of F. The one whose age is 20 sits opposite to the one who sits second to the left of E. Neither F nor G is 20 years old. H sits third to the left of the one whose age is 15 years. Neither E nor A is 15 years old. B sits second to the left of C. The age of D is

twice the age of the one who sits immediately to the right of G. The age difference between E and D is the same as between D and A. The age of G is five years more than the one who sits immediately to the left of G. The age of F is one year less than the one who sits immediately to the right of H. One of the persons sitting at the table is 22 years old.

Q149. Which of the following combinations is true?

- A. F-36
- B. E-15
- C. D-30
- D. C-20
- E. B-22

Q150. How many persons are sitting between D and E?

- A. One
- B. Two
- C. Three
- D. Four
- E. Either b or d

Q151. Who among the following person sits opposite to the one whose age is 29?

- A. The one who sits second to the left of D
- B. C
- C. A
- D. The one whose age is 35
- E. The one whose age is 15

Q152. If G is related to 30 and A is related to 22 in a certain way. Then who among the following is related to 15?

- A. E
- B. The one who sits opposite to F
- C. C
- D. The one who sits third to the left of D
- E. None of the above

Q153. Four of the following five are alike in a certain way thus forming a group. Find the one which does not belong to the group?

- A. E
- B. The one who sits second to the right of C
- C. The one who sits immediate right of H
- D. The one who sits immediate left of D
- E. A

Direction (Q154-Q156): Each of the following questions consists of a statement followed by two arguments I and II.

Q154. Statement: Should the system of offering jobs only to the wards of government employees be introduced in all government offices in India?

Arguments:

I. No. It denies opportunity to many deserving individuals and the government may stand to lose in the long run.

II. No. It is against the principle of equality. Does the government not owe its responsibility to all its citizens?

- A. if only argument I is strong
- B. if only argument II is strong
- C. if either I or II is strong
- D. if neither I nor II is strong
- E. if both I and II are strong.

Q155. Statement: Does India need so many plans for development?

Arguments:

I. Yes. Nothing can be achieved without proper planning.

II. No. Too much time, money and energy are wasted on planning.

- A. if only argument I is strong
- B. if only argument II is strong
- C. if either I or II is strong
- D. if neither I nor II is strong
- E. if both I and II are strong.

Q156. Statement: Should those who receive dowry, despite the law prohibiting it, be punished?

Arguments:

- I. Yes. Those who violate the law, must be punished.
 - II. No. The Dowry system has been firmly rooted in the society since time immemorial.
- A. if only argument I is strong
 - B. if only argument II is strong
 - C. if either I or II is strong
 - D. if neither I nor II is strong
 - E. if both I and II are strong.

Direction (Q157-Q158): In each question below is given a statement followed by two courses of action numbered I and II. You have to assume everything in the statement to be true and on the basis of the information given in the statement, decide which of the suggested courses of action logically follow(s) for pursuing. Given answer -

Q157. Statement: The Committee has criticized the Institute for its failure to implement a dozen of regular programs despite an increase in the staff strength and not drawing up a firm action plan for studies and research.

Courses of action

- I. The board objectives of the Institute should be redefined to implement a practical action plan.
 - II. The Institute should give a report on reasons for not having implemented the planned programmes.
- A. If only I follow;
 - B. If only II follows,
 - C. If either I or II follows;
 - D. If neither I nor II follows
 - E. If both I and II follow.

Q158. Statement: Majority of the students in many schools do not pass in the final examination.

Courses of action

- I. These schools should be closed down as these have become unproductive.
 - II. The teachers of these schools should immediately be retrenched.
- A. If only I follow;
 - B. If only II follows,
 - C. If either I or II follows;
 - D. If neither I nor II follows
 - E. If both I and II follow.

Direction (Q159-Q162): In each question below is given a statement followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions and decide which of the assumptions is implicit in the statement.

Q159. Statement: In Bombay, railway trains are indispensable for people in the suburbs to reach their places of work on time.

Assumptions:

- I. Railway trains are the only mode of transport available in the suburbs of Bombay.
- II. Only railway trains run punctually.
- A. If only assumption I is implicit
- B. If only assumption II is implicit
- C. If either I or II is implicit
- D. If neither I nor II is implicit
- E. If both I and II are implicit

Q160. Statements: It is not always true that only a brilliant person can qualify the written examination for Probationary Officers (Po's).

Assumptions

- I. A Brilliant person can qualify the written examination for PO's.
- II. A person who is not brilliant can also qualify the written examination for Po's.
- A. If only assumption I is implicit
- B. If only assumption II is implicit
- C. If either I or II is implicit
- D. If neither I nor II is implicit
- E. If both I and II are implicit

Q161. Statement: "If it does not rain throughout this month, most farmers would be in trouble this year."

Assumptions:

- I. Timely rain is essential for farming.
- II. Most farmers are generally dependent on rain.
- A. If only assumption I is implicit.
- B. If only assumption II is implicit.
- C. If either I or II is implicit.
- D. If neither I nor II is implicit.
- E. If both I and II are implicit.

Q162. Statement: If the city bus which runs between Ram Nagar and Sant Colony is extended to Vasant Vihar, it will be convenient. — Appeal of residents of Ram Nagar to the city bus company.

Assumptions:

- I. The convenience of the city bus company is much more important than the needs of the consumers.
 - II. The city bus company is indifferent to the aspirations of the residents of Sant Colony.
- A. If only assumption I is implicit.
 - B. If only assumption II is implicit.
 - C. If either I or II is implicit.
 - D. If neither I nor II is implicit.
 - E. If both I and II are implicit.

Direction (Q163-Q165): In each question below is given a statement followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, even if they are at variance with the commonly known facts. Then consider the two conclusions together ignoring the commonly known facts and decide which of them logically follows beyond a reasonable doubt from the information given in the statement.

Q163. Statement: India is seeking partnership with Germany in aeronautical engineering and space exploration. Earlier, India entered into partnership with some other countries in aeronautical engineering.

Conclusion:

- I. It is high time for a joint venture between Germany and India, because Germany is developing State-of-the-art technologies in aeronautical engineering.
 - II. Both India and Germany, have core competence in the given area.
- A. If only conclusion I follows.
 - B. If only conclusion II follows.
 - C. If either I or II follows.
 - D. If neither I nor II follows.
 - E. If both I and II follow.

Q164. Statement: Nowadays a number of telecommunication companies are providing better services in the market to compete with foreign companies.

Conclusion:

- I. They want India to become number one in the field of telecommunication. At the same time, they want to fetch more and more money from other countries.
 - II. Companies want to increase customers and become no. 1 position.
- A. If only conclusion I follows.
 - B. If only conclusion II follows.
 - C. If either I or II follows.
 - D. If neither I nor II follows.
 - E. If both I and II follow.

Q165. Statement: Unity is hindered by gaps among the people on the basis of economy, culture, religion and language.

Conclusion:

- I. Unity is a must for the Country.
 - II. Any country where there are such gaps will find it difficult to stay united.
- A. If only conclusion I follows.
 - B. If only conclusion II follows.
 - C. If either I or II follows.
 - D. If neither I nor II follows.
 - E. If both I and II follow.

Direction (Q166-Q170): Answer the questions based on the information given below.

Six persons joined the ABC organization in 2017. All are joined on different dates of either the same or different month. Each of them already has some working experience. One of them joins on 18th July. Less than two persons joined before E who has an experience in even number. The number of persons who joined before E is the same as after the one whose experience is 13 years. B, who does not have experience in prime number, joined before the one whose experience is 16 years but after the one whose experience is 5 and 9 years. The one whose experience is 5 years joins before the one whose experience is 9 years who joins on 24th May. D has an experience twice that of E's Experience. The number of persons joining is between the one whose experience is 5 years and B is the same as between the one whose experience is 9 years and D who joins in the organization on 27th September. A join after C but before F. The one who joins on 26th July joined before D but after B. The one whose experience is 10 years joined after the one who

joined the organization on 12th January which is not the joining date of E. B does not join on 15th January. Based on their working experience a foreign company XYZ gives the project with certain

Conditions:

1. The project is given to those people having experience minimum of 3 years after joining the ABC Organization (Calculate their experience on the following date 31st august 2020).
2. The project is given to the persons who joins the organization at first according to the month.
3. If two persons join in the same month then give priority to the one who joins the organization first according to date.

Q166. Which among the following is the order of the people who get the project?

- A. CEABF
- B. BFACE
- C. FCEBA
- D. FECBA
- E. None of these

Q167. If the project is given according to the only date of joining of the people then how many persons remain unchanged in their positions?

- A. None
- B. 3
- C. 2
- D. 1
- E. 4

Q168. Who among the following has maximum working experience as before the joining of this organization?

- A. A
- B. B
- C. C
- D. E
- E. None of these

Q169. How many persons joined after F?

- A. 1
- B. 2
- C. 3
- D. 4
- E. None of these

Q170. If the company appointed a CEO who has an experience minimum of 10 years, then who will be the CEO?

- A. B
- B. D
- C. E
- D. Either a or b
- E. Either B or C

English

Direction (Q171-Q179): Read the following passage carefully and answer the questions given below it. Certain words are Underlined to help you locate them while answering some of the questions.

A tailor and a goldsmith were travelling together, and one evening when the sun had sunk behind the mountains, they heard the sound of distant music, which became more and more distinct. It sounded strange, but so pleasant that they forgot all their weariness and stepped quickly onwards. The moon had already arisen when they reached a hill on which they saw a crowd of little men and women, who had taken each other's hands, and were WHIRLING round in the dance with the greatest pleasure and delight.

They sang to it most charmingly, and that was the music which the travelers had heard. In the midst of them sat an old man who was rather taller than the rest. He wore a parti-coloured coat, and his HOARY beard hung down over his chest. The two remained standing full of astonishment, and watched the dance. The old man made a sign that they should enter, and the little folks willingly opened their circle. The goldsmith, who had a hump, and like all hunchbacks was daring enough, stepped in. The tailor felt a little afraid at first, and held back, but when he saw how merrily all was going, he plucked up his courage, and followed. The circle closed again directly, and the little folks went on singing and dancing with the wildest leaps. The old man, however, took a large knife which hung to his girdle, whetted it, and when it was sufficiently sharpened, he looked round at the strangers.

They were terrified, but they had not much time for reflection, for the old man seized the goldsmith and with the greatest speed, shaved the hair of his head clean off, and then the same thing happened to the tailor. But their fear left them when, after he had finished his work, the old man clapped them both on the shoulder in a friendly manner, as much as to say, they had behaved well to let all that be done to them willingly, and without any struggle. He pointed with his finger to a heap of coals which lay at one side, and signified to the travellers by his gestures that they were to fill their pockets with them. Both of them obeyed, although they did not know of what use the coals would be to them, and then they went on their way to seek a shelter for the night.

When they had got into the valley, the clock of the neighbouring monastery struck twelve, and the song ceased. In a moment all had vanished, and the hill lay in SOLITUDE in the moonlight.

The two travellers walked onwards and eventually found an inn, and covered themselves up on their straw-beds with their coats, but in their weariness forgot to take the coals out of them before doing so. A heavy weight on their limbs awakened them earlier than usual. They felt in their pockets, and could not believe their eyes when they saw that they were not filled with coals, but with pure gold. Happily, too, the hair of their heads and beards was there again as thick as ever.

They had now become rich folks, but the goldsmith, who, in accordance with his greedy disposition, had filled his pockets better, was twice as rich as the tailor. A greedy man, even if he has much, still wished to have more, so the goldsmith proposed to the tailor that they should wait another day, and go out again in the evening in order to bring back still greater

treasures from the old man on the hill. The tailor refused, and said, I have enough and am content. Now I shall be a master, and marry my dear object – for so he called his sweetheart – and I am a happy man. But he stayed another day to please him.

In the evening the goldsmith hung a couple of bags over his shoulders that he might be able to stow away a great deal, and took the road to the hill. He found, as on the night before, the little folks at their singing and dancing, and the old man again shaved him clean, and made signs to him to take some coal. He was not slow about stuffing as much into his bags as would go, went back quite delighted, and covered himself over with his coat. Even if the gold does weigh heavily, said he, I will gladly bear that, and at last he fell asleep with the sweet ANTICIPATION of waking in the morning an enormously rich man.

When he opened his eyes, he got up in haste to examine his pockets, but how amazed he was when he drew nothing out of them but black coals, and howsoever often he put his hands in them. The gold I got the night before is still there for me, thought he, and went and brought it out, but how shocked he was when he saw that it likewise had again turned into coal. He smote his forehead with his dusty black hand, and then he felt that his whole head was bald and smooth, as was also the place where his beard should have been. But his misfortunes were not yet over. He now remarked for the first time that in addition to the hump on his back, a second, just as large, had grown in front of his chest. Then he recognized the punishment of his greediness, and began to weep aloud.

The good tailor, who was awakened by this, comforted the unhappy fellow as well as he could, and said, you have been my COMRADE in my travelling time. You shall stay with me and share in my wealth. He kept his word, and the poor goldsmith never wanted for anything, but he was obliged to carry the two humps as long as he lived, and to cover his bald head with a cap.

Q171. What happened when they entered the valley?

- A. They covered themselves up on their straw beds with their coats.
- B. They saw an old man.
- C. The clock of the neighboring monastery struck twelve and the song ceased.
- D. They pointed with their fingers to a heap of coals.
- E. None of these

Q172. In the given story, who had a hump on his back?

- A. The old man
- B. The Goldsmith
- C. The Tailor
- D. The Tailor & the Goldsmith both
- E. None of these

Q173. Why did the tailor refuse to wait another day?

- A. Because he was extremely tired.
- B. He got disappointed because he found less gold
- C. Because his pockets were filled with coal.
- D. Because he had enough gold and was a happy man.
- E. None of these

Q174. What could be an appropriate moral of the story?

- A. A tailor and a Goldsmith
- B. The result of greediness is always harmful
- C. There is a victory ahead of fear
- D. The importance of contentment & satisfaction in life
- E. None of these

Q175. Choose the word/group of words which is most similar in meaning to the word "hoary" as used in the passage.

- A. old-fashioned
- B. modern
- C. designer
- D. developed
- E. none of these

Q176. Choose the word which is nearly the same in meaning as the word printed in bold as used in the passage.

WHIRLING

- A. rotating
- B. creeping
- C. dragging
- D. crawling
- E. none of these

Q177. Choose the word which is nearly the same in meaning as the word printed in bold as used in the passage.

COMRADE

- A. companion
- B. challenger
- C. nemesis
- D. archenemy
- E. none of these

Q178. Choose the word which is nearly the opposite in meaning as the word printed in bold as used in the passage.

ANTICIPATION

- A. astonishment
- B. intuition
- C. foresight
- D. expectation
- E. none of these

Q179. Choose the word which is most nearly the opposite in meaning as the word printed in bold as used in the passage.

SOLITUDE

- A. company
- B. isolation
- C. loneliness
- D. reclusion
- E. none of these

Direction: In the following question, two columns are given containing three sentences / phrases each. In first column, the sentences / phrases are A, B and C whereas the same in the second column are marked as D, E and F. A sentence / phrase from the first column may or may not combine with another sentence / phrase in the second column to form a grammatically and contextually correct sentence. Each question has five options out of which four have possible combinations of sentences / phrases that are grammatically and contextually correct. If none of the combinations gives us grammatically and contextually correct sentences, mark E as your answer.

Column I	Column II
A. The Food there is so bad that you wouldn't even	D. and the main reason behind this is the emergence of the students community in hostels across the country
B. It is very Cold out there despite the fact that	E. think of going back there for anything else.
C. Fast food joints in India are increasingly becoming popular	F. the government has failed to capitalize on the fact.

Q180. Find the best possible combination.

- A. A-E and B-D
- B. C-D and B-F
- C. A-E and C-D
- D. C-D
- E. None of these

Direction (Q181-Q184): In the following questions, some part of the sentence is underlined. Which of the options given below the sentence should replace the part underlined to make the sentence grammatically correct? If the sentence is correct as it is given, then choose option E 'No Correction required' as the answer.

Q181. Maslow's Hierarchy of needs states that we must satisfy each need in turn STARTING WITH THE FIRST, DEALING IN THE MOST OBVIOUS NEEDS OF SURVIVAL ITSELF.

- A. starting with the first, which deals with the most obvious needs of survival itself.
- B. first starting with the one that deals with the most obvious needs of survival itself.
- C. starting with the first, which is dealt with the most obvious needs of survival itself.
- D. starting with the first one that deals in the most obvious need of survival itself.
- E. No improvement required

Q182. An individual's behavior may change over time, becoming bizarre if medication is stopped AND RETURNS CLOSER TO NORMAL WHEN RECEIVING APPROPRIATE TREATMENT.

- A. and can return closer to normal when receiving appropriate treatment.
- B. while returned closer to normal when receiving appropriate treatment.
- C. and returning closer to normal when receiving appropriate treatment.
- D. after returning close to normal when receiving appropriate treatment.
- E. No improvement required

Q183. Building peace and transcending regional and global conflicts CANNOT BE LEFT ENTIRELY TO THE ACTION AND VOLITION OF POLITICAL LEADERS.

- A. cannot leave entirely to the action and volition of political leaders.
- B. could not be left entirely for the action and volition of political leaders.
- C. cannot be left entirely for the action and volition from political leaders.
- D. should not be left entirely to the action and volition for political leaders.
- E. No improvement required

Q184. Opposing free trade, some argue, IS TANTAMOUNT TO SUPPORT ECONOMIC INJUSTICE.

- A. is tantamount of supporting economic injustice.
- B. is tantamount with supporting economic injustice.
- C. is tantamountly supporting economic injustice.
- D. is tantamount to supporting economic injustice.
- E. No improvement required

Direction (Q185-Q190): Read the following passage carefully and answer the questions. Certain words/ phrases are underlined to help you locate them while answering some of the questions.

Smartwatches can be a great tool for heart health monitoring. Most popular smartwatches on the market offer a heart rate monitor function, which has been primarily used by fitness enthusiasts for tracking their activity levels during a workout or throughout the day. Tracking heart rate is a great way to chart your own personal metabolic rate and allows you to compare your rate of exertion to other members of your age group, giving you a great indicator of your heart health. Heart rate monitoring can be a fun metric to track, but it's also one of the cardiologist's primary tools for assessing whether your health is functioning properly.

Anyone can check their heart rate by pressing a hand against the wrist, which checks the flow of blood in the radial artery, or by pressing a hand against the neck, which checks the carotid artery. Physicians often use an Electrocardiogram (ECG/EKG) to interpret a patient's heartbeat. An EKG offers information that can tell your doctor four things:

- Whether your heartbeat is irregular
- If your heart is enlarged
- Whether your heart is getting enough oxygen
- Whether you've had a heart attack in the past

Smartwatches track heart rate in a similar way as checking the pulse, but without the use of physical pressure. Popular Smartwatches from brands like Apple, Samsung, and Fitbit use photoplethysmography to detect a heartbeat. This is the process of projecting a green light

on the skin, which gets absorbed by the blood. More green light being reflected is related to lower blood flow, which indicates that the heart is in-between beats.

While smartwatches are not as complex as an EKG, new studies have shown that they may be capable of detecting one of the same health issues that an EKG can. Irregular Heartbeat, also known as Atrial Fibrillation or AFib, is a health condition that can be a precursor to serious cardiac events and stroke. Testing for AFib is a simple, but important process for older adults, and it's important to contact a doctor if you've experienced symptoms, which include heart palpitations, shortness of breath, and chest pain.

Some forms of AFib are harder to detect however, and having a heartbeat-enabled smartwatch might be a great tool for finding the condition sooner. A study funded by Apple in the New England Journal of Medicine found that smartwatches had the capacity to detect AFib, but weren't necessarily reliable in always detecting it. Of the 400,000 participants in the study, 52% received an alert from their smartwatch that they had experienced episodes of an irregular heartbeat after 117 days of monitoring. Of those that saw a doctor after the notification, it was found that 70% of them experienced irregular heartbeat after taking a long-term EKG test. This shows that smartwatches can be used to detect AFib, but they will not catch it in 100% of patients.

There's anecdotal evidence of smartwatches saving lives, but they're useless without the work of medical professionals. Smartwatches are a great way to monitor your heart rate and take an active step in understanding heart health, but they are not medical equipment. Smartwatches may be capable of detecting AFib, but they're not infallible, and no substitute for the advice of a trained cardiologist.

If you're experiencing uncomfortable symptoms like weakness, reduced ability to exercise, fatigue, light-headedness, shortness of breath, or chest pain, it's imperative to speak to a medical professional, regardless of whether you're wearing a smartwatch. AFib can be treated with a myriad of both invasive and non-invasive options, with blood thinners being a simple and effective solution for many patients, but it's important to consult a cardiologist early.

Q185. Which of the following is true about smart watches' role as per the passage?

- A. It is used as a widespread screen for atrial fibrillation
- B. It works as a generic barometer and cannot be deemed as a medical device
- C. It monitors and assess people comprehensively outside of the clinical setting
- D. It is majorly used by younger strata of the population
- E. None of these

Q186. What of the following best summarises the passage in one line?

- A. AFib is permanent, and medicines or other treatments can't restore a normal heart rhythm.
- B. How can smartwatches bypass the need of clinic laboratories?
- C. Using smartwatch to detect AFib cardiac arrest remedy.
- D. The watch is smart, but can't replace your doctor.
- E. Use of photoplethysmography to detect a heartbeat.

Q187. As per the passage, can smartwatches be used as a substitute for medical professionals?

- A. Yes, definitely
- B. Yes, partially
- C. No, definitely
- D. No, partially
- E. Cannot be determined

Q188. From the following, find the word which means similar to the word given in bold: PALPITATIONS

- A. closing
- B. stability
- C. retreat
- D. motionless
- E. thumping

Q189. From the following, find the word which means opposite to the word given in bold: INFALLIBLE

- A. errant
- B. apodictic
- C. efficacious
- D. impeccable
- E. uncanny

Q190. From the following, find the word which means opposite to the word given in bold: INVASIVE

- A. incursive
- B. defensive
- C. invading
- D. encroaching
- E. trespassing

Direction (Q191-Q193): Each question contains three statements, one or more of which may not be grammatically correct. You are required to identify the incorrect statements from the options given below and mark that as your answer.

Q191. I. The IMF has pressed Pakistan to improve tax revenue collection.

II. Pakistani rupee had depreciated by 30 percent again the U.S. dollar.

III. Pakistan's credit rating were downgraded by S&P, which cited diminished growth prospects.

- A. Only II
- B. Only I and II
- C. Only II and III
- D. Only III
- E. All are correct

Q192. I. The top auditor must recuse himself from auditing the deal.

II. The Congress has claimed that the previous deal includes a technology transfer agreement with HAL.

III. The NDA has not disclosed details of the price as of yet.

- A. Only II
- B. Only I and II
- C. Only I and III
- D. Only III
- E. All are correct

Q193. I. The Rafale issue was raised before the Supreme Court, which did not find any substance in the allegations.

II. Finance Secretary is only a designation given to the senior most secretary in the finance ministry.

III. Under the original proposal, 18 warplanes were to be procured in a fly-away condition.

- A. Only II
- B. Only I and II
- C. Only I and III
- D. Only III
- E. All are correct

Direction (Q194-Q198): In the following passage, some of the words have been made bold, each of which is preceded by a letter. Find the suitable word from the options given below that could replace the bold word so as to make the paragraph meaningful.

Former RBI Governor Raghuram Rajan's note of caution on the next financial crisis that could be building up needs to be taken in all ___A___ consideration. In his note to Parliament's Estimates Committee on bank non-performing assets (NPAs), Mr. Rajan has ___B___ established three major sources of potential trouble: Mudra credit, which is basically small-ticket loans granted to micro and small enterprises; ___C___ contributing to farmers through Kisan Credit Cards; and contingent liabilities under the Credit Guarantee Scheme for MSMEs, run by the Small Industries Development Bank of India. The disbursement under Mudra loans alone is ₹6.37 lakh crore, which is over 7% of the total outstanding bank credit. These loans have been ___D___ sanctioned under the Pradhan Mantri Mudra Yojana, which aims to 'fund the unfunded', and is a ___E___ signature scheme of the NDA government. Given that these are small loans up to Rs10 lakh each, with the borrowers mostly from the informal sector, banks have to monitor them very closely. It is debatable whether banks have the resources and manpower to do this when they are chasing the bigger borrowers for business and, increasingly these days, recoveries. The risk is that these small-ticket loans will drop under the radar and build into a large credit issue in course of time. The same logic holds true for crop loans made through Kisan Credit Cards.

Q194. Fill in the blank A.

- A. constitution
- B. yield
- C. seriousness
- D. stability
- E. no replacement required

Q195. Fill in the blank B.

- A. utilized
- B. determined
- C. flagged
- D. guessed
- E. No replacement required

Q196. Fill in the blank C.

- A. borrowing
- B. lending
- C. helping
- D. assisting
- E. no replacement required

Q197. Fill in the blank D.

- A. processed
- B. given
- C. distributed
- D. disturbed
- E. no replacement required

Q198. Fill in the blank E.

- A. promising
- B. loyal
- C. trademark
- D. capable
- E. no replacement required

Direction: In the question given below, a phrase/idiom is given is underlined followed by five sentences with some part of it as CAPITALS. You have to identify the sentence in which the bold part can be replaced by the given bold phrase/idiom to make the sentence grammatically and contextually correct.

Q199. Entered upon

- A. I have no time to ENGAGE IN tittle-tattle.
- B. The president has just MOVED ON another term of office
- C. There is a narrow bridge ahead, so you should EASE DOWN.
- D. She LAI D ASIDE her knitting to rest her eyes for a moment.
- E. He LAUNCHED INTO a long series of excuses for his behaviour

Direction: In the question given below, a phrase/idiom are given in BOLD followed by five sentences with some part of it as CAPITALS. You have to identify the sentence in which the bold part can be replaced by the given bold phrase/idiom to make the sentence grammatically and contextually correct.

Q200. Profit From

- A. When I tried to lift the cup, the handle CAME OFF.
- B. The army was PULLED OFF from the valley after the battle
- C. His protracted illness has PULLED HIM DOWN a lot.
- D. I have immensely SALVAGED FROM her sound advice
- E. He worked hard to PROVIDE for his family.

Q1. The Finance Ministry has extended the 'Emergency Credit Line Guarantee Scheme' (ECLGS) to support MSMEs engaged in travel, tourism and hospitality sectors to overcome the impact of the COVID-19 pandemic impact. The scheme will be expanded by _____ to ₹5 lakh crore.

- A. ₹25,000 crore
- B. ₹30,000 crore
- C. ₹35,000 crore
- D. ₹45,000 crore
- E. ₹50,000 crore

Q2. The Reserve Bank has announced a hike in cash reserve ratio (CRR) by 50 basis points to 4.5 per cent. It has been effective from _____.

- A. May 05, 2022
- B. May 14, 2022
- C. May 18, 2022
- D. May 21, 2022
- E. May 23, 2022

Q3. National Coal Miner's Day is observed on which date in India?

- A. May 2nd
- B. May 4th
- C. May 9th
- D. May 12th
- E. May 15th

Q4. According to the National Education Policy 2020, government aims to increase the public investment in the education sector from the current 4.3 per cent to reach _____ per cent of GDP at the earliest.

- A. 5.2
- B. 5.5
- C. 6.0
- D. 6.5
- E. 7.0

Q5. The Ministry of Corporate Affairs (MCA) has tightened the rules for Nidhi Companies, according to which company needs to have atleast 200 members and should have a net owned fund (NOF) of Rs _____.

- A. 15 lakh
- B. 18 lakh
- C. 20 lakh
- D. 25 lakh
- E. 30 lakh

Q6. Where is Louvre Museum located?

- A. France
- B. Italy
- C. Germany
- D. Netherlands
- E. Spain

Q7. How many member countries are there in the Organization for Economic Cooperation and Development (OECD)?

- A. 36
- B. 37
- C. 38
- D. 39
- E. 40

Q8. ISRO has announced to launch a spacecraft to orbit Venus, which is scheduled by _____.

- A. December 2023
- B. November 2024
- C. September 2023
- D. August 2024
- E. December 2024

Q9. Interest rate on employees' provident fund deposits was cut to a four-decade low of _____ per cent for the 2021-22 fiscal from 8.5 per cent in the previous year.

- A. 8.4%
- B. 8.3%
- C. 8.2%
- D. 8.1%
- E. 8.0%

Q10. Presently, _____ Debt Recovery Tribunals and 5 Debts Recovery Appellate Tribunals are functioning across the country.

- A. 33
- B. 36
- C. 39
- D. 41
- E. 47

Q11. As per data released by the Insurance Regulatory and Development Authority of India (IRDAI), _____ insurance company consolidated its position as the second-largest general insurance company with an 11% market share, up from 10% last year.

- A. HDFC Life
- B. ICICI Lombard
- C. Max Life Insurance
- D. PNB Metlife
- E. Reliance General Insurance

Q12. Ministry of Social Justice has recently launched the DACE Scheme from BHU, Uttar Pradesh. What does 'E' stand for in the acronym DACE?

- A. Excellence
- B. Empowerment
- C. Encouragement
- D. Entrepreneurship
- E. Employment

Q13. Dabang Delhi KC beat _____ to win the Pro Kabaddi League Season 8 Champions.

- A. Telugu Titans
- B. Patna Pirates
- C. Puneri Paltan
- D. Bengaluru Bulls
- E. Bengal Warriors

Q14. The Singareni Collieries Company Limited (SCCL) is a Government coal mining company jointly owned by the Government of _____ and Government of India on a 51:49 equity basis.

- A. Andhra Pradesh
- B. Karnataka
- C. Odisha
- D. Telangana
- E. Maharashtra

Q15. The Union Cabinet approved an additional subsidy of Rs. _____ crore for phosphate-based fertilisers for the upcoming kharif season (April-September), seeking to shield farmers from any additional burden due to a sharp increase in input costs globally.

- A. Rs. 35,935
- B. Rs. 38,938
- C. Rs. 69,939
- D. Rs. 45,945
- E. Rs. 50,955

Q16. India's monthly merchandise exports remained above US\$ _____ billion for the first time, during FY 2021 – 2022.

- A. 38
- B. 40
- C. 43
- D. 47
- E. 49

Q17. Centre has recently (April 2022) launched "Azadi Se Antyodaya Tak campaign", which is a _____ day campaign, with a mission to saturate 75 districts.

- A. 75
- B. 90
- C. 120
- D. 130
- E. 150

Q18. Monthly Premium made by India citizen at 18 years of age, under Atal Pension Yojana, opting for Rs. 5000 monthly pension after attaining 60 years of age, is Rs. _____.

- A. 185
- B. 210
- C. 225
- D. 305
- E. 324

Q19. Which airport has bagged the 'Covid champion' award at Wings India 2022, which is Asia's largest event on civil aviation jointly organised by the Ministry of Civil Aviation and FICCI?

- A. Delhi International Airport Limited (DIAL)
- B. Sardar Vallabhbhai Patel International Airport
- C. Lokpriya Gopinath Bordoloi International Airport
- D. Chhatrapati Shivaji Maharaj International Airport
- E. Cochin International Airport Limited (CIAL)

Q20. Which state won the final match of “Santosh Trophy”, one of India's oldest football tournaments, held recently at the Manjeri Payyanad Stadium?

- A. Kerala
- B. Gujarat
- C. Tamil Nadu
- D. Madhya Pradesh
- E. Meghalaya

Q21. According to the National Family Health Survey (NFHS) conducted in 2019-21, India's sex ratio in urban areas is _____ females per every 1,000 males and _____ females per every 1,000 males in rural areas.

- A. 958, 984
- B. 967, 997
- C. 985, 1037
- D. 979, 1019
- E. 972, 1026

Q22. Recently, the State of the World's Forests 2022 (SOFO 2022) was released by the _____.

- A. United Nations Environment Programme (UNEP)
- B. United Nations Development Programme (UNDP)
- C. United Nations Food and Agriculture Organization (FAO)
- D. International Union for Conservation of Nature (IUCN)
- E. Intergovernmental Panel on Climate Change (IPCC)

Q23. The Geological Survey of India (GSI) has approved the setting up of the country's first geo park at Lamheta village, in which state of India?

- A. Rajasthan
- B. Madhya Pradesh
- C. Jharkhand
- D. Uttar Pradesh
- E. West Bengal

Q24. India's wave of unicorns reaches an all-time high with Open – a _____ becoming the 100th unicorn in the country.

- A. e-Commerce Platform
- B. Fintech Neobank
- C. Social Startup
- D. Lifestyle brand
- E. Online fashion brand

Q25. Federal Reserves System, also known as FED has recently got new chair of the Board of Governors for a term ending May 15, 2026. Federal Reserve was created in the year ____.

- A. 1905
- B. 1908
- C. 1913
- D. 1919
- E. 1929

Q26. _____ has recently expanded its strategic partnership with SBI Cards and Payments Services Ltd to power the company's next leg of digital transformation.

- A. Infosys Ltd
- B. Wipro Ltd
- C. Tata Consultancy Services (TCS)
- D. HCL Technologies
- E. Tech Mahindra

Q27. Consider the following statements about the Insolvency and Bankruptcy Code (IBS) 2016, and find out the correct statement –

- 1. These Regulations shall apply to the corporate insolvency resolution process.**
- 2. An insolvency professional shall be eligible to be appointed as a resolution professional for a corporate insolvency resolution process of a corporate debtor.**
- 3. A resolution professional shall make disclosures at the time of his appointment and thereafter in accordance with the Code of Conduct.**

- A. 1 and 2
- B. 2 and 3
- C. 1 and 2
- D. 1, 2 and 3
- E. None of the above

Q28. Germany has recently committed to provide additional support worth Euro 10 billion to India by the year _____ to support green growth initiatives.

- A. 2026
- B. 2027
- C. 2028
- D. 2029
- E. 2030

Q29. RBI has recently decided to increase the repo rate by 40 basis points (bps) in an off-cycle meeting in May 2022, citing inflation concerns. This is followed by a reduction in the policy repo rate by _____ basis points in March 2020, followed by reduction of 40 basis points in _____.

- A. 50, May 2020
- B. 75, July 2020
- C. 75, May 2020
- D. 45, September 2020
- E. 50, July 2020

Q30. Consider the following statements about PMJDY, and find out the correct one –

- 1. Overdraft limit doubled from Rs 5,000/- to Rs 10,000/**
- 2. Free accidental insurance cover on RuPay cards increased from Rs. 1 lakh to Rs. 2 lakh for PMJDY accounts.**
- 3. The person should normally be head of the family or an earning member of the family and should be in the age group of 18 to 70.**

- A. Only 1 and 3
- B. Only 2 and 3
- C. Only 1 and 2
- D. 1, 2 and 3
- E. None of the above

Q31. What is the theme of World Water Day 2022?

- A. Nature for Water
- B. Leaving No One Behind
- C. Water and Climate Change
- D. Valuing Water
- E. Groundwater: making the invisible visible

Q32. City of Guadalajara has been named World Book Capital for the year 2022. It belongs to which country?

- A. Taiwan
- B. Mexico
- C. Brazil
- D. Morocco
- E. Indonesia

Q33. India's only BIS-approved national flag manufacturing unit is located in which of the following state?

- A. Telangana
- B. Karnataka
- C. Gujarat
- D. Kerala
- E. Tamil Nadu

Q34. The Regional Rural Banks Act, 1976 mainly provides for the incorporation, regulation and winding up of Regional Rural Banks (RRBs). The Act mandates that of the capital issued by a RRB, ___% shall be held by the central government, ___% by the concerned state government and ___% by the sponsor bank.

- A. 35:50:15
- B. 35:15:50
- C. 50:35:15
- D. 50:15:35
- E. 15:35:50

Q35. What is the full form of UNCED?

- A. United Nations Conference on Environment and Development
- B. United Nations Convention on Environment and Development
- C. United Nations Conference on Employment and Demographics
- D. United Nations Convention on Empowerment and Development
- E. United Nations Conference on Energy and Development

Q36. The government has allocated Rs _____ for Pradhan Mantri Kisan Samman Nidhi (PM-Kisan) in the Union Budget 2022-23, which is _____ higher than the Budget Estimates of Rs 65,000 crore for 2021-22?

- A. 60,000 crore, 4.2%
- B. 55,000 crore, 7.3%
- C. 68,000 crore, 4.6%
- D. 72,000 crore, 5.4%
- E. 80,000 crore, 8.9%

Q37. India's Services exports for the first time has cross the targeted USD _____ mark in the financial year 2021-2022.

- F. 200 Billion
- G. 220 Billion
- H. 230 Billion
- I. 240 Billion
- J. 250 Billion

Q38. Who among the following has recently been appointed as (May 2022) the Google Policy Head in India?

- A. Avinash Saha
- B. Rajeev Kumar
- C. Archana Gulati
- D. Sundar Arora
- E. Girish Mathur

Q39. Which of the following statements are correct with respect to National Apprenticeship Training Scheme.

1. It was launched in 2016.
2. It has been extended till 2026.
3. It comes under Ministry of Skill Development and Entrepreneurship.
4. It provides Rs 9000 per month allowance to graduates and diploma holders in engineering, science and business.

- A. Only 1, 2 and 3
- B. Only 1, 2 and 4
- C. Only 2, 3 and 4
- D. Only 1, 3 and 4
- E. All of the above

Q40. Delimitation Commission for which of the following States/UTs has submitted its final report in May 2022?

- A. Ladakh
- B. Uttarakhand
- C. Jammu and Kashmir
- D. Rajasthan
- E. Arunachal Pradesh

Q41. Which among the following statement is/are correct about the PM SVANidhi scheme?

1. The Scheme has been extended till 2024.
2. The approval is expected to benefit nearly 1.2 crore citizens of Urban India.
3. The loan amount under the scheme has increased the loan amount to Rs. 10000 crore

- A. 1 and 2 only
- B. 1 and 3 only
- C. 2 and 3 only
- D. 1, 2 and 3
- E. None of the above

Q42. Which of the following Oil and Marketing Companies (OMC) has recently (May, 2022) launched M15 petrol?

- A. IOCL
- B. BPCL
- C. HPCL
- D. Nayara Energy
- E. Reliance Petroleum

Q43. Recently (April 2022), Indian Air Force in collaboration with which of the following companies has taken a leap forward in fuel supply chain management by introducing a 'Fleet Card - Fuel on Move' for its varied fleet of vehicles?

- A. Bharat Petroleum
- B. Hindustan Petroleum
- C. Indian Oil Corporation
- D. Oil and Natural Gas Corporation
- E. Oil India Limited

Q44. Which among the following country will host World Environment Day 2022 in June 2022?

- A. Switzerland
- B. Sweden
- C. Finland
- D. Norway
- E. Italy

Q45. Nand Mulchandani has been appointed as Chief Technology Officer of _____.

- A. Federal Bureau of Investigation (FBI)
- B. European Space Agency
- C. National Investigation Agency (NIA)
- D. Central Investigation Agency (CIA)
- E. Interpol

Q46. According to Gold Monetization Schemes 2015, the Medium-Term Government Deposit (MTGD) can be withdrawn after _____ years.

- A. 3 years
- B. 4 years
- C. 5 years
- D. 6 years
- E. 7 years

Q47. Which among the following state has opened the country's first Greenfield grain-based ethanol plant?

- A. Bihar
- B. Gujarat
- C. Odisha
- D. Madhya Pradesh
- E. Telangana

Q48. "My Country My Life " is an autobiography of _____.

- A. Sheela Dixit
- B. Atal Bihari Vajpayee
- C. Lal Krishna Advani
- D. Jaswant Singh
- E. Manmohan Singh

Q49. Which among the following is not among the top five sectors of National Monetization Pipeline?

- A. Roads
- B. Railways
- C. Power
- D. Telecom
- E. Solar Energy

Q50. According to National Infrastructure Pipeline, which among the following sector is not among the top 4 sectors as per the sector-wise annual projected capital expenditure?

- A. Energy
- B. Urban
- C. Social Infrastructure
- D. Railways
- E. Roads

Q51. GST Revenue collection has crossed 1.5 lakh crore for the first time in _____.

- A. March 2022
- B. April 2022
- C. May 2022
- D. January 2022
- E. February 2022

Q52. Recently (March 2022), which among the following Automatic Train Protection (ATP) System has been developed by Indian Railway on its own?

- A. KAVACH
- B. Trishool
- C. Dhaal
- D. PRAHAR
- E. None of the above

Q53. ASEEM Portal is related to_____.

- A. Livelihood and Employment
- B. Prevention of Human Trafficking
- C. Bootstrap startups
- D. Rural Development
- E. Promotion of MSMEs

Q54. The main objective of DESH Stack e Portal is to provide skilling, upskilling and reskilling opportunities through API-based platforms. In DESH what does 'E' stands for?

- A. Employment
- B. Encouragement
- C. Empowerment
- D. Ecosystem
- E. Enlightenment

Q55. The Reserve Bank of India and _____ have announced the project to link Unified Payments Interface and PayNow for faster transactions. The UPI-PayNow linkage is targeted for operationalisation by July 2022.

- A. Myanmar
- B. Maldives
- C. Germany
- D. Singapore
- E. Vietnam

Q56. National Forensic Science University has been set up under which among the following ministry?

- A. Ministry of Science and Technology
- B. Ministry of Home Affairs
- C. Ministry of Finance
- D. Ministry of Health and Family Welfare
- E. Prime Minister's Office

Q57. Cyclone Asani, which developed over southeast regions of Bay of Bengal and intensified into a 'severe cyclone' was named by _____.

- A. Bangladesh
- B. Myanmar
- C. Sri Lanka
- D. Thailand
- E. Indonesia

Q58. Financial Stability Board represents which of the following organization?

- A. SCO
- B. G-7
- C. G-20
- D. ASEAN
- E. BIMSTEC

Q59. Which of the following statement is/are correct about interest rate and bond price?

1. Interest rate is negatively related to bond prices.
2. If interest rate and yield is rising bond prices will fall.
3. Interest rate positively related to bond prices.

- A. Only 1 and 3
- B. Only 1 and 2
- C. Only 2 and 3
- D. All 1, 2 and 3
- E. None of the above

Q60. India has recently become the only country to adopt the T+1 settlement system after _____.

- A. China
- B. Russia
- C. United States of America
- D. Germany
- E. Canada

Q61. T Raja Kumar, a senior advisor at MHA, has been appointed as the president of the Financial Action Task Force (FATF), the global money laundering and terrorism financing watchdog. He is from which country?

- A. Nepal
- B. Bhutan
- C. Singapore
- D. Sri Lanka
- E. Thailand

Q62. The Sagarmala programme is the flagship programme of the Ministry of Shipping to promote port-led development in the country through _____ of potentially navigable waterways maritime trade routes.

- A. 7500 km
- B. 8600 km
- C. 12300 km
- D. 13750 km
- E. 14500 km

Q63. What is India's Rank in Global Fisheries Protection?

- A. 1st
- B. 2nd
- C. 3rd
- D. 4th
- E. 5th

Q64. Which of the following has won the 'Khelo India University Games 2021'?

- A. JAIN University
- B. Lovely Professional University
- C. Punjab University
- D. Shivaji University
- E. University of Calicut

Q65. The World Forestry Congress (WFC) is held every six years since 1926 under the auspices of the _____, in association with the government of the host country.

- A. Food and Agriculture Organization of the United Nations (FAO)
- B. United Nations Environment Programme (UNEP)
- C. Conservation International
- D. Worldwide fund for Nature (WWF)
- E. Greenpeace

Q66. When was BIMSTEC formed?

- A. 1991
- B. 1995
- C. 1997
- D. 2001
- E. 2004

Q67. In India, the second largest provider of employment after agriculture is:

- A. Textile Sector
- B. Real Estate
- C. Manufacturing
- D. Services Sector
- E. Railways

Q68. Ministry of Culture has organised PAN India Programme "Jharokha" in how many States?

- A. 10
- B. 11
- C. 12
- D. 13
- E. 15

Q69. Which of the following has launched the first Exchange Traded 'Bharat Bond'?

- A. ICICI Prudential
- B. Aditya Birla Capital
- C. Edelweiss
- D. HDFC Capital
- E. National Stock Exchange

Q70. According to Union Budget 2022-23, how much amount of Fund has been allocated for Jal Jeevan Mission?

- A. Rs. 40,000 crore
- B. Rs. 50,000 crore
- C. Rs. 35,000 crore
- D. Rs. 60,000 crore
- E. Rs. 68,000 crore

Q71. Which of the following is part of the Memorandum of Company Act?

- 1. The objective of the Company**
- 2. State in which the company is located**
- 3. This clause states the liability of the members of the company. The Liability can be limited or unlimited**
- 4. The name of the company should be stated in this clause.**

- A. 1, 2 and 3
- B. 1, 2 and 4
- C. 2, 3 and 4
- D. 1, 3 and 4
- E. 1, 2, 3 and 4

Q72. Under which of the following conditions does the DICGC give money to the liquidator?

- 1. If a bank goes into liquidation.**
- 2. If a bank is reconstructed or amalgamated/merged with another bank**
- 3. If the bank wishes to withdraw from the DICGC**

- A. Only 1 and 2
- B. Only 2 and 3
- C. Only 1 and 3
- D. 1, 2 and 3
- E. None of the above

Q73. An exchange rate system got implemented after World War 2. This system was accepted on the basis of which declaration?

- A. Bretton Woods
- B. Marrakesh Agreement
- C. International Finance Agreement
- D. Foreign Account Tax Compliance
- E. None of the above

Q74. Which of the following is not among the baseline assumptions of the monetary policy committee of April 2022?

- 1. Normal monsoon in 2022**
- 2. Average crude oil price (Indian basket) of US\$ 95 per barrel**
- 3. Inflation at 5.7% in 2022-23**

- A. Only 1
- B. Only 2
- C. Only 3
- D. 1 and 3
- E. 2 and 3

Q75. Indian peacekeepers has been awarded UN medals for outstanding performance, for serving in which of the following country?

- A. Ghana
- B. Caribbean Island
- C. South Sudan
- D. Syria
- E. Mongolia

Q76. How many members in the monetary policy committee of Reserve Bank of India are appointed by the Government of India?

- A. 1
- B. 2
- C. 3
- D. 4
- E. 5

Q77. National Centre for Financial Education (NCFE), a non profit organization was set up under which section of the company act 2013?

- A. Section 5
- B. Section 6
- C. Section 7
- D. Section 8
- E. None of the above

Q78. Government of India is selling 100% stake in AI, ____% stake in AI Express Limited (AIXL) and all of the government's ____% stake in AI-SATS, which is a joint venture with Singapore-based ground handling company SATS Limited.

- A. 75, 50
- B. 75, 75
- C. 100, 50
- D. 100, 75
- E. 100, 100

Q79. Which among the following telecommunication company has joined the SEA-ME-WE-6 undersea cable consortium to scale up its high-speed global network capacity and serve India's fast growing digital economy?

- A. Reliance Jio
- B. Bharti Airtel
- C. Vodafone-Idea
- D. BSNL
- E. None of the above

Q80. As per State of World's Forests (SOFO) 2022, forests cover ____% of the global land area.

- A. 29%
- B. 31%
- C. 33%
- D. 27%
- E. 26%

Quantitative Aptitude

Direction (81-83): In the following questions three equations are given in variables x . Third equation is equal to the sum of the first two equations. You have to solve the questions based on given information.

I. $ax^2 + bx + 4 = 0$

II. $ax^2 + 3x + c = 0$

III. $2x^2 + 7x + \sqrt{49 - 13} = 0$

Note: Equation III = Equation I + Equation II

Q81. What is the value of $(b + c)$?

- A. 9
- B. 7
- C. 15
- D. 6
- E. 10

Q82. What is the product of the roots of equation III.

- A. 3
- B. 16
- C. 22
- D. 14
- E. 8

Q83. What is the square of the larger root of equation II?

- A. 1
- B. 25
- C. 16
- D. 9
- E. 4

Q84. Lateral surface area of a cube is 420 cm^2 less than the lateral surface area of a cylinder. Height of cylinder is $2R \text{ cm}$ and radius is $R \text{ cm}$. If the side of cube is equal to the radius of cylinder, find the approximate area of a circle whose radius is $(R+3) \text{ cm}$.

- A. 628 cm^2
- B. 314 cm^2
- C. 289 cm^2
- D. 356 cm^2
- E. 414 cm^2

Direction (85-86): Each question below contains a statement followed by Quantity I and Quantity II. You have to study the information along with the question and compare the value derived from Quantity I and Quantity II, then answer:

Q85. Quantity I: Value of 'p' such that $(\sqrt{a^p})^2 = \frac{a^4}{\sqrt{a^{16}}}$

Quantity II: 1

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \geq Quantity II
- D. Quantity I \leq Quantity II
- E. Quantity I = Quantity II or no relation

Q86. Quantity I: $\frac{a^3 - b^3}{a - b} - 3ab$

Quantity II: 1 $-\frac{1}{a} - \frac{1}{b}$

Note: $a > 1 > b > 0$

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \geq Quantity II
- D. Quantity I \leq Quantity II
- E. Quantity I = Quantity II or no relation

Direction: In the following question two equations are given in variables x and y. You have to solve these equations and determine the relation between x and y

Q87. I. $x^2 + 7x + 12 = 0$

II. $y^2 + 8y + 15 = 0$

- A. $x > y$
- B. $x < y$
- C. $x \geq y$
- D. $x \leq y$
- E. $x = y$ or no relation between x and y

Direction (88-92): Information regarding five different shops A, B, C, D, and E is given below. Each shop sells blue and red pens. Some data is missing which you have to calculate according to the question.

Shop	Number of Pens sold (Blue + Red)	Total Selling Price of pens
A	55	--
B	62	1080
C	--	--
D	51	--
E	--	1450

Selling Price of Blue pen = Rs. 20 and Red = Rs. 15 respectively.

Q88. Find the ratio of the number of blue pens to number of red pens sold by shop B.

- A. 16:15
- B. 11:15
- C. 15:16
- D. 12:13
- E. 13:12

Q89. Ratio between number of blue pens sold by shop A and number of red pens sold by shop A is 3:2. If total selling price obtained by shop C is Rs 50 less than that obtained by shop A and number of blue pens sold by shop C is 5 more than red pens sold then, number of red pens sold by shop C is?

- A. 24
- B. 28
- C. 21
- D. 31
- E. 34

Q90. If the ratio of total selling price of shop B and shop D is in the ratio 108:89 respectively. Then find the difference between the number of blue and red pens sold by shop D.

- A. 6
- B. 11
- C. 9
- D. 1
- E. 15

Q91. If the sum of total selling priced of shop D and E is Rs. 2340 and the average of the red pens sold by these two shops is 30. Then find the number of blue pens sold by shop E.

- A. 61
- B. 59
- C. 41
- D. 57
- E. 47

Q92. Find the average number of red pens sold by shop D, B and shop E together if the total selling price of shop D is $8\frac{1}{3}\%$ less than that of shop B and the ratio between blue pen sold by shop B and E is 30:47?

- A. 27
- B. 30
- C. 24
- D. 29
- E. 22

Direction (93-95): A series is given below where the first term is marked as (a), the second as (b), third as (c) and so on.

Series – 100, 95, 105, 88, 114, ?

(a) (b) (c) (d) (e) (f)

Q93. What is the value of '(f)'?

- A. 67
- B. 87
- C. 77
- D. 74
- E. 81

Q94. If a new series is made following the same pattern of the above series, where (a) is the third term, (b) is the fourth term, (c) is the fifth term and so on. Then find the second term of such a series.

- A. 99
- B. 98
- C. 102
- D. 111
- E. None of the above

Q95. What minimum number should be added to the 'f+20' to get to the nearest perfect square.

- A. 4
- B. 1
- C. 7
- D. 3
- E. 6

Direction (96-100): Read the following information carefully and answer the questions based on it.

In a locality there are four buildings namely A, B, C, and D. Each building has a certain number of floors. Each floor has a certain number of flats and each flat has a certain number of people living in it. The information about each building is given below.

Building A: The number of floors in building A is same as number of floors in building C. The number of flats per floor in is equal to the product of the smallest and the second smallest prime numbers. The total number of people living in building A is $\sqrt{1764}$.

Building B: The number of floors in building B is one less than the sum of flats per floor in building A and C. The number of flats per floor in building B is the same as the number of floors in building A. The total number of people in building B is $6\frac{2}{3}$ time the number of people in building A.

Building C: The number of floors in building is $\sqrt[4]{2401}$. The number of flats per floor in building C is one less than the number of flats per floor in building A. The number of people per flat in

building C is four times more than the number of people per flat in building A. The total number of people in the building is 175.

Building D: The number of floors in building D is 9. The number of people per flat in building D is 60% of the number of people per flat in building C. The total number of people in building D is 108.

Note - The total number of people living in a particular building = No. of floors in the building x No. of flats on each floor x No. of people per flat.

Q96. What is the ratio of sum of total number of people living in building A and C to the sum of the people living in building B and D?

- A. 217:398
- B. 217:388
- C. 219:388
- D. 219:398
- E. None of the above

Q97. The number of people living in building C is how much percentage less than the number of people living in building B?

- A. 50%
- B. 40%
- C. 34%
- D. 42.5%
- E. 37.5%

Q98. Which among the four building has the highest number of flats and how many?

- A. C, 35
- B. A, 42
- C. B, 70
- D. C, 45
- E. D, 36

Q99. If there is another build E where the number of floors is 70% of the number of floors in building B, the number of flats per floor is $\frac{1}{3}$ rd more than the number of flats per floor in building A and the total number of people in the building is 280. Then find the number people per flat in building E.

- A. 4
- B. 2
- C. 7
- D. 3
- E. 5

Q100. In the given options below the building and the corresponding number of people per floor is given. Find out which of the following option is right i.e., where the number of people per floor is correctly matched with the building name.

- I. A – 6, D – 12, B – 28
- II. B – 38, D – 12,
- III. C – 25, A – 6, D – 12
- A. Only I
- B. Only III
- C. Only I and III
- D. Only II and III
- E. Only I and II

Q101. Rs. 13000 was invested for 2 years in scheme A which offers compound interest, and the rate of interest ___% per annum. The amount received after 2 years from scheme A is Rs. 15,730. What approximate amount is received on investing the amount obtained from scheme A again in a different scheme B for 2 years where the interest rate of scheme B is twice the rate of interest of scheme A?

- I. 10%, Rs 22,651
- II. 12%, Rs 23,784
- III. 15%, Rs 26,584
- A. Only I
- B. Only II
- C. Only I and II
- D. Only I and III
- E. All I, II and III

Q102. Navya buys two articles A and B at the same cost price Rs. P. Then, she marks up both articles by 75% above their cost price. Then, she sold article A at Rs. 268 discount and article B at 20% discount. Then, which of the following statement(s) is/are definitely correct:

I: The profit earned by selling article B is greater than that by article A.

II: Discount percent given on article A is more than that in B

III: She earned equal profits by selling both the articles.

- A. Only I
- B. Only II
- C. Both I and II
- D. Only III
- E. None of the above

Q103. Arun invested a certain sum of money at a rate of interest ___% for ___ years. If the ratio of the amount to interest is 216:91. Then find the rate of interest and time for which Arun invested the money.

I: 10%, 2 years

II: 20%, 3 years

III: 25%, 3 years

- A. Only I
- B. Only II
- C. Both I and II
- D. Both II and III
- E. All I, II and III

Q104. A boat travels from town A to town B and then goes from town B to town C. Going from town A the boat reached B which is ___ km away in 5 hours while travelling downstream. Then the boats leave town B for C which is ___ km away from town B and reaches town C after 7 hours while travelling upstream. The ratio of the speed of boat to speed of stream is 8:1. (Note – Assume the speed of boat and stream is constant for both journeys)

I. 135 km, 147 km

II. 120 km, 147 km

III. 180 km, 196 km

- A. Only II
- B. Only III
- C. Both I and II
- D. Both I and III
- E. Both II and III

Q105. Maya's monthly salary is 60% more than that of Swevi. Both Swevi and Maya, out of their respective monthly salary, pay equal sum towards EMI. Out of remaining monthly salary, Maya and Swevi, spend a certain amount towards house rent. Amount that Swevi pays towards EMI is 20% of her monthly salary. Amount that Maya pays towards house rent is 'x' times of that she pays towards EMI.

I: Find the total savings of Maya if her expenditure on EMI and house rent is just half of total salary. Also, EMI expense of Swevi is Rs 30000. It is to be assumed that Maya and Swevi had only two expenses from their salaries i.e., EMI and house rent.

II: Difference between house rents paid by Maya and Swevi is Rs 10000. House rent paid by Maya is Rs 6000 more than EMI paid by her. If house rent paid by Swevi is 33.33% of EMI paid by Maya, then, salary of Maya is?

- A. Rs. 30000, Rs. 36000
- B. Rs. 45000, Rs. 60000
- C. Rs. 120000, Rs. 48000
- D. Rs. 75000, Rs. 48000
- E. Rs. 135000, Rs. 60000

Direction (106-110): Five companies A, B, C, D and E manufacture bookshelves. Pie chart given below shows the distribution of total bookshelves manufactured by all 5 companies. The table here represents percentage distribution of unsold bookshelves of different companies.

Note:

1. The value of x is 26 degrees greater than that of B.
2. Bookshelves manufactured by D is 1160.
3. Total manufactured bookshelves = sold bookshelves + unsold bookshelves

COMPANY	Percentage Distribution
A	3P%
B	10%
C	4P%
D	20%
E	35%

Q106. Find the value of $11P - \frac{3}{7}y + \frac{x}{29}$

- A. 53
- B. 51
- C. 47
- D. 59
- E. 41

Q107. Find the difference between the unsold bookshelves of company B and average number of bookshelves sold by companies D and C.

- A. 621
- B. 595
- C. 610
- D. 630
- E. None of the above

Q108. Find the difference between the average unsold bookshelves of company A and B and the average of sold bookshelves of company C and D.

- A. 516
- B. 618
- C. 628
- D. 544
- E. None of the above

Q109. If there is another company F which manufactures 60% more bookshelves than company C and the number of unsold bookshelves for that company is 37.5% of the bookshelves manufactured by company F. Then find the number of bookshelves sold by company E?

- A. 684
- B. 712
- C. 625
- D. 610
- E. 640

Q110. If half of the unsold bookshelves manufactured by all the companies are defective. Then find the ratio of sum of defective bookshelves from company B and D to sum of defective bookshelves from company A and C.

- A. 161:121
- B. 161:123
- C. 173:121
- D. 170:123
- E. None of the above

Reasoning

Directions (111-113): Study the following information carefully and answer the question given below.

There are 7 persons in the family P, Q, R, S, T, U, and V. V is the father-in-law of U. U has a brother P. P is the brother-in-law of T. V has only 2 children. U is elder than P but younger than R. S is the grandmother of Q. T is the father of Q. Ages of S is 41 which is 10 more than V. Age of P is 23.

Note: It is to be assumed husband is elder than the wife.

Q111. How is S related to Q?

- A. Paternal grandfather
- B. Paternal grandmother
- C. Maternal grandmother
- D. Maternal grandfather
- E. None of these

Q112. How is V related to S?

- A. Husband
- B. Wife
- C. Son
- D. Daughter
- E. None of these

Q113. what is the possible age of R?

- A. 42
- B. 32
- C. 29
- D. 35
- E. 22

Directions (114-118): Study the following information carefully and answer the question given below.

There are 9 persons A, B, C, D, E, F, G, H, I living in 3 flats P, Q, and R. Flat P is to the west of Flat Q and Flat R is to the east of Flat Q. Each flat has 3 floors numbered 1 to 3 from bottom to top respectively. All the people are from a different country viz India, Pakistan, China, Russia, USA, UK, South Africa, UAE, and Singapore but not necessarily in the same order.

No person is to the left of the person who is from USA. There is a gap of 1 floor between the person from USA and China but they not live in same flat. Person A is from India and Person H is not from South Africa. Person G lives in flat R. Person H is from UK and lives in flat R. Person from South Africa lives in floor 2. Person from UAE doesn't live in flat R. Person from China and Russia lives in same flat. There is a gap of 1 floor between person from Pakistan and UAE and they live in different flats. Person E and C lives on top floor. Person from Singapore lives on Top floor in flat Q. Person E is not from Singapore. Person A and the one who is from UK lives in same floor but not in same flat. There is one floor above and below

the person from UK. Person from UAE lives in first floor. Person B is south of Person E. Person from Russia is in the east of person from UAE. Person from India lives immediate south of the person from Singapore. Person F lives in flat P above the person B. D is from Russia. Person from China doesn't live on first floor.

Q114. G is from which country?

- A. China
- B. Russia
- C. Singapore
- D. UAE
- E. Pakistan

Q115. USA lives in which floor and flat.

- A. Floor 3 and Flat R
- B. Floor 3 and Flat P
- C. Floor 1 and Flat R
- D. Floor 1 and Flat Q
- E. None of these

Q116. Find the one which is not right.

- A. E- Pakistan- Flat P
- B. I- UAE- Flat P
- C. A- India- Flat Q
- D. C- Singapore- Floor 3
- E. F- South Africa- floor 2

Q117. Which of the following is true?

- A. A- South Africa
- B. Pakistan- floor1
- C. Russia- floor 3
- D. B- USA
- E. G- Flat Q

Q118. Who lives below the person from Russia?

- A. E
- B. Person from UAE
- C. No one
- D. Person from India
- E. B

Directions (119): Study the following information carefully and answer the conclusions that don't follow?

Q119. Statement: Some carroms are wood. Some woods are games. All Cricket is game. No game is fruit. Only A few veggies are fruits.

Conclusion I: All woods being veggies is a possibility

Conclusion II: All veggies can be fruits.

Conclusion III: At least some cricket is wood.

- A. Only Conclusion I
- B. Only conclusion I and II
- C. Only conclusions I and III
- D. Only conclusions II and III
- E. All Conclusion I, II and III

Directions (120): Study the following information carefully and answer the conclusions that follow?

Q120. Only a few cats are lions. Some lions are female. All cats are males.

Conclusion I: All cats being lions is a possibility.

Conclusion II: All females being cat is a possibility

Conclusion III: At least some lions are males

- A. Only Conclusion I
- B. Only conclusion I and II
- C. Only conclusions III
- D. Only conclusions II and III
- E. None follows

Directions (121): In these questions, a relationship between different elements is shown in the statements. These statements are followed by two conclusions. Give answer -

M&N means M is neither greater than nor equal to N

M%N means M is neither smaller than nor greater than N

M*N means M is not greater N

M\$N means M is greater than N

M@N means M is either greater than or equal to N

Q121. Which of the following will make S>P definitely true?

I: P\$E@I*S%M

II: I%L@P%K*G*S

III: B*P%Y&N*S

- A. If only Conclusion I follows
- B. If only conclusion II follows
- C. If both Conclusion I and II follows
- D. If only conclusion III follows
- E. If both the conclusion I and III follows.

Q122. In which of the following $K>T$ is definitely true and $K>L$ definitely false?

- A. $H>G>K=P\leq Q\leq R=N$; $L=C\geq E=N\leq Y<W$; $F<I<Z>G>T=S\geq B$
- B. $H>G<K=P\leq Q\leq R=N$; $L=C\geq E>N\leq Y<W$; $F<I<Z>G<T=S\geq B$
- C. $H>G<K=P\leq Q\leq R=N$; $L=C\geq E>N\leq Y<W$; $F<I<Z>G>T=S\geq B$
- D. $H>G\leq K=P\leq Q\leq R=N$; $L=C\geq E\leq N\leq Y<W$; $F<I<Z>G\geq T=S\geq B$
- E. none of these

Directions (123): Study the following information carefully and answer the conclusions that follow?

Q123. Statement: Only fish is water. Some fish is not aquatic. All aquatic is sea. No sea is lakes. Some lakes are waterfalls

Conclusion I: All fish can be waterfall.

Conclusion II: Some waterfall can be aquatic

Conclusion III: All sea can be fish

- A. If only Conclusion I follows
- B. If only conclusion II follows
- C. If both Conclusion I and II follows
- D. If both conclusion I and III follows
- E. If both conclusion II and III follows.

Directions (124): In the question given below a passage is given followed by three statements. Read it carefully and answer the question that follows.

China is still only a middle-income country with a per capita income just above \$10,000, one-sixth of the USA's. It will surely keep rising for a long time. But after it becomes a high-income country with a per capita income of \$20,000-30,000, it will stumble and stagnate unless its political system becomes more flexible.

I. China follows the model of the original four Asian Tigers – Singapore, Korea, Taiwan, and Hong Kong.

II. China has become hegemon of the 21st century.

III. The Chinese model is far superior and will flourish much longer.

Q124. Which of the following inference can be drawn?

- A. only I & III
- B. only III
- C. only I
- D. only II & III
- E. None

Directions (125-129): Study the following information carefully and answer the question given below:

When a word and number arrangement machine is given an input line of words and numbers, it arranges them following a particular rule. The following is an illustration of an input and its rearrangement.

Input: steno 89 bike 17 Map 46 dog 67 Tame 55 Yak 24 Light 96

Step I: 18 steno 89 bike Map 46 dog 67 tame 55 24 light 96 xyak

Step II: cike 18 steno 89 map 46 dog 67 tame 55 24 light xyak 95

Step III: 23 cike 18 steno 89 map 46 dog 67 55 light xyak 95 uame
Step IV: cdog 23 cike 18 steno map 46 67 55 light xyak 95 uame 90
Step V: 45 cdog 23 cike 18 map 67 55 light xyak 95 uame 90 tteno
Step VI: klight 45 cdog 23 cike 18 map 55 xyak 95 uame 90 tteno 68
Step VII: 56 klight 45 cdog 23 cike 18 xyak 95 uame 90 tteno 68 lmap

And step VII is the last step of the above arrangement as the intended arrangement is obtained. As per the rules followed in the given steps, find out the appropriate steps for the given input.

Input: Car 11 Pack 62 Ignite 83 Too 48 Draw 29 Adieu 74 noon 33

Q125. Which element is third to the right of the eighth from left end in step IV?

- A. uoo
- B. 84
- C. bdieu
- D. draw
- E. 33

Q126. which step has elements in these manner "bdieu 12 62 ignite"?

- A. Step III
- B. Step V
- C. Step IV
- D. Both step III and IV
- E. Both step IV and V

Q127. Which of the following Step V has in the same manner?

- A. uoo opack 73
- B. ignite 48 uoo
- C. 48 draw uoo
- D. 12 ignite 48
- E. 12 car 62

Q128. which is the third element from left end in step II and third element from right in step VII respectively.

- A. bdieu, opack
- B. 34, 73
- C. bcar, 61
- D. car, mnoon
- E. 12, mnoon

Q129. Which of the following is not right in any step?

- A. 30 bdieu 12
- B. draw uoo 73
- C. uoo 84 opack
- D. 47 cdraw 34
- E. 73 mnoon 61

Direction (130-134): Study the following instruction carefully and answer the question given below.

Eight persons F, G, H, I, J, K, L and M were born in different months, viz January, April, June and October, on two different dates – 12th or 27th. Only one person was born on each date. Each of them has different ages viz 13, 19, 25, 34, 45, 50, 65, 71 but not necessarily in the same order.

F was born in April. Only one person was born in the month between F and the one whose age is 65, who was not born in January. Only one person was born between the ones whose ages are 50 and 65 respectively. Only five persons were born between G and K, who was born in the month after G. K was not born on 27th. I was born on date before L and both of them were born in the same month. No one was born on date before the one whose age is 25. The number of persons born before J is the same as the number of persons born after the date whose age is 65. No one is born between F and the one whose age is 19. H's age is not 19. H was born in month before the month of M but not immediately before. Only four persons were born between M, whose age is 45, and the one whose age is 34. M was born in the month that is after the month of the one whose age is 34. One of the persons born in June has age 13.

Q130. Who among the following has age 34?

- A. H
- B. F
- C. L
- D. M
- E. None of these

Q131. Who was born exactly between the person aged 45 and J.

- A. G
- B. I
- C. K
- D. M
- E. L

Q132. what is the age of H?

- A. 65
- B. 45
- C. 13
- D. 71
- E. 19

Q133. Which of the following is not correct?

- A. F-34- 12th April
- B. I- 65- 12th June
- C. L-13-27th October
- D. H-71- 27th January
- E. G-25- 12th January

Q134. Which one is the odd one out?

- A. G
- B. Person who is aged 19
- C. M
- D. Person who is aged 71
- E. J

Directions (135): Question given below is followed by two arguments numbered I and II. You have to decide which of the arguments is strong.

Q135. Statement: There is massive protest in university on dress-code. It is specifically for females.

Argument I: Protest is demanding it should be applied to both or none.

Argument II: Protest is demanding in place of dress code; security should be enhanced.

- A. If only argument I is strong.
- B. If only argument II is strong
- C. If both I or II are strong
- D. If neither I nor II is strong
- E. If either I or II is strong

Directions (136-140): Study the following information carefully and answer the question given below:

Eight persons M, N, O, P, Q, R, S, T have different designations in a company i.e., Chief General manager (CGM), General Manager (GM), Deputy General Manager (DGM), Assistant General Manager (AGM), Manager, Assistant Manager (AM), Probationary Officer (PO), and Clerk. All the designations given are to be considered in a given order (as CGM is considered as Senior-most and Clerk is considered as the Junior-most). They all visited some different number of countries i.e., 2, 3, 5, 6, 8, 9, 11, 15 but not in same order.

There are 3 persons in between the person who is AM and the person who visited 8 countries. Clerk has not visited the least number of countries. T is GM and R visited 2 countries. There are two persons in between O and the person visited 5 countries. S designated one place above R and he is not manager. CGM is not the person who visited highest number of countries. Person Q is AGM. Person who visited 15 countries is higher in designation than who visited 9 countries. M and P has post lower than AGM. P visited 3 countries and His post is lower than M. O visited highest number of countries. N visited 11 countries. AGM visited less number of countries than Manager but more number of countries than clerk.

Q136. Who visited 6 countries?

- A. N
- B. O
- C. Q
- D. P
- E. S

Q137. Who is above and below AGM respectively?

- A. person visited 15 countries, M
- B. O, person visited 5 countries
- C. N, R
- D. person visited 8 countries, Q
- E. M, O

Q138. What is the sum of countries visited by DGM and person S?

- A. 21
- B. 17
- C. 23
- D. 18
- E. 20

Q139. Which of the following is the odd one out?

- A. N
- B. DGM
- C. Manager
- D. R
- E. Clerk

Q140. Which of the following is not right?

- A. CGM-N-11
- B. AGM-Q-5
- C. Manager-M-9
- D. PO-R-2
- E. DGM-O-15

Directions(141): Read the given passage and answer the question that question that follow.

Due to the increasing air pollution in the city, the Government has decided to reduce the use of vehicles older than ten years by the people in the city of Delhi. Old diesel vehicles pollute the air with their harmful emissions. To prevent pollution, the Government has decided to seize ten year old diesel vehicles from the roads of the city.

Q141. Which of the following argument could be made from the above passage?

- A. Eliminating old diesel vehicles would reduce air pollution in the city.
- B. Old vehicles are better than new vehicles.
- C. Old vehicles cannot be eliminated as people will have to give up their vehicle
- D. Vehicular pollution would decrease if new vehicles are not allowed on the road.
- E. None of the above

Directions (142-144): Study the following information and give answer based on it:

Q142. Eight people are living in a building. Who is sitting at the topmost floor?

- I. Five person live between P and T. No person lives below T. Three people live between S and Q, who lives on the fourth floor from the bottom.
- II. Two persons live between S and T. P lives on third floor from the top. Four people live between S and R, who lives on 2nd floor.
- A. If data in Statement I alone are sufficient to answer the question, while the data in Statement II alone are not sufficient to answer the question.
- B. If data in Statement II alone are sufficient to answer the question, while the data in Statement I alone are not sufficient to answer the question.
- C. If data in both the Statements I and II together are not sufficient to answer the question.
- D. If data in both the Statements I and II together are necessary to answer the question.
- E. If data in either of the Statements alone is sufficient to answer the question.

Q143. Six persons have birthday on six days of a week starting from Monday to Saturday. Only one player has birthday on one day. Deepak has birthday on which day?

Statement I: Vinay has birthday just before Deepak, who is not the last one. Rohan has birthday on the first day of the week immediately followed by Shivam.

Statement II: Rohan and Vinay have birthday at a gap of one day such that Rohan has birthday on Monday. Deepak has birthday just before Rahul.

- A. If the data in statement I alone is sufficient to answer the question
- B. If the data in statement II alone is sufficient to answer the question
- C. If the data in statements I and II is necessary to answer the question
- D. If the data in statements I and II is not sufficient to answer the question
- E. If data in either statement I or II is sufficient to answer the question

Q144. In a football tournament, there were seven goalkeepers namely P to V, who saved different number of goals. Were the goals saved by T more than that of Q?

Statement I: U saved more goals than only two goalkeepers. P saved more goals than R, who was the third highest goal saver. T saved lesser goals than R but more than U.

Statement II: Q saved more goals than S but lesser than R. The goals saved by U was more than Q. P was not the highest goal saver.

Statement III: V saved more goals than R. Number of goals saved by P was less than one goalkeeper only. T saved more goals than U and S.

- A. If the data in statement I and II together is sufficient.
- B. If the data in statement II and III together is sufficient.
- C. If the data in all the statements together is necessary.
- D. If the data in all the statements together is not sufficient.
- E. If the data in any two of the three statements is sufficient.

Directions (145-149): Study the following information carefully and answer the question given below:

Seven cars namely Hyundai, Kia, Maruti, Renault, Skoda, Tata, Volkswagen are parked in a linear row and are facing in the north direction, but not necessarily in the same order. Distance between two adjacent cars is in consecutive multiple of 7, from left to right end.

Renault is parked 126m to the left of Tata.

Hyundai is parked 21m to the right of Maruti.

If Kia moves 5m north and then turns right and moves 91m, it reaches to the north of Tata.

If Volkswagen moves 5m towards the south and then turns left and moves 35m and again turns right and moves 5m and again turns left and moves 28m, it reaches to the south of Renault.

Q145. What is the minimum distance between any 2 cars?

- A. 7
- B. 14
- C. 21
- D. 28
- E. none of these

Q146. How many cars are to the right of Skoda?

- A. 0
- B. 1
- C. 2
- D. 3
- E. 4

Q147. What is the sum of distance between Hyundai and Kia?

- A. 35
- B. 49
- C. 91
- D. 63
- E. 77

Q148. How many cars are there in between Maruti and Tata?

- A. 2
- B. 3
- C. 4
- D. 5
- E. 6

Q149. How many cars are to the left of Volkswagen and right of Renault?

- A. 1,4
- B. 2,3
- C. 0,4
- D. 3,2
- E. 0,3

Directions (150): Read the statement and arguments carefully and choose the Correct answer.

The world is witnessing the highest levels of displacement on record. An unprecedented 70.8 million people around the world have been forced from home by conflict and persecution at the end of 2018. Among them are nearly 30 million refugees, over half of whom are under the age of 18. There are also millions of stateless people, who have been denied a nationality and access to basic rights such as education, healthcare, employment and freedom of movement.

Q150. Which of the following courses of action should help improve the current scenario?

- I. People fleeing persecution and conflict should be granted asylum in foreign lands.
 - II. UNHCR should divert all of its resources towards planning of protection of refugees.
 - III. International agencies should protect the camps in which refugees must live when they are left without access to such basic necessities as food, water, sanitation and health care.
- A. only II
 - B. only III
 - C. only I & II
 - D. only I & III
 - E. only II & III

Direction (151-155): Study the following information carefully and answer the below questions.

Eight persons A, B, C, D, E, F, G and H are born in different years are 1973, 1982, 1985, 1991, 1993, 1994, 1996 and 2000 but not necessarily in the same order. Each person likes different colour viz. Orange, Red, and Yellow but not necessarily in this order. The age of the persons is calculated based on 2022.

G's age was in an odd number and like Red. Two persons are born between one who likes Magenta and A. Three persons are born between the persons who like green and yellow. One who like magenta born in an even-numbered year and born immediately before or after G. H was born after G. Persons born after A is the same as persons born before E. G was not born in 1991. D is born after C. Two persons are born between E and D, who likes violet. The number of persons born between G and D is the same as between A and C who likes orange. H is older than F but younger than B. F likes neither green nor grey. A doesn't like maroon.

Q151. Whose age is 37?

- A. H
- B. The person who like orange
- C. A
- D. The person who like Red.
- E. none of these

Q152. Who was born exactly between the one who like Violet and person G?

- A. Person A
- B. Person who likes Yellow
- C. Person H
- D. Person who likes Green
- E. None of these

Q153. Who born just before and after the person who like Magenta respectively?

- A. B, E
- B. person who likes Red, C
- C. person who likes orange, G
- D. C, person who like Green
- E. None of these

Q154. what is the sum of the ages of E and the person who like Grey?

- A. 77
- B. 68
- C. 60
- D. 58
- E. 57

Q155. The person born between C and A is same as the person born between the person who like green and.....?

- A. H
- B. B
- C. A
- D. D
- E. none of these

Directions (156): A passage is given that represents an issue. The passage is followed by three points. Choose the option which gives the most suitable course(s) of action that should be followed in order to improve the current situation.

Water is at the core of sustainable development and is critical for socio-economic development, energy and food production, healthy ecosystems and for human survival itself. The United Nations has long been addressing the global crisis caused by insufficient water supply. Childhood diarrhea is closely associated with insufficient water supply, inadequate sanitation, water contaminated with communicable disease agents, and poor hygiene practices. Diarrhea is estimated to cause 1.5 million child deaths per year, mostly among children under five living in developing countries.

Q156. Which of the following courses of action should help improve the current scenario?

I. Awareness should be created among the masses about the deleterious effects of unhygienic water.

II. Medical treatments should be improved.

III. Only children should be provided with hygienic water.

- A. only II
- B. only III
- C. only I
- D. only I & III
- E. only II & III

Directions (157): Study the following and give answer based on the information given:

Globalization consists of the social, political and economic changes that we all adapt to. The strong currency rates, constructions, trading are all consequences of globalization. There are both positive and negative impacts of this globalization on the economy and it leads to the interconnection between the countries of different cultures, caste and heritage. Globalization leads to the usage of new innovative ideas of new technology that people tend to start using.

Q157. Given below are the impacts of Globalization, select the negative impact among them.

- A. It introduces new technologies.
- B. It has brought an impact on political and cultural domain.
- C. Because of too much exchange of trade, money etc independent domestic policies are lost.
- D. Globalization has introduced many different ideologies among people.
- E. It introduces better trade.

Directions (158): In the question below, a statement is given depicting an issue or a problem. You have to assume everything in the statement to be true even if they are at variance from commonly known facts, and on the basis of the information given in the statement, answer the question that follows.

Q158. Statement: Our economy, people's health and mental anxiety will continue until the vaccination programme is completed. We should aim to finish the vaccination in six months instead of two years. For this, we need to increase the current pace to four times the current levels, or to 8 crore doses/week.

Course of action:

- I. Securing the supply of the vaccines from the indigenous suppliers and stop exporting vaccines.
 - II. Approve more vaccines from around the world, and have more manufacturing facilities to increase the availability of the vaccine.
 - III. Every private hospital, dispensary and healthcare centre should be allowed to administer the vaccine in order to increase the vaccinators.
- A. only I follow
 - B. only II & III follows
 - C. only I & II follows
 - D. All follow
 - E. None follows

Directions (159): Each of the questions below, consist a question and three statements numbered I, II and III. You have to decide whether the data provided in the statements are sufficient to answer the question. Read the three statements and Give answer

Q159. There are six floors considering first floor at the bottom and sixth floor at the top. Six people namely Umang, Pulkit, Suman, Sunny, Virat, Kamal lives on each floor. Who lives on 3rd floor?

I. Kamal lives on the floor which is somewhere above the floor on which Suman lives but Suman does not live on the bottom most floor. At least two people lives between the floor Umang and Virat lives.

II. Sunny lives on the floor that is four floors below than the floors on which Umang lives. The floors one which Virat and Pulkit lives have two floors between them. Pulkit does not live on first floor.

III. Suman lives on an odd numbered floor somewhere above the floor on which Virat lives. Kamal does not live on second floor.

- A. Only I is sufficient
- B. Only II is sufficient
- C. Only I & II is sufficient
- D. Only II & III is sufficient
- E. Both (C) & (D)

Directions (160): Each of the questions below, consist a question and three statements numbered I, II and III. You have to decide whether the data provided in the statements are sufficient to answer the question. Read the three statements and Give answer

Q160. Who amongst eight persons S, T, U, V, W, X, Y, Z sitting in a row are at both extreme ends of row?

I. S is third from one end of row, T second to right of S and both face opposite direction (if S face north than T face south and if S face south than T face north direction). One person X sits between S and Z and face same direction as Q face.

II. As many persons sit between Z and W is one more between X and U, who is not at any extreme end of row. V is not the neighbor of U. T do not face in south direction.

III. V is third to left of T. As many persons sits between T and Z as one more than between Z and W. U is not neighbor of V and S do not face north.

- A. Only I & II
- B. Only I & III
- C. All I, II or III are sufficient
- D. only I and either II or III is sufficient
- E. None of these

Directions (161-165): Study the information carefully and answer the questions given below.

There are certain number of persons sitting around a circular table and facing the centre. Only two persons sit between X and V. U likes Mango and Y likes Papaya. Only the persons mentioned likes fruits. One of the immediate neighbours of S likes Grapes but W does not like Grapes. Z sits second to the left of V. Only one person sits between the one who like Grapes and the one who likes Pear. U sits eight to left of Z. X sits sixth to the right of S who likes Kiwi. Only two persons sit between the one who likes Pear and the one who likes Banana. W sit third to the left of Y who is an immediate neighbour of Z. More than 11 persons sit around the circular table. Neither W nor Z likes Pear. The one who sits seventh to the left of the one who likes Banana, likes Apple.

Q161. How many persons are sitting around the circular table?

- A. 12
- B. 13
- C. 14
- D. 16
- E. none of these

Q162. Who among the following like Apple?

- A. W
- B. Y
- C. V
- D. X
- E. none of these

Q163. If 'E' sits exactly between U and W then what is the position of 'E' with respect to S?

- A. third to the right
- B. fourth to the left
- C. second to the left
- D. immediate right
- E. none of these

Q164. If 'F' sits second to the right of the one who likes Pear, then how many persons sit between F and the one who likes Papaya?

- A. two
- B. one
- C. three
- D. none
- E. none of these

Q165. Z likes which of the following fruits?

- A. pear
- B. mango
- C. banana
- D. grapes
- E. none of these

Directions (166): The passage given below is followed by three statements. Choose the one which can be the correct assumptions on which the passage is based.

Q166. An entire field of study is devoted to biomimetics, sometimes referred to as biomimicry. Having evolved over millennia, living organisms present beautiful and sometimes complex designs that are integral to their lives. And humans have learnt to emulate those designs for their own purposes. Design-engineering of buildings that stay cool on the inside despite soaring temperatures outside are inspired by the structure and ventilation of termite.

- I. Living organisms create beautiful and sometimes complex designs for humans to copy.
 - II. Humans have evolved by copying from other living organisms and being able to find successful solutions.
 - III. Humans have cognitive ability to get inspired from the designs made by other organisms.
- A. Only I
 - B. Only I & II
 - C. Only II
 - D. Only II & III
 - E. Only III

Directions (167): Study the following information and answer the question given below it.

A July 2020 paper published in the Journal of Economic Structures by Mohammad Masudur Rahman and co-authors makes some fascinating points. Using econometric modelling, the authors conducted a comparative analysis of the likely impact of tariff reduction and trade facilitation in a scenario of Indo-Pacific regional integration on various macroeconomic and trade variables. The modelling showed if Quad countries were to sign a trade agreement where bilateral tariffs are scrapped, India's real GDP could increase by 0.2% or \$5.7 billion.

Q167. Which of the following would strengthen the argument above?

- I. While such an agreement would be advantageous for the other two partners as well, benefits would differ depending on the size of the economy, the levels of tariff and non-tariff barriers.
 - II. If other nations or groupings like Asean were to join such a trade agreement and engage in reducing non-tariff barriers, the benefits for member countries could be exponentially higher.
 - III. Among Quad nations, India needs investment, attractive financing for infrastructure, technology, and access to key raw materials, particularly rare earth elements.
- A. Only I
 - B. Only I & II
 - C. Only II
 - D. Only II & III
 - E. Only III

Directions (168): In the question given below a passage is given followed by three statements. Read it carefully and answer the question that follows.

Q168. Climate activism is seen as just planting trees and engaging in clean-up drives. Those are important but it's also about holding those in power accountable and asking if they will leave indigenous people and their land alone, leave the coal in the ground, leave the rivers unpoisoned and leave the trees standing.

- I. Climate activists should reach representatives - at all levels of the government to raise the issue of environment due to their inactions.
 - II. Climate activists should sympathise with those who fuel our destruction.
 - III. Climate activists should volunteer with local organizations to make changes related to climate.
- A. Only I
 - B. Only I & II
 - C. Only II
 - D. Only II & III
 - E. Only I & III

Directions (169): In the question below are given a statement followed by two courses of action numbered I and II. A course of action is a step or administrative decision to be taken for improvement, follow-up or further action regarding the problem, policy, etc. Based on the information given in the statement to be true, then decide which of the suggested courses of action logically follow(s) for pursuing.

Q169. Statement:

Country A and Country B have friendly foreign trade systems. Both countries import and export goods and services from each other. Country A has been importing Beauty Product B from Country B for a long while. Recently, a newspaper in Country B has been running an exposé involving Product B. According to the exposé, Beauty Product B has a cancer-causing pigment in it. The article also mentioned statistical data showing the number of people affected by the pigment.

Course of Actions:

- I. The Health Ministry of Country A asks the Ministry of Foreign Trade to ban Beauty Product B.
 - II. The Ministry of Foreign Trade levies heavy taxes on the import of Beauty Product B.
- A. Only I
 - B. Only II
 - C. Either I or II
 - D. Neither I nor II
 - E. Both I & II

Directions (170): Read the given passage and answer the question that question that follow.

The Holocaust that took place in Germany was a systematic, state-sponsored persecution and massacre of millions of Jews. The Jewish race was considered an inferior race that was weighing down the country and obstructing its development, so there was a misconception that eliminating Jews would help the country and bring back the glory of the country.

Q170. Which of the following argument could be made from the above passage?

- A. The elimination of Jews glorified Germany.
- B. The delusion of the Germans resulted in the persecution of Jews.
- C. Jews were believed to be the pride of Germany.
- D. The mass genocide of the Jews had nothing to do with race.
- E. None of the above

English Language

Direction (171-176): Read the given passage carefully and answer the questions that follow. Certain words are printed in bold to help you locate them while answering some of these.

The United Kingdom aspires to be a knowledge economy working at the top of the production chain. The government has lifted student number caps to create more university places. For those who prefer a work-based route to higher skills, there are new degree apprenticeships. This is great. It's essential that young people get the best possible preparation for adult life and the opportunity to **embark** on interesting and satisfying careers. *But the number of 18-years olds in the UK population is falling, and the Office for National Statistics predicts that more than a third of the UK workforce will be over 50 by 2020, so we also need to consider those already in the workplace.*

Politicians are beginning to take notice. One of the Labour leaders has called for a National Education Service or learners at every stage of life, and the current government is considering whether the time is right to look again at "lifetime learning" support in its most recent budget. As part of this support, politicians have promised that – in addition to the loans already available for further and higher education – it will introduce loans for level 3 to 6 training in further education, part-time second degrees in science, technology, engineering and maths (Stem) subjects, and postgraduate taught masters courses.

So why not introduce lifetime learning accounts for everyone? As with further and higher education loans, the money could go straight from the government to a reputable provider – preventing fraud – and would be repaid by the student once they were earning above a certain income, increasing affordability.

Sadly, the last attempt to provide support to learners in this way ended in disaster. The Labour government's 1997 manifesto promised "individual learning accounts" – a fairly small amount of public money, supplemented by an individual's own savings, that could be used to pay for training, for example, by women returning to the workforce.

Although the basic idea made sense, money was lost to fraud, the government was accused of incompetence and the whole policy became toxic. New "skills accounts" were introduced in 2008-09, but provided little more than careers information for graduates.

If so, many past initiatives have failed, why bother introducing new ones? There are several potential benefits, not least making the system simpler by putting financial support for further and higher education in one place.

These accounts could also provide a convenient vehicle for new or exceptional funding. When a major company goes under, the government usually provides support to retrain people who have lost their jobs. Instead of providing money to the bureaucracy, an entitlement could go directly into the workers' accounts, making it easier for them to control their route into a new job.

It's unlikely that the government will change the system in one fell swoop – and probably inadvisable that it should. But little by little, new flexibilities could be introduced. Loans could have an affordable cap, and could be drawn down throughout students' lives as required. Those who are uncomfortable with carrying a lot of debt could draw money in modules, paying each one off before moving on to the next.

There would have to be a more collaborative mindset, with universities and colleges actively encouraged to work together to create clear progression routes. This could work for both parties: universities could help students to convert their further study into degrees and colleges would be able to help people with professional degrees access appropriate professional development.

These measures would make it possible for us all to learn throughout our lives and be more **resilient** to the ups and downs of the modern labour market. Let's recognise that jobs are no longer for life and education is not just for the young.

In the following question, the italicised sentence in the second paragraph of the passage has been divided into four segments. There may be an error in one of the segments. Find the part with the error. If the sentence is correct, mark the answer as 'No error'.

Q171. But the number of 18- years olds in the UK population is falling, (1)/ and the Office for National Statistics predicts (2)/ that more than a third of the UK workforce will be over 50 by 2020, (3)/ so we also need to consider those already in the workplace. (4)

- A. 1
- B. 2
- C. 3
- D. 4
- E. No error

Q172. Why did the lifelong learning schemes in the UK fail in the past?

I. The personal savings invested by the public for training was lost to fraud.

II. The government utilised the money paid by the public in foreign investment.

III. The "skills accounts" of 2008-2009 provided nothing but careers information for graduates.

- A. Only I
- B. Only II
- C. Both I and II
- D. Both I and III
- E. All of these

Q173. Why are the politicians in UK also targeting those already in the workplace for lifelong learning schemes?

- A. The future of the economy depends on the senior citizens of the nations.
- B. The number of the young in the nation is declining, and in the coming years, more than a third population would constitute of the middle-aged.
- C. The government has realised that women need to be given equal opportunities, which can be facilitated by lifelong learning schemes.
- D. The one's at the workplace possess outdated and futile skills and need to be familiarised with the emerging technologies.
- E. None of these.

Q174. With which of the following statements is the author most likely to agree?

I. Previous initiatives to help learners of all ages have been beset by problems, but it's time to look at new models for a shifting employment landscape.

II. The future of the knowledge economy of the UK is bleak as the number of young people is drastically declining.

III. The government is reluctant to create a smooth process through which maximum people can benefit from lifelong learning schemes.

- A. Only I
- B. Only II
- C. Only III
- D. Both I and II
- E. None of these

Q175. Which of the following is the MOST SIMILAR to the word given in bold in the passage?

Embark

- A. Terminate
- B. Initiate
- C. Preoccupy
- D. Relevance
- E. Associate

Q176. Which of the following is the MOST OPPOSITE to the word given in bold in the passage?

Resilient

- A. Steep
- B. Tough
- C. Plaint
- D. Ignominious
- E. Equal

Direction (177-180): Read the following sentence to find out whether there is any error in it. The error, if any, will be in one part of the sentence. The number corresponding to that part will be your answer. If the given sentence is correct as it is, mark the answer as 'No error'. Ignore the errors of punctuation if any.

Q177. Inefficiency high school learning (1)/eventually hurts the ability of student (2)/ to take on global competition (3)/and turn into world leaders (4).

- A. 1
- B. 2
- C. 3
- D. 4
- E. No error

Q178. Political action groups lay (1)/ in wait for companies that stumble (2)/ in its conduct and treatment (3)/ of multiple stakeholders. (4)

- A. 1
- B. 2
- C. 3
- D. 4
- E. No error

Q179. E-business platforms operate on (1)/ the principle that long-term customer (2)/ lock-on is far more strategically (3)/ important than the short-term profits (4).

- A. 1
- B. 2
- C. 3
- D. 4
- E. No error

Q180. Every kaleidoscopic element (1)/ merged together beautifully to create (2)/ the most delightful (3)/ and unique East Lindsey market town. (4)

- A. 1
- B. 2
- C. 3
- D. 4
- E. No error

Direction (181-183): Two sentences with one blank in each, followed by five alternatives, are given. Choose that option as the answer which can fill both the blanks of both the sentences.

Q.181)

- A. He is sentenced to jail for consistently and _____ ill- treating his wife and children.
 - B. Valuable programs that could have saved lives but involved greater scrutiny of the council's affairs were _____ abandoned.
- A. Callously
 - B. Alluringly
 - C. Abating
 - D. Impassively
 - E. Droopingly

Q182.

- A. John's _____ behaviour is to get him in a lot of trouble one of these days.
- B. When the astronomer looked into the telescope, he was shocked by the sight of a star moving in an _____ path.
- A. Peculiar
 B. Abnormal
 C. Deviation
 D. Accede
 E. Aberrant

Q183.

- A. When police officers questioned him, he became _____ and tried to hit one of them.
- B. The boys found it hard to get along with Tom, because he always said _____ things.
- A. Amicable
 B. Abhor
 C. Resolute
 D. Belligerent
 E. Requite

Direction(184-187): In this question, two columns I and II and three sentences are given, which are divided into two parts. Column I (A, B and C) consist of first half of each sentence and Column II (D, E and F) consists of second half of each sentence. Match column I with column II, so that the sentences formed are both meaningful and grammatically correct. Choose the option as your answer.

Q184.

I.	II.
A. It takes two hours on the train	D. the task is cognitively demanding.
B. The scores are low because	E. is harder than I thought it would be.
C. Writing a list of random sentences	E. but it is a little bit long by road.

- A. A-E and B-D
 B. A-F, C-E and B- D
 C. B-F
 D. C- E and B-D
 E. C-D and B-F

Q185.

I.	II.
A. While you were playing the video game,	D. your wife washed the clothes.
B. Strategies discussed at a meeting included a study plan	E. a strong protocol for safe carcass disposal.
C. The group emphasized on having	F. for a synchronous coordinated survey in five states

- A. A-E and B-D
- B. C-E
- C. B-F
- D. C- E and B-D
- E. C-D and B-F

Q186.

I	II.
A. After a disaster, the Red Cross works with	D. community partners to provide hot meals.
B. The memory we used to share	E. means to convey information.
C. Plants use electrical chemical	F. is no longer coherence.

- A. A-D and C-E
- B. C-E
- C. B-F
- D. C- E and B-D
- E. C-D and B-F

Q187.

I.	II.
A. Crude oil prices recovered some ground	D. we realize we are all the same.
B. His blue coat was dirty	E. after significant losses the previous day.
C. Let's all be unique together until	F. neatly folded and kept.

- A. A-D and C-E
- B. C-E
- C. B-F
- D. C- E and B-D
- E. C-D and A-E

Q188. Direction: In the given question, there are five sentences A, B, C, D and E, which when properly sequenced, form a coherent paragraph. Choose the most logical order of sentences from among the five given choices to construct a coherent paragraph.

- A. Epidemics, much like wars or natural disasters, profoundly influence the course of history.
 - B. Over a hundred years later, Spanish flu became a deadly combatant in the trenches of World War I.
 - C. Smallpox, malaria, and influenza decimated indigenous Americans after European contact in the 16th century, paving the way for western colonisation of the New World.
 - D. Some scholars credit the HIV/AIDS crisis of the 1980s with pushing the gay rights movement into the political mainstream.
 - E. Yellow fever helped turn the tide of the Haitian Revolution at the beginning of the 19th century.
- A. ACEBD
 - B. BECAD
 - C. EACDB
 - D. ABCDE
 - E. CAEBD

Q189. Direction: In the given question, there are five sentences A, B, C, D and E, which when properly sequenced, form a coherent paragraph. Choose the most logical order of sentences from among the five given choices to construct a coherent paragraph.

- A. In everyday life, food is often used to enhance mood or “treat” ourselves.
 - B. However, if comfort eating becomes a habit, it often comes with health costs, such as weight gain.
 - C. Eating tasty food releases dopamine in our brains, which is strongly associated with desire and wanting for food.
 - D. Eating sweet and fatty foods may improve our mood temporarily by making us feel happier and more energetic while also satisfying our hunger.
 - E. From an early age, infants learn to associate feeding with being soothed and social interaction.
- A. ACEBD
 - B. BECAD
 - C. EACDB
 - D. ABCDE
 - E. CAEBD

Q190. Direction: In the given question, there are five sentences A, B, C, D and E, which when properly sequenced, form a coherent paragraph. Choose the most logical order of sentences from among the five given choices to construct a coherent paragraph.

- A. Even as modern science grapples with the rapidly declining bee population, we could look back and take a lesson on sustainability from the ancient culture of the Adivasis of the Nilgiris.
 - B. Covering the three states of Kerala, Tamil Nadu and Karnataka, the Nilgiri Biosphere Reserve is home to over 18 ethnic groups.
 - C. Of these, Kattunaickens, Kurumbas, Sholigas and Irulas are known to be the primary honey hunter tribes.
 - D. Traditionally, these tribes hunt for honey on the cliffs of the Nilgiris, atop high trees, inside tree cavities and also in underground hives.
 - E. In recent times, with reduced forest cover, climate change and government restrictions, it has become increasingly difficult for these tribes to collect wild honey.
- A. ACEBD
 - B. BECAD
 - C. EACDB
 - D. ABCDE
 - E. CAEBD

Q191. Direction: In the given question, there are five sentences A, B, C, D and E, which when properly sequenced, form a coherent paragraph. Choose the most logical order of sentences from among the five given choices to construct a coherent paragraph.

- A. Panic buying and stockpiling are likely responses to heightened anxiety, fear and uncertainty about the future.
 - B. Amid the global spread of Covid-19, we are witnessing an increased focus on gathering food and supplies.
 - C. Messages to reassure people there would be continued supply of provisions has done little to ease public anxiety.
 - D. Being able to exert some control over the situation by gathering goods to store for lockdown is one- way individuals seek to manage anxiety and fear, and feel protected.
 - E. We've seen images of supermarket shelves emptied of basics such as toilet paper, pasta, and tinned foods.
- A. ACEBD
 - B. BECAD
 - C. EACDB
 - D. ABCDE
 - E. CAEBD

Direction (192-195): Which of the following phrases (i), (ii), and (iii) given below each sentence should replace the phrase Underlined to make the sentence grammatically correct? Choose the best option among the five given alternatives that reflect the correct use of phrase in the context of a grammatically correct sentence. If the sentence is correct as it is, mark (E) i.e., "No correction required" as the answer.

Q192. The business looks at this new country and decides to move there because, from their standpoint, they can make costs and be more efficient.

- i. it would benefit their CEO's personal life
- ii. they can save costs and be more efficient
- iii. but to be cost efficient and tax exemptions.

- A. Only i
- B. Only ii
- C. Only iii
- D. ii and iii
- E. No correction required

Q193. The company should ensure its workers because if uninsured workers end up into the ER, the burden falls on society, not the company.

- i. when these uninsured workers end in ER
- ii. when the uninsured workers fall ill
- iii. if these uninsured workers suffer injury

- A. Only i
- B. Only ii
- C. Only iii
- D. ii and iii
- E. No correction required

Q194. Unlike in Western countries, where most of the salt comes into processed foods, most salt consumed in China comes from the salt added while cooking.

- i. more salts are making their way into processed food
- ii. more salts are becoming a part of the produce food
- iii. most of the salt comes from processed foods

- A. Only i
- B. Only ii
- C. Only iii
- D. ii and iii
- E. No correction required

Q195. The earliest rocket parts were carried to ISRO over cycles and bullock carts.

- i. earliest rocket positions would be carried
- ii. further rocket parts would be carried
- iii. earliest rocket parts was to be carried

- A. Only i
- B. Only ii
- C. Only iii
- D. ii and iii
- E. No correction required

Q196. Direction: Choose the word from the following options which is opposite in meaning to the other words.

- A. Developed
- B. Incipient
- C. Inceptive
- D. Inchoate
- E. Rudimentary

Q197. Direction: Choose the word from the following options which is opposite in meaning to the other words.

- A. Uncanny
- B. Bizarre
- C. Natural
- D. Eerie
- E. Unearthly

Direction (198-200): In the given questions, one statement with a blank is given along with four words. Two of the given words can fit into the given blank. Five options with various combinations of these words are given. Pick up the combination of the words that fit into the blank.

Q198. In just over three months, the number of Covid-19 patients has swelled past a million, but _____ information about the disease spreads much faster.

- a. Authentic
 - b. Dodgy
 - c. Clandestine
 - d. Dubious
- A. b-d
 - B. b-c
 - C. c-a
 - D. d-c
 - E. a-b

Q199. The immediate priority, of course, is to _____ the spread of the pandemic through widespread testing, rigorous quarantines, and social distancing.

- a. Suppress
 - b. Catalyse
 - c. Inhibit
 - d. Ascend
- A. b-c
 - B. c-d
 - C. a-d
 - D. c-a
 - E. a-b

Q200.A ratings downgrade coupled with a loss of investor confidence could lead to a _____ exchange rate and a dramatic increase in long term rates in this environment, and substantial losses for our financial institutions.

- a. Plunging**
- b. Proliferating**
- c. Plummeting**
- d. Stagnant**

- A. c-d
- B. a-c
- C. a-b
- D. b-d
- E. a-d

Q1. Recently a declaration has been adopted that aims to boost industry ties on defense and renewable energy, in the face of growing competition from the other emerging countries. The above-mentioned Atlantic Declaration was signed between which of the following two countries?

- A. United States and United Kingdom
- B. Australia & United Kingdom
- C. France and United States
- D. Australia and United Kingdom
- E. Australia and France

Q2. The United States will rejoin an organization in July, four years after it left it in 2019, alleging that it was biased against Israel. The move to rejoin will face a vote by the organisation's member states and is expected to pass easily. Which of the following organisations is the US about to re-join?

- A. UNICEF
- B. WHO
- C. UNESCO
- D. UNCTAD
- E. SCO

Q3. What is the objective of the "Antardrishti Dashboard" which was launched recently by the RBI?

- A. It will provide the required insight to assess and monitor the progress of grievance redressal mechanisms.
- B. It will provide the required insight to assess and monitor the progress of financial inclusion.
- C. It will provide the required insight to assess and monitor the progress of reducing NPAs.
- D. It will provide the required insight to assess and monitor the progress of strengthening the financial system.
- E. It will provide the required insight to assess and monitor the progress of digital banking.

Q4. Recently, Indian-origin Climate Change researcher _____ has been picked for the Spinoza Prize 2023, which is the highest scientific honour in the Netherlands and has a prize money of _____.

- A. Sheo Kumar, 1.5 million euros
- B. Rajkumar Upadhyay, 2.5 million euros
- C. Joyeeta Gupta, 1.5 million euros
- D. K Rajaraman, 3.5 million euros
- E. Navtej Bal, 1.5 million euros

Q5. Which country has achieved gender parity according to the latest Global Gender Gap Index?

- A. Iceland
- B. Finland
- C. Denmark
- D. Sweden
- E. None

Q6. Comptroller and Auditor General of India Girish Chandra Murmu has been re-elected as the external auditor of _____ for a four-year term from_____.

- A. WHO, 2024 to 2027
- B. UNICEF, 2023 to 2026
- C. UNESCO, 2024 to 2027
- D. WTO, 2023 to 2026
- E. UNCTAD, 2024 to 2027

Q7. The tropical cyclones forming over different ocean basins are named by the concerned regional specialised meteorological centres (RSMCs) and regional Tropical Cyclone Warning Centres (TCWCs). According to the 'List of North Indian Ocean Tropical Cyclone Names', what is the name of the next cyclone after cyclone 'Biparjoy' and the name has been recommended by which country?

- A. Prahar, Bangladesh
- B. Akhand, India
- C. Tej, India
- D. Bhanwar, Nepal
- E. Prachand, Sri Lanka

Q8. Foreign Trade Policy (2023) is a policy document which is based on continuity of time-tested schemes facilitating exports as well as a document which is nimble and responsive to the requirements of trade. Which among the following is not part of the four key pillars of the Foreign Trade Policy 2023 announced recently?

- A. Incentive to Remission
- B. Export promotion through collaboration - Exporters, States, Districts, Indian Missions
- C. Ease of doing business, reduction in transaction cost and e-initiatives
- D. Emerging Areas – E-Commerce Developing Districts as Export Hubs and streamlining SCOMET policy
- E. E-Governance

Q9. The Union government, in consultation with the RBI, fixes the inflation target for the central bank every five years. The Upper Tolerance level of Inflation is _____ and in case of breach of the upper tolerance for _____ quarters the report has to be submitted by RBI.

- A. 4.0%, three consecutive quarters
- B. 5.0%, two consecutive quarters
- C. 6.0%, two consecutive quarters
- D. 6.0%, three consecutive quarters
- E. 5.0%, three consecutive quarters

Q10. As per the survey of professional forecasters (SPF) by RBI, the real gross domestic product (GDP) growth forecast for 2023-24 has been retained at _____, while it is expected to grow by _____ in 2024-25.

- A. 5.7 per cent, 6.1 per cent
- B. 5.9 per cent, 6.3 per cent
- C. 6.0 per cent, 6.4 per cent
- D. 6.1 per cent, 6.4 per cent
- E. 6.2 per cent, 6.3 per cent

Q11. As per Annual Report of RBI, Commercial banks remained the largest holders of government securities [including T-Bills and state government securities (SGSs)] accounting for _____ at end-March 2023.

- A. 27.5%
- B. 37.5%
- C. 25.5%
- D. 31.5%
- E. 28.5%

Q12. Which of the following States are among the top 3 States with highest mangrove cover in India?

- 1. West Bengal**
 - 2. Gujarat**
 - 3. Andaman Nicobar**
 - 4. Tamil Nadu**
- A. 1, 2 & 3
B. Only 2 & 3
C. Only 1 & 4
D. Only 3 & 4
E. 2, 3 & 4

Q13. Group of Twenty (G20) is an intergovernmental forum comprising 19 countries and the European Union. India holds the Presidency of the G20 from December 1, 2022 to November 30, 2023. Which of the following is not one of the guest countries invited to the G20 summit under India's presidency?

- A. Bangladesh
B. Philippines
C. Mauritius
D. Netherlands
E. Nigeria

Q14. India is NOT a member of which of the following organizations?

- A. SCO
B. ADB
C. World Trade Organisation
D. OECD
E. World Bank

Q15. As per RBI Annual Report 2022-23, India has remained among the fastest growing major economies of the world, contributing more than _____ to global growth on average during the last five years.

- A. 5.5%
B. 7.5%
C. 12%
D. 6.8%
E. 10.5%

Q16. As per the Financial Stability Report, SCBs' gross non-performing assets (GNPA) ratio continued its downtrend and fell to a _____ year low to 3.9% in March 2023 and the net non-performing assets (NNPA) ratio declined to _____.

- A. 8, 0.5%
- B. 10, 1%
- C. 13, 1.5%
- D. 10, 1.5%
- E. 8, 1%

Q17. Despite prolonged geopolitical tensions and slowing global trade, India's merchandise exports touched US\$ 450.4 billion during 2022- 23, which is 6.7 percent above the previous year's record level. Which of the following sectors contributed the largest share in the merchandise exports from India?

- A. Electronic Goods
- B. Petroleum Products
- C. Rice
- D. Organic and Inorganic Chemicals
- E. Iron Ore

Q18. The core theme of the 2025 Payments Vision document is E-Payments for Everyone _____.

- A. E-Payments for Elder
- B. Everywhere, Everytime
- C. Everywhere, Everything
- D. Everything, Everytime
- E. Everyone, Everything

Q19. Which among the following ASEAN countries are also the members of BIMSTEC?

1. Thailand
2. Singapore
3. Myanmar
4. Indonesia
5. Vietnam

- A. 1, 2 and 3 only
- B. 3 and 4 only
- C. 1 and 3 only
- D. 1, 4 and 5
- E. All of the above

Q20. There has been great excitement and a rush of positive sentiment among members of the fintech community (digital lenders), regulated lenders, and investors about the recently (June 2023) released Guidelines on Default Loss Guarantee (DLG) in Digital Lending which were issued by the Reserve Bank of India (RBI). The Guidelines on Default Loss Guarantee (DLG) in Digital Lending is not applicable on which of the following entities?

- A. Payment Banks
- B. Small Finance Banks
- C. State Co-operative Banks
- D. NBFC
- E. Commercial Banks

Q21. The term of State Legislative Assemblies of which of the following states will not end till Jan 2024?

- A. Madhya Pradesh
- B. Rajasthan
- C. Haryana
- D. Chhattisgarh
- E. Telangana

Q22. Which among the following small saving schemes will provide highest return in July-September 2023?

- A. Kisan Vikas Patra
- B. National Savings Certificate (NSC)
- C. Senior citizen savings Scheme
- D. Sukanya Samridhi
- E. Monthly Income Scheme

Q23. HS Prannoy ended a six-year long title drought with a three-game win over China's Weng Hong Yang in a pulsating men's singles finals at the Malaysia Masters. This title is known as _____.

- A. Super 1000 title
- B. Super 500 title
- C. Super 300 title
- D. Super 200 title
- E. Super 100 title

Q24. For the first time in India, the share price of a company crossed the Rs 1 lakh mark. With this, _____ became the first stock in India to cross the Rs 1 lakh mark per share in intra-day trade after its share jumped 1.07 per cent in early trade recently in June 2023.

- A. Honeywell
- B. MRF Ltd.
- C. Page Industries
- D. 3M India
- E. Shree Cement

Q25. With classification of UCBs into four tiers, the prudential exposure limits for UCBs to a group of connected borrowers/parties will be how much of their tier-I capital?

- A. ₹150 lakh
- B. ₹120 lakh
- C. ₹60 lakh
- D. ₹50 lakh
- E. ₹70 lakh

Q26. As per the recent (June 2023) data of Department for Promotion of Industry and Internal Trade (DPIIT), United Arab Emirates (UAE), with which India implemented a comprehensive free trade agreement in May last year, has emerged as the fourth largest investor in India during 2022-23. Which among the following countries are among the top 3 sources of FDI into India?

- A. UAE, Mauritius, US
- B. Netherlands, Mauritius, US
- C. Singapore, Mauritius, US
- D. Singapore, Netherlands, US
- E. Singapore, Mauritius, Australia

Q27. India's overall exports (Merchandise and Services combined) in April 2023 is estimated to be USD 65.02 Billion, exhibiting a positive growth of 2 percent over April 2022. Which one of the following key sectors under merchandise exports exhibited the highest positive growth in April 2023 as compared to the same period last year (April 2022)?

- A. Oil Meals
- B. Electronic Goods
- C. Ceramic Products & Glassware
- D. Drugs & Pharmaceuticals
- E. Cereal Preparations & Miscellaneous Processed Items

Q28. Which of the following States are among the top 3 destination states for FDI in India?

1. Maharashtra
 2. Karnataka
 3. Gujarat
 4. Delhi
 5. Tamil Nadu
- A. Only 1
B. Both 2 & 3
C. 1, 3 and 5
D. 2, 4 and 5
E. 1, 2 and 3

Q29. Dr. Mansukh Mandaviya unveiled the 5th State Food Safety Index (SFSI), which evaluates the performance of states and union territories across six different aspects of food safety. Which one of the following are the top-3 states in the large state category of the State Food Safety Index?

- A. Kerala, Punjab and Uttar Pradesh
B. Andhra Pradesh, Kerala and Punjab
C. Kerala, Punjab and Tamil Nadu
D. Haryana, Kerala and Telangana
E. Haryana, Punjab and Tamil Nadu

Q30. Who has been recently appointed as the chair of B20 India which represents the entire G20 business community?

- A. Ajay Bhalla
B. Gautam Adani
C. N. Chandrasekaran
D. Ratan Tata
E. Ravneet Kaur

Q31. The headquarters of the European Central Bank is located in ____ and was established in _____.

- A. London, 1998
B. Brussels, 2002
C. Paris, 2000
D. Rome, 1998
E. Frankfurt, 1998

Q32. Which of the following statements is true regarding Call Money, Notice Money and Term Money?

- A. Scheduled commercial banks (including Small Finance Banks) cannot set their own limits for borrowing in call money and notice money markets, within the prescribed prudential limits for inter-bank liabilities
- B. Scheduled commercial banks (excluding Small Finance Banks) can set their own limits for borrowing in call money and notice money markets, within the prescribed prudential limits for inter-bank liabilities
- C. Scheduled commercial banks (excluding Small Finance Banks) can set their own limits for borrowing in call money only but not in notice money markets, within the prescribed prudential limits for inter-bank liabilities
- D. Scheduled commercial banks (including Small Finance Banks) can set their own limits for borrowing in call money only but not in notice money markets, within the prescribed prudential limits for inter-bank liabilities
- E. None of the above

Q33. 50 years after the launch of Project Tiger on April 1, 1973, India's tiger population today ranges from 2,500 to 3,000. When Project Tiger started, we had ___ tiger reserves. In 2023, we have ___.

- A. 9, 47
- B. 9, 53
- C. 9, 48
- D. 9, 55
- E. 9, 67

Q34. Which of the following statements is incorrect regarding Sovereign Gold Bonds?

- A. Investment limit per fiscal year is 4 kg for individuals and Hindu Undivided Family (HUF)
- B. Investment limit per fiscal year is 20 Kg for Trusts and similar entities notified by the Government from time to time
- C. Bond is available both in demat and paper form
- D. Total limit is excluding purchase from secondary market
- E. Bond can be used as collateral for loans

Q35. Which among the following banks has launched corporate customer platform "fyn"?

- A. Kotak Mahindra Bank
- B. IndusInd Bank
- C. HDFC Bank
- D. RBL Bank
- E. Federal Bank

Q36. Which of the following is one of the Payment System Operators in India?

- A. Clearing Corporation of India
- B. National Payments Corporation of India
- C. Scheduled Commercial Banks
- D. All of the above
- E. None of the above

Q37. Recently, 40 years have been completed for the historic win of India in the 1983 Cricket World Cup final. India scored 183 runs batting first, what was the score of West Indies?

- A. 128
- B. 133
- C. 110
- D. 125
- E. 140

Q38. The Union Minister of Ports, Shipping & Waterways and Ayush, Shri Sarbananda Sonowal flagged off the maiden International Cruise Vessel "_____", India's first international cruise vessel, from Chennai to _____.

- A. MV Empress, Bangladesh
- B. MV Ganga Vilas, Bhutan
- C. MV Empress, Sri Lanka
- D. MV Ganga Vilas, Sri Lanka
- E. MV Emperor, Sri Lanka

Q39. Which of the following institutes celebrates their foundation day on 1st July?

- A. Indian Space Research Organisation
- B. Institute of Chartered Accountants of India
- C. Defence Research and Development Organisation
- D. Border Roads Organisation
- E. NITI Aayog

Q40. Brand Finance evaluates and values over 5,000 brands every year, across all sectors and geographies to get instant access to the world's largest brand database, including brand value, brand strength, research and competitive ranking data. According to brand finance India, which among the following is not among the top 5 Indian brands?

- A. Tata
- B. Infosys
- C. HDFC Bank
- D. LIC
- E. Reliance

Q41. The National Institutional Ranking Framework (NIRF) was approved by the MHRD and launched by the Honourable Minister of Human Resource Development on 29th September 2015. As per the NIRF's "India Rankings 2023", which one of the following has been matched incorrectly:

- 1. Top performing University: IISc Bengaluru**
 - 2. Top performing College: St. Stephens**
 - 3. Top performing institute in Overall Category: IIT Madras**
- A. 2 only
B. 1 and 2 only
C. 2 and 3 only
D. 1, 2 and 3
E. None of the above

Q42. El Nino is a cyclical environmental condition that occurs across the Equatorial Pacific Ocean and is triggered by natural interactions between the ocean and atmosphere with the driving factors being the sea surface temperature, rainfall, air pressure, and atmospheric and ocean circulations. It occurs when the surface water in the equatorial Pacific becomes warmer than average and east winds blow weaker than normal. The phenomenon is similar to which of the following climatic anomalies?

- A. Indian Ocean Dipole
B. Moven Oscillation
C. Madden Jullian Oscillation
D. Western Disturbances
E. Monsoon

Q43. Which of the following is the mascot launched by RBI as a part of its financial Awareness campaign?

- A. Ms Money
B. Mr Money
C. Money Kumar
D. Mr Kumar
E. Money Raja

Q44. Which of the following is the initiative supported by NITI Aayog, aimed to finance 50,000 electric vehicles for MSMEs?

- A. ELECTRO
B. EVOLVE
C. EVPURE
D. EVWORLD
E. EVNITI

Q45. The World Bank has scrapped Ease of Doing Business and announced a new replacement annual series which will reflect a more balanced and transparent approach toward evaluating a country's business and investment climate. What is the name of the new replacement annual series?

- A. Ease Business
- B. Business PRO
- C. Easy Business
- D. Business Ready
- E. Business PORT

Q46. Food and Consumer Affairs Minister Piyush Goyal has announced that India will achieve its target of ____ ethanol blending with petrol by _____ instead of 2030. He also maintained that the maize crop will play an important role in implementation of the programme.

- A. 20%, 2024
- B. 25%, 2025
- C. 20%, 2025
- D. 30%, 2030
- E. 25%, 2023

Q47. Recently, the Union Minister of Road Transport and Highway has informed about the ambitious India-Myanmar-Thailand Trilateral Highway which connects Kolkata to Bangkok. It belongs to which of which of the following organization?

- A. BIMSTEC
- B. ASEAN
- C. SCO
- D. G-7
- E. G20

Q48. Prime Minister Narendra Modi launched three flagship schemes for urban revamp, including smart cities and housing for all on 25th June 2015, ensuring better quality of life for 40% of the country's population that either live in urban areas or depend on them for livelihood. Which one of the following are the 3-schemes launched?

1. Smart Cities Mission
2. Atal Mission for Rejuvenation and Urban Transformation (AMRUT)
3. Pradhan Mantri Awas Yojana - Urban (PMAY-U)

- A. Only 1
- B. Both 2 & 3
- C. Only 3
- D. Both 1 & 2
- E. All 1, 2 and 3

Q49. According to the Union Budget 2023, Government has decided to continue the 50-year interest free loan to state governments for one more year to spur capital investment and, with a significantly enhanced outlay of Rs 1.3 lakh crore, from _____.

- A. 2021-22
- B. 2025-26
- C. 2024-25
- D. 2022-23
- E. 2023-24

Q50. Which one of the following statements are correct with respect to the Mission for Integrated Development of Horticulture (MIDH) scheme?

1. It is a Central Sector Scheme launched in 2015.
2. It provides financial assistance @35% of the project cost in general areas for setting up post harvest management infrastructure.
3. It provides technical advice and administrative support to state governments/state horticulture missions for the saffron mission.

- A. Only 1
- B. Both 2 & 3
- C. Only 2
- D. Both 1 & 3
- E. All 1, 2 & 3

Q51. Progress has been sluggish in six sectors under Production-Linked Incentive (PLI) schemes. A detailed analysis is being conducted by relevant ministries. Which among the following is not under the non-performing sectors of the scheme?

- A. Information technology (IT) hardware
- B. White Goods
- C. ACC Battery
- D. Textile
- E. Speciality Steel

Q52. Which one of the following states was among the top-3 states in terms of highest GST revenues in June 2023?

1. Haryana
 2. Karnataka
 3. Gujarat
 4. Uttar Pradesh
 5. Maharashtra
- A. Only 2, 3 and 5
B. Only 1, 3 & 4
C. Only 1, 2 & 5
D. Only 3, 4 & 5
E. Only 2, 3 & 4

Q53. E-way bill is a document required to be carried by a person in charge of the conveyance carrying any consignment of goods of value exceeding _____ as mandated by the Government in terms of section 68 of the Goods and Services Tax Act read with rule 138 of the rules framed thereunder.

- A. Rs 50,000
B. Rs 40,000
C. Rs 65,000
D. Rs 1,00,000
E. Rs 75,000

Q54. Name the country that conferred its highest civilian honour to President Droupadi Murmu- The Grand Order of the Chain of Yellow Star?

- A. Sudan
B. South Africa
C. Uganda
D. Suriname
E. Serbia

Q55. The Union Cabinet chaired by the Prime Minister Shri Narendra Modi, approved the constitution and empowerment of an Inter Ministerial Committee (IMC) for facilitation of the "World's Largest Grain Storage Plan in Cooperative Sector" by convergence of various schemes of ministries. Which ministry does not belong to that group?

- A. Ministry of Agriculture and Farmers Welfare
B. Ministry of Cooperation
C. Ministry of Consumer Affairs, Food and Public Distribution
D. Ministry of Food Processing Industries
E. None of the above

Q56. The Reserve Bank releases a quarterly house price index (HPI) based on transaction-level data received from housing registration authorities in ten major cities. The cities are:

- 1. Bengaluru**
- 2. Delhi**
- 3. Jaipur**
- 4. Kanpur**
- 5. Kolkata**
- 6. Mumbai**

Remaining cities are :

- A. Chandigarh, Kochi, Lucknow, Ahmedabad
- B. Chennai, Shimla, Lucknow, Ahmedabad
- C. Chennai, Kochi, Lucknow, Agra
- D. Chennai, Surat, Lucknow, Ahmedabad
- E. Chennai, Kochi, Lucknow, Ahmedabad

Q57. Which one of the following is/are the dimensions across which the states and districts have been assessed under the Social Progress Index (SPI) for States and Districts made by the Institute for Competitiveness and Social Progress Imperative?

- 1. Basic Human Needs**
 - 2. Innovation**
 - 3. Foundations of Wellbeing**
 - 4. Opportunity**
 - 5. Foundations of Healthy life**
- A. Only 1, 3 and 4
 - B. Only 1, 2 and 3
 - C. Only 2, 3 and 4
 - D. Only 1 and 2
 - E. Only 2 and 3

Q58. NASA's MAVEN mission has released some new, mind-blowing images captivating an array of ultraviolet views of the red planet. What does "V" stand for in MAVEN Mission?

- A. Velocity
- B. Vacuum
- C. Volatile
- D. Valence
- E. Vector

Q59. The Basic Statistical Returns (BSR) Code is a seven-digit code that is provided to the registered banks by the RBI. The first three digits in the code identify the bank, while the following four digits identify the bank branch. India's Basic Statistical Returns (BSR) system recently completed _____ since its inception.

- A. 10 years
- B. 20 years
- C. 50 years
- D. 25 years
- E. 75 years

Q60. The Reserve Bank of India (RBI) has fixed the minimum Net Owned Fund (NOF) size for housing finance companies at _____. The housing finance companies (HFCs) holding a Certificate of Registration (CoR) and having an NOF of less than _____ will be required to achieve NOF of Rs 15 crore by March 31, 2022 and _____ by March 31, 2023.

- A. Rs 5 crore
- B. Rs 15 crore
- C. Rs 25 crore
- D. Rs 20 crore
- E. Rs 35 crore

Q61. As per Foreign Trade Policy 2023, towns that produce goods worth at least _____ can be recognized as towns of export excellence, based on their growth potential for exports.

- A. Rs 850 Crore
- B. Rs 750 Crore
- C. Rs 650 Crore
- D. Rs 550 Crore
- E. Rs 450 Crore

Q62. NTPC Limited, India's largest power generation company, has climbed 52 positions to secure the 433rd rank in Forbes' "The Global 2000" List for 2023. Which among the following is/are not the parameters taken into account for determining Forbes 2000 ranking of the top public companies in the world?

- A. Goodwill
- B. Sales
- C. Profits
- D. Assets
- E. Market value

Q63. Recently (June 2023), Indian Council of Agricultural Research (ICAR), New Delhi has signed a MoU with _____ Kisan to combine strengths and create synergy between the two organizations for guiding the farmers on scientific cultivation of different crops for optimum yield and income.

- A. Snapdeal
- B. Meesho
- C. Amazon
- D. Flipkart
- E. CRED

Q64. Recently, SEBI has proposed to tweak the definition of unpublished price sensitive information (UPSI). It proposed changing the definition of UPSI as it currently stands and bringing Regulation 30 of LODR, according to which the listed firms must notify stock exchanges after the occurrence of any events or facts that are material. Which of the following occurrences are included?

1. Any modification to securities
 2. Revision to ratings
 3. Initiation of CSR activities
 4. Change in director
 5. Fraud or default by promoters or key managerial people
- A. Both 2 & 3
 - B. 1, 3, 4 and 5
 - C. Both 1 & 5
 - D. 3, 4 and 5
 - E. 1,2,4 and 5

Q65. As per data from the Ministry of Statistics and Programme Implementation released under "Twenty Point Programme", of the 14 parameters tracked quarterly, the Indian Government achieved a more than _____ target completion ("very good") in six parameters.

- A. 80%
- B. 90%
- C. 75%
- D. 60%
- E. 40%

Q66. Household financial savings refer to currency, bank deposits, debt securities, mutual funds, pension funds, insurance, and investments in small savings schemes. The total of these savings is referred to as gross household financial savings. Once financial liabilities, including loans from banks, non-banking financial companies (NBFCs), and housing finance companies, are subtracted from gross savings, what remains is referred to as net household financial savings. As per the RBI Annual Report 2022-23, which one of the following Financial Saving of the Household Sector has the highest share in 2021-22?

- A. Deposits
- B. Currency
- C. Shares and Debentures
- D. Insurance Funds
- E. Provident and Pension Funds

Q67. TRAI in its endeavor to curb menace of spams through Unsolicited Commercial Communication (UCC) has taken various measures in the recent past. Recently (June 2023), TRAI has now issued a Direction to all the Access Providers to develop and deploy the DCA facility for creating a unified platform and process to register customers consent digitally across all service providers and Principal Entities. What does "DCA" stand for?

- A. Digital Consent Acquisition
- B. Data Consent Acquisition
- C. Digital Content Acquisition
- D. Data Content Acquisition
- E. Digital Communication Acquisition

Q68. Taking forward digitization efforts announced in the Union Budget 2022-23, the Reserve Bank introduced its Central Bank Digital Currency (CBDC) in phases during the year, with the launch of pilots for Digital Rupee (e` in _____.

- A. Wholesale segments only on December 1, 2022
- B. Retail segments only November 1, 2022.
- C. Wholesale and retail segments on December 1, 2022, and November 1, 2022 respectively.
- D. Wholesale and retail segments on January 1, 2022, and December 1, 2022 respectively.
- E. Wholesale and retail segments on November 1, 2022, and December 1, 2022 respectively.

Q69. As per the recent advance estimates of production of major crops for agricultural year 2022-23 released by the Ministry of Agriculture and Farmers Welfare, the production of which one of the following crops did not increase from the previous year?

- A. Jawar
- B. Rice
- C. Wheat
- D. Bajra
- E. Maize

Q70. Which of the following Scheduled Commercial Banks have recorded the highest number of new branch additions in the financial year ended on 31st March 2023?

- A. Yes Bank
- B. Axis Bank
- C. Bank of Baroda
- D. HDFC Bank
- E. ICICI Bank

Q71. Under SEBI (Mutual Funds) Regulations, 1996, Mutual Funds are permitted to charge certain operating expenses for managing a mutual fund scheme. All such costs for running and managing a mutual fund scheme are collectively referred to as 'Total Expense Ratio' (TER). TER is calculated as a percentage of the Scheme's average _____.

- A. Net Asset Value (NAV)
- B. Absolute Returns
- C. Simple Annualised Return
- D. Total Investments
- E. Redemption Amount

Q72. Which among the following metals was not used to make the commemorative '75 Rupee Coin' which was launched during the inauguration of the new Parliament?

- A. Silver
- B. Copper
- C. Nickel
- D. Gold
- E. Zinc

Q73. As per IRDAI, which among the following is a criteria used to identify the Domestic-Systemically Important Insurers?

- A. Number of Branches
- B. Market Share
- C. Domestic and global interconnectedness
- D. All of the above
- E. None of the above

Q74. Recently, the Prime Minister of India attended the 3rd Summit of the Forum for India-Pacific Islands Cooperation (FIPIC) held at which of the following locations?

- A. Fiji
- B. Papua New Guinea
- C. Samoa
- D. Solomon Islands
- E. Niue

Q75. Recently, Indian security forces have been trained in _____ “Krav Maga” to counter China's People Liberation Army (PLA) during patrolling along the Line of Actual Control (LAC).

- A. Russia
- B. Caribbean Island
- C. Israel
- D. France
- E. USA

Q76. The Centre has revised the threshold for GST e-invoicing, and has announced that it will be mandatory for all businesses with annual turnover of over _____ to move to e-invoicing for business to business transactions under goods and services tax (GST) from _____.

- A. Rs 2 crore, Rs 10 Crore
- B. Rs 3.5 crore, Rs 10 Crore
- C. Rs 5 crore, Rs 10 Crore
- D. Rs 10 crore, Rs 20 Crore
- E. Rs 15 crore, Rs 20 Crore

Q77. According to the Union Budget 2023-24, the highest surcharge rate in personal income tax has been reduced from 37% to _____ in the new tax regime for income above ₹2 crore.

- A. 15%
- B. 36%
- C. 17%
- D. 25%
- E. 30%

Q78. Which among the following players has courted controversy when he wrote “Kosovo is the heart of Serbia”, depicting the ethnic tensions flared in the Balkan nation?

- A. Casper Ruud
- B. Carlos Alcaraz
- C. Novak Djokovic
- D. Rafael Nadal
- E. Andrey Rublev

Q79. The Government of India through Indian Strategic Petroleum Reserve Ltd. (ISPRL) under Phase-1 has set up Strategic Petroleum Reserves (SPR) at three locations namely Visakhapatnam, Mangalore and _____.

- A. Varanasi
- B. Padur
- C. Raipur
- D. Kolkata
- E. Ranchi

Q80. Which one of the following statements is/are correct regarding the PM KUSUM Scheme?

- 1. It seeks to increase the farmers' income**
 - 2. The scheme comprises 3- components.**
 - 3. It works towards decreasing environmental pollution.**
- A. Only 1
 - B. Both 2 & 3
 - C. Only 3
 - D. Both 1 & 2
 - E. All 1, 2 and 3

Quantitative Aptitude

Q81. Given below are three equations I, II and III where 'a' and 'b' are the roots of equation I where ($a < b$) and 'c' and 'd' are roots of equation II where ($c < d$). On this basis, solve for equation III and find the relationship between 'z' and 'k' given that $k = 11$

I. $3x(x - 12) + 72 = x^2 - 11x - 5$

II. $5y(y - 3) - 64 = y(3y - 2) - 19$

III. $(z + 2a - d)^2 = 169$

- A. $z > k$
- B. $z < k$
- C. $z = k$ or the relationship cannot be established
- D. $z \geq k$
- E. $z \leq k$

Q82. Given below are three equations i.e. I, II and III. If roots of the equation 'I' are 'p' and 'q', respectively such that $p > q$ while the roots of the equation 'II' are 'm' and 'n' respectively such that $m > n$, then find the value of 'K'.

I. $2x^2 - 6(x + 4) = 3x + 11$

II. $2y^2 - 12(y - 4) = 7y + 6$

III. $(15m/2) - 8q = 9p - 4n + K^2$

- A. 11
- B. 4
- C. 7
- D. 9
- E. 14

Q83. The series given below contains a missing number 'P'. Find the value of 'P' and determine which among the given three statement(s) is/are true.

74, 290, 241, 753, 672, 'P', 1551

I: The nearest perfect square number to 'P' is 1600

II: 'P' is divisible by 11

III: $(P + 28)$ is a multiple of 50.

- A. Only I
- B. Only II
- C. Only I and II
- D. Only II and III
- E. Only III

Q84. Given below are two number series I and II where the missing numbers in series I and II are 'P' and 'Q', respectively. Find the value of 'P' and 'Q' and find which among the given options gives the correct value of (P - Q).

I: 5000, 4000, 3000, 2100, P, 819

II: 4, 6, 15, 56, Q, 1644

- A. 1120
- B. 1090
- C. 980
- D. 1240
- E. 1050

Q85. Given below are two number series I and II where the missing numbers in series 'I' and 'II' are 'P' and 'Q', respectively. Find the value of 'P' and 'Q' and find which among the given options gives the L.C.M of 'P' and 'Q'.

I: 77, 106, 48, P, 19, 164

II: 141, 98, Q, 63, 71, 96

- A. 1080
- B. 1200
- C. 724
- D. 960
- E. 1440

Direction (Q86-90) : Answer the questions based on the information given below.

A survey was conducted among a certain number of players who played games in at-least one of the levels i.e., National and International. Players who played only at national level played in at least one of the three trophies i.e., Ranji, Duleep and Irani while the players who played only at international level played in at least one of the two leagues i.e., CPL and BBL. Out of the total number of players, 10% had played at both levels and the number of players who played only at national level is 250 more than the number of players who played only at international level. 24% of players who played only at national level had played only Ranji which was 200 less than players who played only in CPL. Number of players who played in all three trophies i.e., Ranji, Duleep and Irani is 144 and is 52% less than the number of players who played only Ranji. Ratio of number of players who played only in BBL to number of players who played in both Ranji and Irani but not in Duleep is $25:(p + 3)$. Number of people who played only at national level but not played the Irani trophy is 630. $(2p - 0.8)$ % of the number of players who played only at national level had played only in the Irani trophy. The number of players who played only at international level and played only in CPL was $(p + 10)$ % of total number of players. $(2p + 1.6)$ % of players who played at national level had played in both Ranji and Duleep trophy. Number of players who played both Ranji and Duleep but not the Irani trophy was 125% more than the number of players who played both Irani and Duleep but not Ranji.

Q86. Number of players who played exactly in one trophy is:

- A. 650
- B. 620
- C. 690
- D. 720
- E. 740

Q87. Number of players who played only in the BBL is how much percent of the total number of players who played at the international level?

- A. 40%
- B. 30%
- C. 24%
- D. 50%
- E. 45%

Q88. Ratio of number of players who played in both Ranji and Irani trophy but not in Duleep trophy to number of players who played in both Irani and Duleep trophy but not in Ranji trophy is:

- A. 10: 9
- B. 15: 14
- C. 29: 20
- D. 39: 20
- E. None of these

Q89. Total number of players who played in CPL is:

- A. 300
- B. 500
- C. 700
- D. 750
- E. 450

Q90. Difference between number of players who played in all three trophies and number of players who played in both leagues is:

- A. $6p - 6$
- B. $5p - 6$
- C. $3p^2 - 25p + 6$
- D. $5p^2 - 45p + 12$
- E. None of these

Direction (Q91-95): Following is the data regarding the revenue and expenditure of 4 companies in 2018 and 2017. All figures are in Rs. crore.

Profit = Revenue – Expenditure

Percentage profit = $\frac{\text{Profit}}{\text{Expenditure}} \times 100\%$

	2017		2018	
	Revenue	Expenditure	Revenue	Expenditure
Mckinsey	5800	5300	6000	5000
BCG	6000	5400	5600	4800
Bain	5000	4800	5400	4800
ATK	4800	4000	5000	4000

Q91. Which company in which year has seen the maximum percentage profit?

- A. ATK in 2017
- B. BCG in 2017
- C. Bain in 2018
- D. ATK in 2018
- E. Mckinsey in 2018

Q92. Which company has seen the maximum percentage increase in profit from 2017 to 2018?

- A. Mckinsey
- B. BCG
- C. Bain
- D. ATK
- E. 2 companies have the same percentage increase

Q93. What is the sum of the numerical values of the percentage profit of Mckinsey in 2018 and Bain in 2018?

- A. 27.5
- B. 25
- C. 32.5
- D. 38
- E. 45

Q94. What is the ratio of the numerical values of the percentage profit of Mckinsey in 2017 to BCG in 2017?

- A. 45: 53
- B. 41: 51
- C. 47: 61
- D. 38: 65
- E. 33: 61

Q95. For all 4 companies combined, what is the percentage (approximately) increase in the sum of their profits from 2017 to 2018?

- A. 48%
- B. 62%
- C. 34%
- D. 55%
- E. 72%

Direction (Q96-Q100): Answer the questions based on the information given below.

Five different schools of a district participated in multiple tournaments during a year. Each school won some gold, silver and bronze medals. The pie chart given below shows the percentage distribution of the number of gold medals won by each school out of total gold medals won by all schools together.

The table chart given below shows the difference between the number of gold and silver medals won by each school and the percentage of number of bronze medals won by each school as a percentage of the number of silver medals won by that school.

School	Difference between number of gold and number of silver medals won	Percentage of number of bronze medals won by each school as percentage of number of silver medals won
A	116	84%
B	186	78%
C	104	$(3.5x+1)\%$
D	120	75%
E	144	$4x\%$

Note: Total number of medals won by school 'E' was 86 more than that by school 'D'.

Q96. Find the sum of the number of bronze medals won by school's 'A' and 'C' together.

- A. 816
- B. 664
- C. 704
- D. 752
- E. None of these

Q97. Find the ratio between the number of bronze medals won by school 'E' and the number of gold medals won by school's 'B' and 'C' together, respectively.

- A. 3: 5
- B. 4: 7
- C. 2: 5
- D. 5: 7
- E. None of these

Q98. Find the average number of medals won by school's 'C' and 'D' together.

- A. 925
- B. 890
- C. 915
- D. 935
- E. None of these

Q99. Find the difference between the number of silver medals won by school 'A' and school 'D'.

- A. $12x - 45$
- B. $8x + 45$
- C. $9x + 20$
- D. $12.5x - 15$
- E. $11x$

Q100. If the number of silver medals won by school 'B' were 'm' and the number of gold medals won by school 'D' were 'n', then find the value of $3(m - n)$.

- A. 150
- B. 250
- C. 175
- D. 225
- E. 200

Q101. The question consists of two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question.

A shopkeeper sold an article. Find the selling price of the article.

Statement-I: The selling price of the article is 45% more than the cost price of the article. Marked price of the article is 10% more than the selling price, and the discount offered is Rs. 870.

Statement-II: Profit made by the shopkeeper is 45%. Had the article was sold for Rs. 300 more, the shopkeeper would have earned 50% profit.

- A. The data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question.
- B. The data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question.
- C. The data either in statement I alone or in statement II alone are sufficient to answer the question.
- D. The data given in both statements I and II together are not sufficient to answer the question.
- E. The data in both statements I and II together are necessary to answer the question.

Q102. The question consists of four statements numbered "I, II, III and IV" given below it. You have to decide whether the data provided in any of the statement(s) alone is/are sufficient to answer the question.

There are only three people in a family i.e. father, mother and a child. If present ages of father and mother are in the ratio 10:9, respectively, then find the present age of the child.
Statement I: Ten years hence from now, the age of child will be 56% less than that of the father.

Statement II: Present age of a child is 70% less than that of the father and 24 years less than that of the mother.

Statement III: Six years ago, the age of the mother was 5 times the age of child. Six years hence from now, the age of father will be 28 years more than that of child.

Statement IV: Difference between present age of mother and father is 4 years and difference between present age of child and mother is 24 years.

- A. Only I
- B. Only II
- C. Only I, II and III
- D. Only II, III and IV
- E. Only I and II

Q103. Harry, Ron and Cedrick started a business with an investment of 14: 15: 20. After 5 months, Harry invested an additional amount which was $\frac{2}{5}$ th of the initial investment of Ron.

3 months after that, Ron increased his investment by an amount which was $\frac{1}{4}$ th of Cedrick's initial investment and Cedrick increased his investment by an amount which was $\frac{2}{3}$ rd of Ron's initial investment. After one year of business, the difference between the profit share of Ron and Harry was what percent of that between Ron and Cedrick?

- A. 13.33%
- B. 6.67%
- C. 16.67%
- D. 8.33%
- E. 12.5%

Direction (Q104-106): In the question, two Quantities I and II are given. You have to solve both the Quantity to establish the correct relation between Quantity-I and Quantity-II and choose the correct option.

Q104. The speed of boat 'B' in still water is 8 km/h more than that of boat 'A'. The ratio of downstream speed of boat 'A' to upstream speed of boat 'B' is 9:8. The ratio of upstream speed of boat 'A' to downstream speed of boat 'B' is 6:11. (Both the boats are travelling in the same stream)

Quantity-I: Find the sum of distance travelled by boat 'A' downstream in 125 minutes and distance travelled by boat 'B' upstream in 75 minutes.

Quantity-II: Speed of Boat 'C' in still water is 50 km/h. Find the sum of distance travelled by boats 'A', 'B' and 'C' together while travelling upstream for 1 hour. Boat 'C' is also travelling in the same stream.

- A. Quantity-I > Quantity-II
- B. Quantity-I < Quantity-II
- C. Quantity-I \leq Quantity-II
- D. Quantity-I = Quantity-II or No relation
- E. Quantity-I \geq Quantity-II

Q105. Quantity-I: The selling price of an article when it is marked 36% above its cost price and sold after a discount of Rs. 140 is Rs. 'P' and the selling price of the same article when it is marked 28% above its cost price and sold after a discount of Rs. 120 is Rs. 'Q'. If P : Q = 19:18, then find the cost price of the article.

Quantity-II: The compound interest received on investing Rs. 10,500 for 2 years at 'y%' p.a., compounded annually is Rs. 2,205. Find the compound interest received on investing Rs. 4,800 at a rate of (y + 5) % p.a., compounded annually for 2 years.

- A. Quantity-I > Quantity-II
- B. Quantity-I < Quantity-II
- C. Quantity-I \leq Quantity-II
- D. Quantity-I = Quantity-II or No relation
- E. Quantity-I \geq Quantity-II

Q106. Which of the following pair of symbols will define the relation between Quantity I and Quantity II and between Quantity II and Quantity III respectively?

- A. =
- B. >
- C. <
- D. \geq
- E. \leq
- F. # (relation cannot be established)

'p', 'q' and 'r' are three distinct positive roots of the given equation such that 'p' > 'q' > 'r'.
 $x^3 - 9x^2 + 23x - 15 = 0$

Quantity I: Find the value of '8p'.

Quantity II: Find the value of (q + 40).

Quantity III: Find the value of (r X 20).

- A. C, B
- B. B, C
- C. A, B
- D. B, A
- E. C, A

Q107. Arjun and Rajiv deposited Rs. 8400 and Rs. _____ in scheme A at 20% and at 10% per annum compound interest compounded annually, respectively. Also, Arjun and Rajiv deposited Rs. _____ and Rs. 3700 in scheme B at 15% and at 24% per annum simple interest, respectively. Sum of interest earned by both from both schemes together after 2 years is Rs. _____.

The values given in which of the following options will fill the blanks in the same order in which is it given to make the statement true:

I. 7200, 4120, 8220

II. 9600, 3640, 8540

III. 8000, 5400, 8772

- A. Only I
- B. Only II
- C. Only III
- D. Only II and III
- E. Only I and III

Q108. A man fell down from his boat at point 'A' which was 64 km downstream from a rescue boat which started travelling immediately for his rescue. Till the time the rescue boat reached point 'A', the man travelled with the help of a stream only. As soon as the boat reached the point 'A', the man started swimming towards the boat such that his speed in still water was 5 km/h and the boat rescued him 48 minutes after it reached point 'A'. The speed of the stream is 60% of that of the rescue boat in still water. Find the total distance covered by the rescue boat in the time it meets the man.

- A. 88 km
- B. 108 km
- C. 96 km
- D. 124 km
- E. 120 km

Q109. Paper A is in the form of a square of 130mm. Four quadrants of diameter 14mm are cut from the four corners of the square. Paper B is in the form of a rectangle whose one side is 150mm and this side is 20% more than the shorter side. Two semicircles of diameter equal to the smaller side of the rectangle are cut from both the edges of the rectangle. By what percent is the remaining area of paper B more or less than that of paper A?

- A. 61.3% more
- B. 52.3% more
- C. 61.3% less
- D. 52.3% less
- E. None of these

Q110. A natural number, N , is divisible by at most two distinct divisors of 12. What will the HCF of all possible values of N be?

- A. 2
- B. 1
- C. 0
- D. 3
- E. 4

Reasoning

Direction (Q111- Q112): In each of the questions below are given some statements followed by five conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically does not follow from the given statements, disregarding commonly known facts.

Q111. Only a few bananas are oranges. No banana is mango. No grapes are oranges.

Conclusions:

- A. Some grapes can be mangoes
- B. All bananas can be oranges
- C. Some mangoes are not bananas
- D. Some grapes are bananas is a possibility
- E. Some oranges can be mangoes

Q112. Some actors are dancers. Only a few dancers are singers. No singer is politician

Conclusions:

- A. Some politician being actors is a possibility
- B. Some dancers are not singers
- C. Some dancers are not politicians is not a possibility
- D. Some actors are singers
- E. Some actors are singers is a possibility

Direction (Q113-Q117): Answer the questions based on the information given below:

Nine friends A, B, C, D, E, F, G, H and I were born on the 18th of different months in the same year such that no one was born in March, June and November. These persons belong to different places among Solapur, Kanpur, Jaipur, Raipur, Jodhpur, Sultanpur, Udaipur, Nagpur and Firozpur.

B was born in a month with 31 days and three months before the person from Raipur. Three persons were born between B and D, who is not the youngest. The person from Nagpur was born immediately after the one from Kanpur. The person from Kanpur was not born in a month with only 30 days. G is not from Sultanpur.

There is a gap of only one month between the birth of G and the one from Solapur. The person from Jaipur is five months older than G. F was born two months after D. Only one person was born between F and E, who is from Solapur. H, who is from Udaipur, was born three months after I, who is not the eldest. A is younger than C. Person from Jodhpur was born before the one from Sultanpur.

Q113. A is how many months older than H?

- A. Five
- B. Four
- C. Six
- D. Seven
- E. Eight

Q114. Who among the following persons was/were born between C and the one from Udaipur?

- I. Person from Jaipur
- II. D
- III. B
- A. Both II and III
- B. All I, II and III
- C. Both I and II
- D. Both I and III
- E. Only II

Q115. The oldest person belongs to which place?

- A. Raipur
- B. Jodhpur
- C. Sultanpur
- D. Kanpur
- E. Firozpur

Q116. ___ persons were born between the person who was born in October and the one from ____.

- A. Five, Nagpur
- B. Four, Jaipur
- C. Three, Raipur
- D. Six, Solapur
- E. None of these

Q117. The 3rd oldest person is ___ months older than ____.

- A. Three, D
- B. Five, H
- C. Seven, G
- D. Four, F
- E. Six, B

Direction (Q118-Q119): Study the following information to answer the given questions.

@ F 5 2 M \$ 7 K T R 3 C + 8 B ! 9 D Q * G 6 W N

STEP 1 – Those numbers which are immediately preceded by a symbol and immediately followed by an alphabet are written at the right end in descending order.

STEP 2 – After completing step 1, the alphabet which is immediately followed by a symbol is written between 7th and 6th element from the right end in alphabetical order from left to right.

Q118. Which of the following elements is 4th to the right of the element which is 11th from the right end in step 1?

- A. *
- B. Q
- C. G
- D. B
- E. 9

Q119. How many alphabets are immediately followed or preceded by the symbol in step 2?

- A. Four
- B. Two
- C. Five
- D. None
- E. Three

Direction (Q120-Q124): Answer the questions based on the information given below:

Nine boxes A, B, C, D, E, F, G, H and I are kept one above the other. Each box contains different items among Clothes, Bottles, Books, Watches, Combs, Pens, Mobiles, Shoes & Pencils. Number of items in these boxes is different among 7, 12, 14, 18, 21, 23, 24, 30 and 27. The bottommost box is numbered 1 and the topmost box is numbered 9.

Mobiles are kept in box 4. H is three boxes above the box with 24 items. G has 14 items and is one of the four boxes above H. Third box from the top contains the 2nd highest number of items. There are three boxes between G and the box with 18 items. Number of bottles is six more than the number of clothes. D is immediately below the box which contains clothes and neither of these boxes contains more than 23 items. There are three boxes between the box, which contains bottles and E, which contains books.

Shoes are three boxes above B. A is immediately above F. Box, which contains Pens, is immediately above I. C is three boxes above the box, which contains the lowest number of items. Box with 23 items is immediately below the box, which contains watches. Number of pencils is less than the number of combs. Number of Books is not less than the number of shoes.

Q120. C is how many boxes above the box which contains 21 items?

- A. Four
- B. Five
- C. Two
- D. Six
- E. Three

Q121. What is the sum of the number of combs and pencils?

- A. 37
- B. 35
- C. 41
- D. 30
- E. 28

Q122. Which among the following boxes is not between the box containing the lowest and highest number of items?

- I. D
 - II. A
 - III. Box containing 14 items.
- A. Both I and II
 - B. Only I
 - C. Both II and III
 - D. Only III
 - E. Only II

Q123. What is the difference between the number of items in the topmost box and the number of watches?

- A. 10
- B. 14
- C. 16
- D. 12
- E. 18

Q124. Which among the following boxes are kept between the box with 21 items and box containing Pens?

- A. B
- B. C
- C. D
- D. E
- E. H

Direction (Q125-Q129): Answer the questions based on the information given below.

Fourteen persons are sitting in two parallel rows containing seven persons in each row in such a way that there is an equal distance between adjacent persons. Initially, in row 1, P, Q, R, S, T, U and V are seated and all of them are facing towards the east and in row 2, A, B, C, D, E, F and G are seated and all of them are facing towards the west. Therefore, in the given seating arrangement each person sitting in row 1, is facing the persons sitting in row 2 and vice versa. They play a game of throwing a dice. They interchange their initial position according to the game rules which are as follows:

I. On throwing the dice, if an odd number comes, then the person sitting 2nd to the left of the thrower exchanges his seat with the person sitting opposite to the one, who sits immediately to the right of the thrower.

II. On throwing the dice, if an even number comes, then the person sitting immediately to the right of the thrower exchanges his seat with one, who sits opposite to the thrower.

Before Movement:

1. T sits fourth to the left of P. Either T or P sits at an extreme end of the row.
2. The one who faces P sits second to the left of F.
3. S sits exactly in the middle of the row. C and D are immediate neighbors of each other.
4. Number of persons sitting to the left of F is twice the number of persons sitting to the right of F.
5. The one who faces P sits to the immediate left of G and that person is neither C nor D.
6. Number of persons sitting between P and R is the same as the number of persons sitting between T and S.
7. T neither faces C nor D. No one sits between S and V.
8. At least two persons sit between G and E. R does not face B.
9. At most one person sits between S and Q.
10. U faces neither E nor C.
11. A throws the dice and gets 4 after that F throws the dice and gets 3 and finally, V throws the dice and gets 1.

Q125. Who sits opposite to R after the movement?

- A. D
- B. A
- C. G
- D. F
- E. C

Q126. Who sits 2nd to the right of G before the movement?

- A. A
- B. C
- C. F
- D. B
- E. D

Q127. What is the position of T with respect to V after the movement?

- A. facing the one, who sits 2nd to the right of V
- B. 2nd to the right of V
- C. 2nd to the left of V
- D. facing the one, who sits immediately to the right of V
- E. immediate left

Q128. How many people sit between A and F before the movement?

- A. One
- B. Two
- C. Three
- D. More than three
- E. None

Q129. Which of the following statements is true about B?

- A. B sits immediate right of T after the movement
- B. B sits 4th to the left of Q after the movement
- C. B sits 4th to the right of A before the movement
- D. B sits opposite to V before the movement
- E. None

Direction (Q130-Q131): In the following question, two conclusions have been given followed by five sets of possible statements. You have to take the given conclusions to be true even if they seem to be at variance with the commonly known facts and then decide for the given conclusions logically following from which of the given set of statements disregarding commonly known facts.

Q130. Conclusions:

1. Some gold is not silver.
2. Some gold is fabric.

Statements:

- A. All silver is fabric. No fabric is gold. Some gold is metal.
- B. Some silver is fabric. Some fabrics are gold. All gold is metal.
- C. No silver is fabric. All fabrics are gold. Some gold is metal.
- D. All silver is fabric. Some fabrics are metal. Some gold is metal.
- E. All fabrics are silver. All silver is gold. All gold is metal.

Q131. Conclusions:

1. Some hospitals are buildings is a possibility.
2. Some hostels are not houses.

Statements:

- A. All buildings are schools. All schools are hostels. No school is a house. No hospital is a hostel.
- B. Some buildings are schools. All Schools are hostels. No hospital is a house. Some schools are houses.
- C. All buildings are schools. All schools are hostels. No school is a house. All hospitals are hostels.
- D. Some buildings are schools. No school is a hostel. No hostel is a hospital. Some hospitals are houses.
- E. None of these.

Q132. Direction: In which of the following expressions is $V > Z$, $K < Y$ definitely true?

- A. $X \Rightarrow W > K \Rightarrow Z < Y \Leftarrow U < V$
- B. $W \Leftarrow T < V > G \Rightarrow I \Rightarrow Y > Z < K$
- C. $T \Rightarrow C < V \Rightarrow A = Q \Rightarrow Z > Y > D > K$
- D. $D \Rightarrow E = G > V = F > Z < K < Q \Leftarrow Y$
- E. $A \Rightarrow I \Rightarrow H = L < Z > K > V < J < Y$

Q133. Direction: In which of the following expression is the expression $M \Rightarrow R$ is definitely true?

- A. $X < R \Rightarrow T \Rightarrow P < N > B \Rightarrow M > U$
- B. $N > M > L = C \Rightarrow A = D > S = R$
- C. $L \Leftarrow B > M > X \Rightarrow U \Leftarrow A = O < R$
- D. $T > M = F \Rightarrow G = U \Rightarrow O \Leftarrow R = S$
- E. $A > R \Leftarrow B = L = P \Leftarrow S = M < G$

Q134. The question given below consists of two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statements and give an answer.

Seven persons A, B, C, D, E, F and G are sitting around a circular table having eight seats such that one of the seats is vacant. The vacant seat is to the immediate left of A's seat. All are facing towards the centre. How many people sit between G and F, when counted from the right of F?

Statement I: F sits second to the right of A and to the immediate left of D. One person sits between D and G. B sits opposite to G. C and D are not sitting adjacent to each other.

Statement II: D sits third to right of A. B sits on the third seat to the left of A. One person sits between E and F but neither E nor F sits adjacent to A. E and F are not adjacent to vacant seats.

- A. The data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question.
- B. The data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question.
- C. The data either in statement I alone or in statement II alone are sufficient to answer the question.
- D. The data given in both statements I and II together are not sufficient to answer the question.
- E. The data in both statements I and II together are necessary to answer the question.

Q135. The question given below can be answered using sentences given in only one of the options. Find out the option which can be used to answer the question.

Eight persons A, B, C, D, E, F, G and H are sitting around a square table such that four persons are sitting in the corner of the table and four are sitting in the middle of the table. Also, the one, who sits at the corner of the table faces away from the center and the one, who sits in the middle of the table faces towards the table.

Who sits second to the right of C?

- A. Only two persons sit between C and B when counted from the right of B. A is an immediate neighbor of C and faces towards the center. E sits second to the right of A. B is second to the right of E.
- B. C is an immediate neighbor of A. Person, who is immediate left of C, is sitting opposite to G. E and F are immediate neighbors of each other. F is sitting at the corner of the table.
- C. A sits second to the right of E, who sits in the middle of the table. C is an immediate neighbor of A. D sits second to the left of C. H is an immediate neighbor of D. G sits one of the corners. B sits second to the right of A
- D. Only two persons sit between H and G, when counted from the left of H, who is an immediate neighbor of D, who sits second to the left of C, who sits immediately right of E, who sits in the middle of the table.
- E. None of the above

Q136. The question given below consists of two statements I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statements and give answers.

Six persons, Anu, Bill, Chand, Dia, Ema and Faiz, sit along the corners of a regular hexagonal table and face towards the centre of the table. Who among the following sits immediately to the left of Faiz?

Statement I: Bill sits second to the right of Anu. Chand sits adjacent to Bill. Dia sits second to the right of Chand. Ema does not sit adjacent to Anu.

Statement II: Ema sits adjacent to Dia. Chand sits adjacent to Bill. Dia sits second to the right of Chand. Faiz sits adjacent to Bill. Ana does not sit adjacent to Chand.

- A. Data in statement I alone is sufficient to answer the question, while data in statement II alone is not sufficient to answer the question.
- B. Data in statement II alone is sufficient to answer the question, while data in statement I alone is not sufficient to answer the question.
- C. Data either in statement I alone or in statement II alone is sufficient to answer the question.
- D. Data given in both the statement I and II together are not sufficient to answer the question.
- E. Data in statement I and II together are necessary to answer the question.

Q137. The question given below consists of two statements I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statements and give answers.

Seven points, T, U, V, W, X, Y and Z are drawn on a rectangular piece of paper. What is the direction of point W with respect to point U?

Statement I: Y is 3cm to the west of T. V is 6cm to the east of Y. U is 3cm to the south of T. W is 9cm to the east of Z. X is 6 cm to the west of W. V is 5 cm to the south of X.

Statement II: Z is 6cm to the north of U. X is 3cm east of Z. V is 5cm south of X. Y is 6cm west of V. T is the midpoint of Y and V. W, which is to the east of X, is 13cm to the northeast of Y.

- A. Data in statement I alone is sufficient to answer the question, while data in statement II alone is not sufficient to answer the question.
- B. Data in statement II alone is sufficient to answer the question, while data in statement I alone is not sufficient to answer the question.
- C. Data either in statement I alone or in statement II alone is sufficient to answer the question.
- D. Data given in both the statement I and II together are not sufficient to answer the question.
- E. Data in statement I and II together are necessary to answer the question.

Direction (Q138-Q141): Answer the questions based on the information given below.

P, Q, R are three adjacent buildings. P is to the west of Q. Q is to the west of R. Each building has a different number of floors with the lowest floor numbered as 1, floor above it numbered 2 and so on. The height of floors in each building is the same i.e. the same numbered floors are at equal height from the ground. Only a few of the floors of these buildings are taken and the rest are vacant. None of the buildings had more than 10 floors.

- D's floor number was twice as that of J's floor number.
- J lived in building Q. Q had prime numbered floors and J lived on the floor that was 3rd from the top
- Not more than 3 flats were taken in building P
- F was exactly to the east of B

- B lived exactly above C but not in the same building
 - C and F did not live in the same building
 - A's floor number was thrice as that of C's floor number.
 - A was exactly to the west of H
 - H was not in building R
 - C and G did not live in the same building
 - G lived immediately below E
 - B and E lived on consecutive floors of the same building
 - I was exactly to the east of C
 - I and E did not live in the same building
 - B and G did not have the same floor number
 - The number of floors in I's building was 3 less than that in building Q
1. Only one person lives on each floor
 2. Exactly to the east or west does not mean immediate east or west, but on the same floor.
 3. Immediately above or below implies that the person is not in the same building.

Q138. How many floors were there in building P?

- A. 6
- B. 8
- C. 5
- D. 10
- E. 9

Q139. What was the floor number of F?

- A. 4
- B. 2
- C. 3
- D. 5
- E. 6

Q140. Four of the following bear a similar relation and hence form a group, who among the following is not a part of that group?

- A. B
- B. H
- C. E
- D. A
- E. J

Q141. What was the difference between the number of floors in building Q and P?

- A. 5
- B. 2
- C. 1
- D. 4
- E. 3

Q142. What was the difference between the floor numbers of H and F?

- A. 1
- B. 2
- C. 3
- D. 4
- E. 5

Direction (Q143-Q147): Study the following information carefully and answer the given questions.

A word arrangement machine given an input line of words rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement.

Input: random optimistic thrifty afraid predictable extravagant pompous humble brave pessimistic

Step 1: afraid random optimistic thrifty predictable extravagant pompous humble pessimistic brave.

Step 2: extravagant afraid random optimistic predictable pompous humble pessimistic brave thrifty.

Step 3: humble extravagant afraid random optimistic predictable pessimistic brave thrifty pompous.

Step 4: optimistic humble extravagant afraid random predictable brave thrifty pompous pessimistic.

Step 5: predictable optimistic humble extravagant afraid brave thrifty pompous pessimistic random.

Step 5 is the last step of the above input.

Input: jeopardize entrust safeguard withdrawal anxiety lengthen secular abridge spiritual ease.

Q143. What will be the fourth step of the above input?

- A. jeopardize entrust abridge anxiety secular spiritual lengthen ease withdraw safeguard.
- B. jeopardize entrust anxiety abridge secular spiritual lengthen brave withdrawal safeguard.
- C. jeopardize entrust anxiety abridge secular lengthen spiritual ease withdraw safeguard.
- D. jeopardize entrust anxiety abridge secular spiritual lengthen ease withdraw safeguard.
- E. jeopardize entrust anxiety afraid secular spiritual lengthen withdrawal ease safeguard.

Q144. In step 5th of the rearrangement, if 'anxiety' is related to 'entrust' and 'abridge' in a certain way. Which of the following would 'withdraw' be related to, following the same pattern?

- A. Lengthen and ease
- B. Ease and entrust
- C. Ease and safeguard
- D. Lengthen and safeguard
- E. None of these

Q145. Which of the following steps will be the last but one of the above inputs?

- A. IV
- B. V
- C. II
- D. III
- E. None of these

Q146. Which of the following word is 4th to left of withdraw in step 2?

- A. Ease
- B. Jeopardize
- C. Anxiety
- D. Entrust
- E. Abridge

Q147. What is the position of secular from the right end in the last but one step?

- A. Fifth
- B. Seventh
- C. Fourth
- D. Sixth
- E. Third

Direction (Q148-Q152): Answer the questions based on the information given below:

There are 3 horizontally parallel rows, row 1, row 2 and row 3. Row 1 is to the north of row 2 and row 2 is to the north of row 3. There are five people sitting in each row and L is one of them. In row 1, the first three persons sitting from left to right are facing north and the rest are facing south. In row 3, the first three persons sitting from left to right are facing north and the rest are facing south. In row 2, the first two persons sitting from left to right are facing north and the rest are facing south. Last two persons from the left end of row 1 face the first two persons from the left end of row 2. Last three persons from the left end of row 2 face the first three persons from the left end of row 3.

F, who is sitting 2nd to the right of Q, is sitting opposite to A. Three persons are sitting between A and M. F is facing south. G is sitting 2nd to the right of C and both of them are facing the

north. E is sitting to the left of G. One person is sitting between E and N. B is sitting to the immediate left of D, who is sitting opposite to O, who is not sitting adjacent to A. S and P are sitting opposite to each other. Neither S nor P is sitting in row 1. R is not sitting adjacent to M.

Q148. Find the odd one out?

- A. C
- B. O
- C. N
- D. F
- E. Q

Q149. How many people are sitting to the left of S?

- A. 3
- B. 1
- C. 4
- D. 2
- E. None of these

Q150. How many people are sitting between Q and D?

- A. 2
- B. 3
- C. 1
- D. 4
- E. None of these

Q151. _____ is sitting opposite to B.

- A. D
- B. N
- C. F
- D. Q
- E. None of these

Q152. _____ is sitting in the middle of row 3.

- A. D
- B. G
- C. R
- D. Either (1) or (2)
- E. None of these

Q153. In the question given below, a passage/statement is given followed by three statements which may or may not strengthen/weaken the assertion made in the passage. Answer the questions as per the individual direction given.

It's highly probable that 50 years from now, it is likely that the 2D internet we now all use will seem laughably archaic. Not only will the internet likely exist behind a screen, but it is probable that we will interact with it differently. We'll manipulate objects using augmented reality (AR), explore virtual-reality (VR) worlds, and meld the real and the digital in ways we can currently not imagine.

Which of the following, if true, would strengthen the argument made in the above passage?

I. Truly immersive computing and augmented reality, at scale and accessible by billions of humans in real time, will require a 1,000-times increase in computational efficiency from today's state of the art.

II. Precipitated by the pandemic, we are transitioning away from the nine-to-five commute and turning our backs on the traditional office setting, enabled by a newfound love of virtual meetings.

III. One company not only lets you see how its sunglasses look on your face, it is also working on using augmented reality to virtually show you how the world will look like through different lenses.

- A. Only I and III
- B. Only II and III
- C. Only III
- D. Only I and II
- E. All I, II and III

Q154. In the question below, a situation is given, followed by statements that may or may not be possible reasons for the situation. Select the option that best describes the reason for the situation in the question.

Situation: Drugs giant Pfizer has said it expects \$15bn (≤ 11 bn) of sales this year of the coronavirus vaccine it developed with German firm BioNTech. The vaccine was one of the first to be authorised for use by countries including the UK and the US.

I. In England, around 28 million eligible individuals are yet to be vaccinated - around two-thirds of the population

II. Many countries around the world have been scrambling to vaccinate their populations in a bid to save lives and aid economic recovery.

III. Within age groups, the NHS is trying to ensure that all people, regardless of deprivation, geography, or ethnicity, have equal uptake of the vaccine.

- A. Only I
- B. Only II and III
- C. Only I and II
- D. Only III
- E. All I, II and III

Q155. In the question below, a situation is given, followed by statements that may or may not be possible reasons for the situation. Select the option that best describes the reason for the situation in the question.

Situation: The American Academy of Pediatrics, the American Academy of Child and Adolescent Psychiatry, and the Children's Hospital Association declared a national emergency in child and adolescent mental health in the fall of 2021. This may be a contributing factor to the increase in school shooting incidents across the US.

I. During the past two decades more than 85% of school shootings in the US have been committed by people younger than 25, and the majority by children under 18

II. According to National Alliance of Mental Illness, nearly 20% of high school students have seriously contemplated suicide, and 9% have attempted suicide.

III. While in the past it was easier for adolescents to talk to a trusted adult in their extended family during turbulent times as it was common for three generations of a family to live nearby, it has become rare these days with the prevalence of nuclear families.

- A. Only I and II
- B. Only III
- C. Only II and III
- D. Only I and III
- E. All I, II and III

Direction (Q156-Q160): Read the following and answer the questions:

In a certain coded language,

'Calm breeze blows softly' is coded as '6s# 17j\$ 10m! 3t\$'

'Happy kids play outside' is coded as '9x? 10e@ 17i& 8u%'

'Bright moon shines high' is coded as '18p\$ 0r& 14p# 1j*'

Q156. What may be the code for "Mentioned"?

- A. 9k*
- B. 9m*
- C. 8k*
- D. 6l?
- E. 9m#

Q157. What is the code for "Parenting"?

- A. 7g?
- B. 7r*
- C. 9g?
- D. 7g\$
- E. None of these

Q158. Code '2x!' is for which of the following words?

- A. Chronicle
- B. Dormant
- C. Cool
- D. Calibri
- E. Charisma

Q159. How is the word "Vikram" coded as?

- A. 3n*
- B. 9n(
- C. 13m?
- D. 9n*
- E. 7k!

Q160. How the word "banking selection" be coded as

- A. 5n& 5l@
- B. 9k! 5l@
- C. 5m# 5k\$
- D. 6a\$ 9k!
- E. 4m# 6l%

Q161. The question given below consists of a statement, followed by two arguments numbered I and II. You have to decide which of the arguments is a 'strong' argument and which is a 'weak' argument.

Statement: Should social media platforms such as Whatsapp, Signal and Facebook be required to obtain licences to operate in a country just like telecom companies both of which provide services like voice calling, messaging and video calling?

Arguments:

I. Yes, because it will create a level playing field by making social media platforms liable to pay taxes and levies that telecom companies already do.

II. Yes, this will ensure social media platforms' compliance with security requirements, lawful interception and other regulatory obligations imposed on.

- A. Only argument I is strong
- B. Only argument II is strong
- C. Either I or II is strong
- D. Neither I nor II is strong
- E. Both I and II are strong

Q162. The question given below consists of a statement, followed by two arguments numbered I and II. You have to decide which of the arguments is either a 'strong' argument or 'weak' argument or both or neither of them is 'strong' or 'weak'.

Despite the popularity of economic liberal ideas and globalization, the increasing severity of energy and environmental problems has raised many questions about the ability of markets to solve these problems. The Kyoto Agreement ultimately resulted in the creation of a market-based system. The privatization of environmental problems has helped to reduce greenhouse gas emissions while generating significant amounts of wealth.

Arguments:

I. Yes, it is important to balance economic goals with environmental protection to ensure a sustainable future for generations to come.

II. No, economic liberal ideas and globalisation directly help in conserving climate and thereby there is no need to implement the market-based system.

- A. Only argument I is strong
- B. Only argument II is strong
- C. Either I or II is strong
- D. Neither I nor II is strong
- E. Both I and II are strong

Q163. Each question given below consists of a statement, followed by two arguments numbered I and II. You have to decide which of the arguments is a 'strong' argument and which is a 'weak' argument.

Statement: Should the demand of exporters, who are facing liquidity challenges, for extending GST (Goods and Services Tax) exemption on freight be met?

Arguments:

I. Yes, because GST on export freight is revenue-neutral as exporters can claim a refund after making the payment, so extending the exemption will improve exporters' liquidity.

II. Yes, because GST on export freight is levied by the central government, which has the discretionary powers to provide exemption from the tax.

- A. Only argument I is strong
- B. Only argument II is strong
- C. Either I or II is strong
- D. Neither I nor II is strong
- E. Both I and II are strong

Q164. Read the following group of statements and identify the main conclusion in the argument.

Considering the rate at which these photovoltaic panels are being installed around the country, India is expected to generate an enormous amount of waste over the next 20 years. In fact, India is expected to become one of the top five leading photovoltaic waste producers worldwide by 2050. India should note that it doesn't find itself caught unprepared against a new problem in the future for two good reasons.

First, simply clubbing PV waste with other e-waste could lead to confusion. Secondly, the waste generated from PV modules and their components is classified as 'hazardous waste' in India.

- A. Implementing e-waste management programs can be expensive and may require significant financial resources.
- B. E-waste management requires specialized equipment and technical expertise, which may not be readily available in all areas.
- C. E-waste management often involves complex regulations and requirements that can be difficult to navigate.
- D. India should formulate and implement provisions specific to PV waste treatment within the ambit of the e-waste guidelines.
- E. Now is the right time for it to install clear policy directives, well-established recycling strategies, and greater collaboration to tackle waste.

Q165. In the question below, two statements (I) and (II) are given. These statements may be either independent causes or may be effects of independent causes or a common cause. One of these statements may be the effect of the other statement. Read both the statements and decide which of the following answer choices correctly depicts the relationship between these two statements.

I. Long forced to take a back seat to the arabica bean, robusta is now becoming the flavour of note for the speciality coffee industry.

II. Everyone, from planters to roasters and coffee companies, is promoting robusta, looking at new flavour extraction processes more suited to the bean's unique properties, trying to extract complex flavours from the bean - unheard of even a couple of years ago.

- A. Statement I is the cause and statement II is its effect
- B. Statement II is the cause and statement I is its effect
- C. Both the statements I and II are independent causes
- D. Both the statements I and II are effects of independent causes
- E. Both the statements I and II are effects of some common cause

Q166. In the question given below, a passage/statement is given followed by three statements which may or may not strengthen/weaken the assertion made in the passage. Answer the questions as per the individual direction given.

If every crevasse in your home is overflowing with objects you haven't used in more than five years, it would be fairly safe to say you are a hoarder. And if the very thought of parting with possessions you no longer need creates distress, you may have hoarding disorder. You are not alone - most Indians are known for hoarding, a habit probably triggered by generations of making do and not having enough.

Which of the following, if true, would strengthen the argument made in the above passage?

I. Collectors typically acquire possessions in an organised and targeted fashion whereas hoarders acquire objects impulsively, with little active planning.

II. A typical Indian middle-class family has a room exclusively for holding all the big and small items hidden by generations of family members.

III. Most Indians are constantly worrying about survival, prompting them to keep things in case they are needed in the future.

- A. Only I and II
- B. Only II
- C. Only I and III
- D. Only II and III
- E. All I, II and III

Direction (Q167-Q170): Answer the following questions on the basis of the information given below.

Eight people Alex, Ben, Charlie, Daniel, Peter, Quinn, Rachel, and Sophia are seated around a circular table facing the centre. Some information about their relationships and position is given:

Sophia's husband is sitting two seats to the right of Ben.

Quinn is seated two seats to the left of Daniel's daughter.

Quinn is Rachel's sister.

Sophia's husband is not sitting next to Quinn.

There is one person between Quinn and Alex.

Similarly, there is one person between Peter and Sophia's mother.

Alex is the father of Rachel. Charlie is not sitting next to Quinn.

Sophia's mother is seated immediately to the right of Daniel, who is Sophia's brother.

There is one person between Sophia and Rachel.

Peter is not sitting next to Rachel, who is the mother of Charlie.

Q167. Who is sitting second to the right of Ben?

- A. Rachel
- B. Alex
- C. Quinn
- D. Peter
- E. Sophia

Q168. How many people are seated between Quinn and Alex?

- A. Three
- B. Four
- C. Two
- D. One
- E. None

Q169. Who is the sister of Rachel?

- A. Quinn
- B. Charlie
- C. Peter
- D. Sophia
- E. Ben

Q170. What is the position of Peter's grandmother with respect to Quinn?

- A. 2nd to the right
- B. 3rd to the right
- C. 3rd to the left
- D. 4th to the right
- E. 5th to the left

English Language

Direction (Q171-Q177): Read the following passage and answer the questions based on the available information.

The National Education Policy (NEP) 2020 has rightfully identified 21st century skills as fundamental to developing creators. Critical thinking and problem solving, communication and collaboration, creativity and innovation, flexibility and adaptability, initiative and self-direction, social and cross-cultural interactions, and productivity and accountability all strengthen the individuals' abilities at the workplace.

Relying on traditional literacy and numeracy alone will not suffice and tends to marginalize differently abled learners. Educators could consider a design-based approach where students concentrate on a subject for two-three weeks to examine how it can be applied in the real world. But does our current classroom and content-heavy syllabus enable deep work? Also, how do we retrain teachers who have been trained in traditional systems? They know terms like 'constructivism' but do not know how it should be used in a classroom that is focused on exams rather than learning. And how ready are our future educators?

In a semester-long study that used Wikipedia as a pedagogical tool for teacher training, 65 pre-service (B.Ed) teachers were asked to improve the pages on Wikipedia related to educational concepts. Excluding a few, the content created by most participants was either sent back to them or deleted by neutral editors of

Wikipedia. The content, it was found, was plagiarised, did not provide citations, lacked basic writing and grammar skills, etc. After three iterative cycles that were emotionally intense, the teachers were able to contribute content to over 75 Wikipedia articles in English and over 50 articles in Kannada, Tamil, Telugu, Hindi, Malayalam, Gujarati, Assamese and Punjabi. All the content was related to educational technology. The critical feedback from various Wikipedia editors was crucial because it was unbiased. This feedback forced the learners to re-evaluate their skills. This shows that constant engagement, an emotional connection, and immersive learning are important parts of education. EdTech apps can deliver content that caters to multiple learning styles, learning curves and pace of learning. The pandemic has shown that traditional teacher and brick-and-mortar schools may become obsolete if radical pedagogical changes do not follow.

Q171. Which of the following measures has been suggested in the given passage for improvement of the education system?

- A. Educators will have to find ways to minimize their engagement strategies while integrating technology into their approach.
- B. Both (a) and (c)
- C. Educators can use a method in which students focus on a topic for a few weeks to see how it might be used in actuality.
- D. An individual must be motivated enough to remain immersed in a specific activity to be creative and happy.

E. All are correct.

Q172. Which of the following were not among the shortcomings in the content provided by the teachers for the first time?

- A. Copying was found in the content.
- B. They just stated the obvious facts.
- C. There were no references in the material.
- D. Basic grammar and writing abilities were lacking in the text.
- E. None is incorrect.

Q173. The author is in line with-

- A. Children have lost all personal contact with their social group due to the pandemic.
- B. The field of education is not evolving over time, with contemporary methods not able to find place in the classroom in a traditional setup.
- C. Over-reliance on technology comes at a cost.
- D. Education requires continual involvement, emotional connection, and deep learning.
- E. None of these.

Q174. Which of the following ironies has been mentioned in the given passage?

- A. The disruptive nature of digital tools has thrown up interesting challenges to the traditional education system.
- B. Teachers are familiar with concepts like "constructivism," but are unsure how to use it in the classroom.
- C. Parents are forced to rely upon technology to provide their children constant gratification to keep them engaged.
- D. Both (a) and (b)
- E. None of these.

Q175. Which of the following is not among the qualities that can support an individual to develop his abilities at the workplace?

- A. Teamwork and interaction
- B. Interactions on a social and cross-cultural level
- C. Versatility and flexibility
- D. Problem-solving and critical thinking
- E. None is incorrect.

Q176. Which of the following words is the synonym of “intense”, as highlighted in the given passage?

- A. Catalytic
- B. Impactful
- C. Vehement
- D. Holistic
- E. None of these

Q177. Which of the following words is the antonym of “obsolete”, as highlighted in the given passage?

- A. Contemporary
- B. Archaic
- C. Bygone
- D. Superannuated
- E. None of these.

Direction (Q178-Q181): In each of the questions given below four words are Underlined which may or may not be in their proper place. You are required to interchange these words in order to form meaningfully correct sentences.

Q178. The motto (a) of the US state of New Hampshire is “Live Free or Die”. Appropriately enough, NH is currently the only US state offering legal certification (b) for flying cars. But while such a vehicle sounds like a technology (c) of science fiction, it could soon become a perfectly normal figment (d).

- A. a-c
- B. c-d
- C. b-d
- D. a-b
- E. No interchange required

Q179. The withdrawal (a) down of tensions between Assam and Mizoram, at least at the leadership (b) level, with the respective (c) governments announcing the drawing (d) of FIRs against the Chief Minister of Assam and a Rajya Sabha MP from Mizoram, among other steps, comes as a great relief.

- A. a-d
- B. b-d
- C. a-c and b-d
- D. a-b and c-d
- E. No interchange required

Q180. A day after taking the bold decision to scrap (a) all retrospective tax demands and refund money collected, Prime Minister Narendra Modi said the move shows his government's consistency (b) to provide businesses stability of investment climate (c) and policy commitment (d).

- A. a-c
- B. b-d
- C. a-c and b-d
- D. a-b and c-d
- E. No interchange required

Q181. Happy at a permanent commission for Air Quality Management in the National Capital Region and Adjoining Areas for better coordination, research, regulations (a), and resolution of problems surrounding (b) the air quality index, experts are also wary (c) of the fact that mere identification (d) would not help in the long run.

- A. a-c
- B. b-d
- C. a-d
- D. b-c
- E. No interchange required

Direction (Q182-Q186): Which of the following phrases (A), (B), (C) and (D) can replace the phrase which is underlined so as to make the statement correct grammatically and contextually? If the statement does not need any correction then mark option E as your answer.

Q182. England cruised for a second successive victory at the ICC Twenty20 World Cup, defeating Bangladesh by eight wickets.

- A. cruises on a second successive victory
- B. cruised to a second successive victory
- C. cruise to a second successive victory
- D. crushed to a second successive victory
- E. no replacement required

Q183. The Delhi Disaster Management Authority has issued orders permit schools to reopen, after a gap of 19 months, for students from nursery to Class XII from November 1.

- A. issued orders permitting schools to reopening
- B. issued orders permitting schools to reopen
- C. issue orders permitting schools to reopen
- D. issuing orders permitting schools to reopen
- E. no replacement required

Q184. With limited water resources and increasing water demand, it becomes imperatively to strategize to the sustained use of water in various sectors.

- A. imperial to strategize for the sustained use of water
- B. imperative to strategize for the sustained use of water
- C. imperative to strategize for the sustainable use of water
- D. prior to strategize for the sustained use of water
- E. no replacement required

Q185. Scientists have identified a compound that shows potentially in easing the symptoms of COVID-19 infection in laboratory and animals.

- A. show potential in easing the symptoms
- B. shows potential to easing the symptoms
- C. shows potential in easing the symptoms
- D. showed potential in easy the symptoms
- E. no replacement required

Q186. The Indian team had been defeated host England by 36 runs to lift the T20 Physically Disabled Cricket Series in August last year.

 - C. 1, 2 and 4
 - D. 1, 3 and 4
 - E. None of the above

Q54. Under RBI's Fully Accessible Route (FAR), certain specified categories of Central Government securities were opened fully for non-resident investors without any restrictions, apart from being available to domestic investors as well. It has been decided to exclude all new securities of _____ tenors from FAR.

- A. 10-year and 15-year
- B. 14-year and 30-year
- C. 10-year and 30-year
- D. 14-year and 20-year
- E. 10-year and 20-year

Q55. CERT-In and _____ India sign MoU for collaboration in cyber security to enhance India's cyber-resilience in the financial sector.

- A. Mastercard
- B. VISA
- C. RazorPay
- D. Rupay
- E. Amazon

Q56. The Presidencies of the 2023, 2024, and 2025 UN Climate Change Conferences have formed the COP Presidencies Troika and launched the 'Roadmap to Mission 1.5°C,' to "significantly enhance international cooperation and the international enabling environment to stimulate ambition in the next round of nationally determined contributions. Which of the following countries are a part of this troika?

- A. France, Azerbaijan, and Germany
- B. United Arab Emirates (UAE), Azerbaijan, and Brazil
- C. United State of America (USA), Azerbaijan, and Brazil
- D. United Arab Emirates (UAE), India, and Brazil
- E. United Arab Emirates (UAE), Indonesia, and Brazil

Q57. As per a new report by UN body World Intellectual Property Organisation (WIPO), which one of the following countries has filed the maximum number of GenAI patents?

- A. China
- B. South Korea
- C. Thailand
- D. Nepal
- E. South Africa

Q58. Which organisation has signed up as the official kit sponsor of sports body, Athletics Federation of India (AFI) under which the sports brand will exclusively supply performance kits, speed suits and travel gear to all athletes under AFI?

- A. Puma India
- B. Adidas
- C. Nike
- D. Skechers
- E. Asics

Q59. India has signed an agreement to acquire five lithium mines with a country which is also a part of the “Lithium Triangle”. The group together holds more than half of the world’s total lithium resources. Which of the following countries is/are a part of the “Lithium Triangle”?

- A. Argentina
- B. Bolivia
- C. Chile
- D. All of the above
- E. None of the above

Q60. Which of the following taxes have been subsumed under GST in India?

- A. Central Sales Tax
- B. Central Excise Duty
- C. Service Tax
- D. OCTROI
- E. All of the above

Q61. What is the amount of out-of-pocket allowance which is given to core group athletes under Target Olympic Podium Scheme?

- A. Rs 10,000
- B. Rs 20,000
- C. Rs 30,000
- D. Rs 40,000
- E. Rs 50,000

Q62. Which of the following ministries was the top achiever in achieving the targets of the National Monetization Pipeline?

- A. Ministry of Commerce
- B. Ministry of Defence
- C. Ministry of Road Transport and Highways
- D. Ministry of Home Affairs
- E. Ministry of Finance

Q63. In which of the following sports did India not participate in the recently held Paris Olympics?

- A. Javelin Throw
- B. Hockey
- C. Rowing
- D. Table Tennis
- E. Fencing

Q64. Which of the following statements is not correct with respect to IFSCA?

1. It was established in 2010, under International Financial Services Centres Authority Act, 2009.
 2. It serves as a unified authority for the development and regulation of financial products, services and institutions in the International Financial Services Centre (IFSC) in India.
 3. International Financial Services Centres Authority (IFSCA) has established an expert committee to position GIFTIFSC as a global trading hub.
- A. Both 1 & 2
B. Both 2 & 3
C. Both 1 & 3
D. Only 2
E. Only 1

Q65. As per Financial Stability Report, the CRAR declined for _____ that had higher shares of certain categories of loans for which risk weights were increased under regulatory measures.

- A. PVBs
B. FBs
C. PSBs
D. Both A & B
E. All of the above

Q66. How many information commissioners are there in the Central Information Commission?

- A. 10
B. 9
C. 8
D. 7
E. 6

Q67. Indian Financial Network (INFINET) is a membership-only Closed User Group (CUG) Network that comprises the Reserve Bank of India, Member Banks and Financial Institutions. As the network platform for the National Payments System, mostly catering to interbank applications _____ and _____. INFINET is also used by member banks to access RBI _____, CCIL systems, and other RBI mandated systems.

- A. NEFT, RTGS, and e-Kuber
B. NEFT, UPI, and e-Kuber
C. UPI, RTGS, and e-Kuber
D. NEFT, RTGS, and UPI
E. NEFT, RTGS, and CTS

Q68. Through which of the following formats, the state and UT governments borrow from RBI?

- A. Special Drawing Facility
- B. Ways and Means Advances
- C. Overdraft
- D. All of the above
- E. None of the above

Q69. As per the RBI Guidelines, Banks can reckon outstanding deposits with NABARD under Agriculture and overall PSL achievement, while deposits with SIDBI, MUDRA and NHB can be reckoned only for overall PSL achievement. However, the deposits with which one of the following entities cannot be reckoned for sub-target achievement viz. SMF, NCF, Micro and weaker sections?

- A. Deposits from NHB
- B. Deposits from SIDBI
- C. Deposits from MUDRA
- D. Deposits from NABARD
- E. All of the above

Q70. The Reserve Bank of India set up various notable committees on customer service over the years. Which of the following committees is incorrectly matched with its year of setting up?

- A. Talwar Committee on Customer Service 1975
- B. Goiporia Committee 1990
- C. Tarapore Committee on Procedures and Performance Audit on Public Services 2004
- D. Damodaran Committee on Customer Service 2010
- E. None of the above

Q71. The Securities and Exchange Board of India has proposed that the government should allow tax benefits to companies investing in zero coupon zero principal bonds issued by non-profit organisations listed on the Social Stock Exchange. Under this, the investors or donors purchasing these bonds will receive tax benefits under Section _____ of Income Tax rules.

- A. 80D
- B. 80E
- C. 80F
- D. 80G
- E. 80H

Q72. As per the Migration & Development brief Report, in the fourth quarter of 2023, the global average costs of sending USD 200 continued to be high at 6.4 per cent, 0.2 percentage points higher than the previous year. SDG 10.C underscores the commitment of countries to reducing the transaction costs associated with migrant remittances to less than _____. This target aims to establish a global average for sending USD 200.

- A. 5%
- B. 3.5%
- C. 3%
- D. 2.5%
- E. 1%

Q73. The maximum limit of Retirement gratuity and death gratuity shall be increased to _____ from existing Rs 20 Lakh on account of revision of Dearness Allowance payable to Central Government Employees.

- A. Rs. 21 Lakh
- B. Rs. 22 Lakh
- C. Rs. 23 Lakh
- D. Rs. 24 Lakh
- E. Rs. 25 Lakh

Q74. Which of the following bank(s) do/does not use subsidiaries for their credit card issuance?

- A. State Bank of India
- B. Punjab National Bank
- C. Bank of Baroda
- D. Canara Bank
- E. All of the above

Q75. Union Home Minister Amit Shah launched the MANAS (Madak Padarth Nisedh Asuchna Kendra) Portal with a toll-free number _____ to seek advice on de-addiction and rehabilitation and share information on drug trafficking.

- A. 1933
- B. 1911
- C. 1801
- D. 9011
- E. 9013

Q76. The Indo-Nepal Remittance Facility (INRF, Scheme) is a cross-border remittance scheme to transfer funds from India to Nepal (one-way only), enabled under the NEFT ecosystem. One can remit up to _____ per transaction to the beneficiary residing in Nepal, provided the sender maintains an account with any NEFT enabled bank branch in India.

- A. ₹1 lakhs
- B. ₹2 lakhs
- C. ₹3 lakhs
- D. ₹4 lakhs
- E. ₹5 lakhs

Q77. With which country has India signed a Memorandum of Understanding (MoU), aimed at enabling Micro, Small, and Medium Enterprises (MSMEs) from both countries to participate more effectively in global markets and foster trade?

- A. U.S.
- B. South Korea
- C. Thailand
- D. Nepal
- E. South Africa

Q78. The Reserve Bank of India has recently (November 2023) decided to directly regulate all entities facilitating cross-border payment transactions for the import and export of goods and services. In respect of import and export transactions processed by PA-CBs, the maximum value per unit of goods / services sold / purchased shall be _____.

- A. ₹5,00,000
- B. ₹10,00,000
- C. ₹15,00,000
- D. ₹20,00,000
- E. ₹25,00,000

Q79. Which one of the following statements is/are incorrect with respect to the Beti Bachao Beti Padhao (BBBP) scheme?

- A. The scheme was launched in 2015 under the Ministry of Women and Child Development to prevent gender biased sex selective elimination.
- B. The Pan India Expansion of the scheme covering all districts of the country was launched in 2018.
- C. It aims to improve the Sex Ratio at Birth (SRB) by 2 points every year.
- D. The scheme has been subsumed into Mission Shakti - Sambal sub-scheme from 2021-2022.
- E. None of the above

Q80. What is the name of India's first all-in-one payment product that integrates Point of sale (POS), Quick Response (QR), and speaker into one device?

- A. BharatPe One
- B. PayTm One
- C. PhonePe One
- D. AmazonPay One
- E. NPCI one

Quantitative Aptitude

Q81. Two cars P and Q start travelling at the same time towards each other with uniform speed from stations Dehradun and Bangalore respectively. Car P reaches Bangalore in 10 hours, while car Q takes 9 hours to reach Dehradun after meeting car P at Lucknow. If total time taken by car Q to travel from Bangalore to Dehradun is 't' hours, then find which of the following is incorrect.

I. $t + 1 = 4^2$

II. t is a perfect number

III. t is an even number

- A. Only I
- B. Only II
- C. Both I and II
- D. All I, II and III
- E. Both II and III

Direction (Q82-Q86): Read the information and answer the following questions.

There are three manufacturers A, B and C manufacturing two products bags and bottles. The ratio of bags and bottles manufactured by A is 9:5 and the number of bags manufactured by B is 25% of bottles manufactured by A. Number of bottles manufactured by C is 1500. The number of bottles sold by A is equal to the least number of products manufactured from shop A and B. The number of bags sold by B and C are equal and a perfect square of multiple of 5. The number of bags sold by B is $\frac{1}{5}$ th times the unsold bottles by B. Unsold bottles by B and C are the same. Total number of unsold bottles by all the shops lies between (1000 - 3000).

Note -

- (i) Total product manufacture = Total product sold + total product unsold.
- (ii) Equal number of products manufactured by all the shops.
- (iii) The difference between bottles sold and unsold by A is 500.

Q82. The ratio of products sold by A to B is 25:43 and unsold bags of A are 60% more than bags sold by D. If the unsold bags of D are 40% more than that of B, then the total bags manufactured by D is what percentage of bottles sold by C?

- A. 71%
- B. 10%
- C. 171%
- D. can't be determined
- E. None of these

Q83. If the ratio of total products sold to total bottles sold by all the shops is 4:3, then find the unsold Bags of A is what percentage of unsold bottles by B.

- A. 200%
- B. 180%
- C. 150%
- D. 100%
- E. None of these

Q84. The cost of each bag and each bottle is Rs(x) and Rs(x+10) and total revenue generated by C and A by selling is the same i.e., 21000, then find the bags unsold by A.

- A. 50
- B. 100
- C. 200
- D. 150
- E. 1600

Q85. If the number of defective bags sold by A is 20% more than the unsold bags by C, if the number of non-defective bags sold by A is 240 less than the bags unsold by A, then find that a bag sold by A is how much more/less than a bottle manufactured by C?

- A. 0
- B. 1000
- C. 1500
- D. 500
- E. None of these

Q86. Find the ratio of average of total bags manufactured by A, B & C to the average of total unsold bottles of A, B & C.

- A. 67:35
- B. 65:32
- C. 67:41
- D. 61:31
- E. 71:37

Q87. There are two rooms A and B of different length and same breadth and height attached with a door. The length and breadth of the door are in the ratio of $x:(x-3)$. The breadth of the rooms is 50% more than the length of the door and height of the rooms is 60 cm less than the breadth of the rooms. Length of room A is 40 cm less than the length of room B. The area of four walls of room A including door is 1.92 m^2 less than the area of area of four walls room B including door.

If the sum of the length and breadth of the door is less than 300 cm, then what is the range of the area of the door?

- A. 14000, 18000
- B. 10000, 16000
- C. 12000, 17000
- D. 12000, 20000
- E. 15000, 30000

Direction (Q88-Q93): Read the following table carefully and answer the questions given below.

Table shows the total number of employees (males + females) in four (K, L, M & N) different companies. Table also shows the percentage of male employees and female employees in these companies. Companies total number of Percentage of males & females is $(X + Z) \%$ of employees

Companies	Total number of Employees	Percentage of Males	Percentage of Females
K	$\frac{5}{3} \times Z^2$	20%	$(X+Z) \%$
L	$X+800$	Y%	—
M	500	2Z%	40%
N	$15Y-200$	$(X-5) \%$	E%

Note: Ratio of Y to X is 8:5 respectively.

Q88. If the total number of female employees in company P is '4.5Y' and total number of male employees in company P is '3X', then find the ratio of total employees in company K to company P.

- A. 50:17
- B. 45:19
- C. 54:11
- D. 42: 23
- E. 40: 27

Q89. Find the total number of female employees in L is what percentage of total number of male employees in M?

- A. 8.33%
- B. 66.67%
- C. 12.50%
- D. 33.33%
- E. 56.67%

Q90. Number of male employees in N work in two different departments, i.e., HR & Sales and are in a ratio of 8:7 respectively. If the number of female employees in N work in Sales 20% more than that of male employees working in the same department, then find the difference between the number of male and female employees working in HR. (Total employees in N work in only two departments)

- A. 67
- B. 44
- C. 58
- D. 42
- E. 38

Q91. If $R = \sqrt{X + E + Z + 9}$, then find the value of $\frac{Y}{R}$

- A. 5.95
- B. 2.50
- C. 6.67
- D. 4.67
- E. 8.32

Q92. In company K, '2E' number of males and '2.5X' number of females resign from the company, then find the total number of remaining employees in company K.

- A. 1550
- B. 1090
- C. 1175
- D. 1450
- E. 1265

Q93. Find the ratio of the average of Male employees from Company K, L, M & N to the average of Female employees from company K, L, M & N.

- A. 151:165
- B. 161:173
- C. 173: 212
- D. 183:227
- E. 181:231

Direction (Q94-Q97): Following questions have two quantities as Quantity I and Quantity II. You have to determine the relationship between them and give an answer accordingly.

Q94. Boat A can travel D km upstream in 108 minutes, while the boat can cover D^2 km downstream in D hours and $12D$ minutes.

Quantity I: Find the speed of the boat A in still water is what percent more than the speed of stream?

Quantity II. If the speed of boat B in still water is 60% more than that of boat A, and boat B can row in the same river as boat A, then the downstream speed of boat B is what percentage of the speed of boat A in still water.

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \geq Quantity II
- D. Quantity I \leq Quantity II
- E. Quantity I = Quantity II or No relation

Q95. A person invested Rs. 40000 at the rate of 5R% per annum simple interest for R years and received Rs. 18000 as interest.

Quantity I: Find the compound interest received after 2 years, if he had invested Rs. 30000 at the $(R+7)$ % per annum compounded annually.

Quantity II: If Rs. $8000R$ is invested at the rate of 18% per annum simple interest, then interest received after 4 years.

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \geq Quantity II
- D. Quantity I \leq Quantity II
- E. Quantity I = Quantity II

Q96. The ratio of the income of A to that of B is 7:6 and the expenditure of B is 10% less than that of A. The savings of A is $\frac{1}{3}rd$ more than that of B. The income of A is Rs. 10000 more than the expenditure of B and the income of B is Rs. 4000 more than the expenditure of A.

Quantity I: The difference between the expenditure and savings of B.

Quantity II: The total income (expenditure + savings) of A.

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \geq Quantity II
- D. Quantity I \leq Quantity II
- E. Quantity I = Quantity II

Q97. The Product of LCM & HCF of two numbers a, b is 294 & b is $33\frac{1}{3}\%$ less than a.

Quantity I Find value of $7a^2 - 15b - 607$

Quantity II: Find LCM of $(6a-28)$ & $(3b+1)$

- A. Quantity I > Quantity II
- B. Quantity I < Quantity II
- C. Quantity I \geq Quantity II
- D. Quantity I \leq Quantity II
- E. Quantity I = Quantity II

Q98. Anmol invests Rs. $(2P + 1500)$ in a bank, offering simple interest at 11.11% per annum. After three years he withdrew all amounts from the bank and invested in a scheme which offered compound interest at 50% per annum. Total amount received from the scheme after two years is Rs. $(10.2P - 1800)$.

Find which of the following statement(s) is/are definitely true?

- I). Interest received from the scheme is $(5.2P - 300)$.
- II). Amount invested by Anmol in bank is Rs. 4500
- III). Interest received from the Bank is Rs. P

- A. II only
- B. I and II only
- C. I and III only
- D. II and III only
- E. None of these

Q99. The ratio of amount invested by Rakesh in first and second half of a year in a SIP is x: y respectively, while the ratio of amount invested by Payal in first and second half of a year in a SIP is y: x respectively. The average amount invested by Rakesh in the second half and Payal in the first half is Rs 9100. The total amount invested by Rakesh for the whole year is 60% more than that of the total amount invested by Payal for the whole year.

If the total amount invested by Payal in second half of the year is Rs. 1000 less than that of in first half, then which of the following statement/s is or are false for total amount invested by Rakesh for the whole year in the SIP.

- I. The difference between the total amount invested by Rakesh and Payal for the whole year is multiple of 13.
- II. Invested amount is more than 65% of the total amount invested by both for the whole year in the SIP.
- III. If Payal invested Rs 4000 more in each half of the year in SIP, then she will invest more amount than Rakesh in the whole year

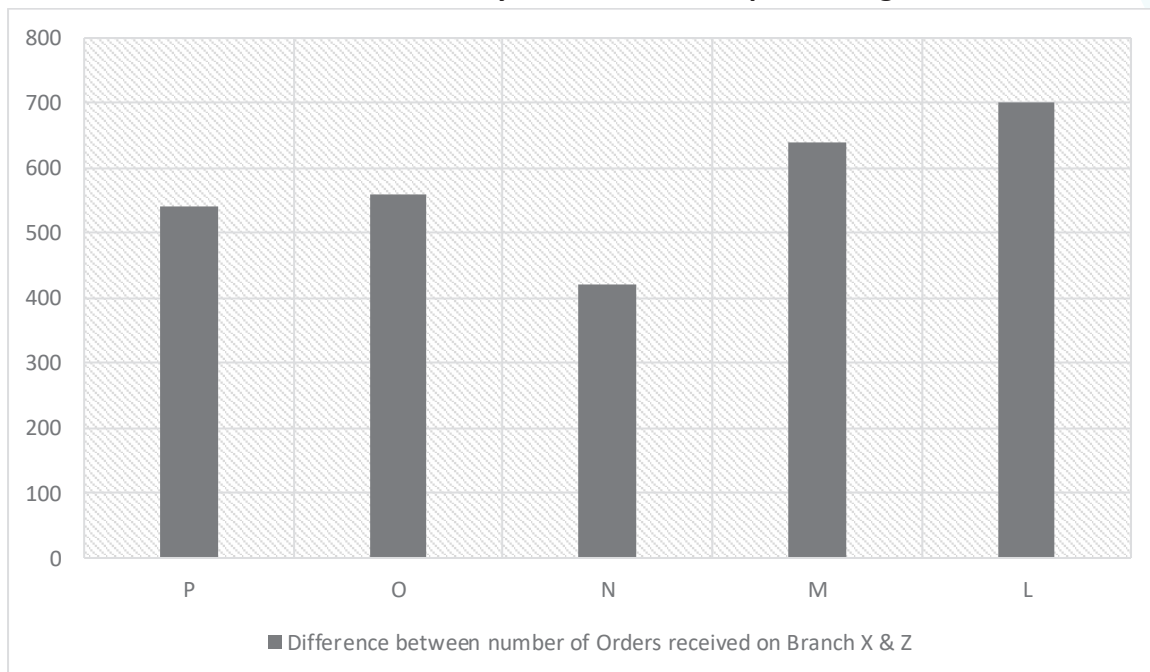

- A. Only III
- B. Only I
- C. None of these
- D. Both II and III
- E. Only II

Q100. L and M started a business by investing amounts in the ratio 6: 5 respectively. L invested Rs.4000 more than M. After months, N joined them by investing Rs.16000 and L withdrew ___% of his investment. After next 6 months, M withdrew Rs.____ and N added Rs.2000. At the end of 2 years partnership, the profit received by L, M and N is in the ratio 120: 110: 69 respectively.

Which of the following options is possible to fill the given blanks in the same order?

- A. 8, 25, 4000
- B. 6, 20, 2000
- C. 8, 20, 6000
- D. 4, 25, 2000
- E. 6, 30, 4000

Direction (101-106): The bar graph given below shows the difference between the number of orders received on branch X and Z of KFC which were delivered by five delivery men L, M, N, O and P. The table given below shows the ratio of orders received from branch X, Y and Z of KFC. Read the data carefully and answer the questions given below.

Delivery Men	Ratio of order received on Branch X to Y (X: Y)	Ratio of Order received on Branch Y to Z (Y: Z)
L	1:2	3:5
M	2:1	1:3
N	3:1	1:5
O	1:1	3:1
P	3:4	1:3

Q101. If the average number of orders delivered by M from all three branches is 'x', then find the value of $\frac{5x}{2}$.

- A. 3000
- B. 2000
- C. 3200
- D. 1800
- E. 3600

Q102. Total orders delivered by P of branch Y is what percent less than total orders delivered by M of branch X?

- A. 18.75%
- B. 72.25%
- C. 80.25%
- D. 81.25%
- E. 90.25%

Q103. The delivery cost of each order which is delivered by O of branch Z is Rs x and delivery cost of each order which is delivered by N of branch Z is Rs y. If the ratio of total amount received by O to deliver orders from Z to amount received by N to deliver orders from Z is 1:6 and total amount both received are Rs49000, then find delivery cost of each order which is delivered by O of branch Z and order which delivered by N of branch Z respectively.

- A. 25 & 40
- B. 15 & 18
- C. 20 & 32
- D. 30 & 48
- E. Can't be determined

Q104. Find the difference between total orders delivered by L and P from all three branches.

- A. 660
- B. 760
- C. 720
- D. 740
- E. 860

Q105. The ratio of orders delivered by N from branch Y to males and females is 5:2 respectively, while the ratio of orders delivered by O from all three branches to males and females is 7: 3. Find the sum of orders delivered by N from branch Y to males and orders delivered by O from all three branches to females.

- A. 1522
- B. 648
- C. 728
- D. 738
- E. 718

Q106. Calculate the ratio of the total orders received by Branch X from delivery men L, M, N, O, and P to the total orders received by Branch Y from the same delivery men.

- A. 321:251
- B. 323:253
- C. 330:271
- D. 350:267
- E. 321:253

Direction (Q107-Q109): Study the following information carefully and answer the questions given below.

Q107. Find out the wrong number in the following series.

47, 240, 1446, 10120, 81040, 729369

- A. 240
- B. 1446
- C. 10120
- D. 47
- E. 81040

Q108. Find out the wrong number in the following series.

2 ,14, 91 ,546, 3003 ,15517, 67567.5

- A. 3003
- B. 91
- C. 15517
- D. 546
- E. 14

Q109. Find out the wrong number in the following series.

25, 187, 793, 3181, 9553, 19117, 19129

- A. 793
- B. 3181
- C. 25
- D. 187
- E. 9553

Q110. The monthly income of Q is 33.33% less than that of P and both spend equal amounts on food. P spends 40% of the income on food and the amount spent by Q on shopping is 0.25Y times the amount spent on food. P and Q spend their monthly income on shopping and food only. The amount spent on food by P is Rs 10800 more than the amount spent on shopping by Q. If 50% of the remaining monthly income of P is spent on shopping, then find the monthly income of P (in Rs)

- A. 36000
- B. Can't be determined
- C. 24000
- D. None of these
- E. 18000

Reasoning

Direction (Q111-Q115): Study the following data carefully and answer the questions accordingly.

There are seven persons I, J, K, L, M, N and O who are born in different years viz. 1968, 1976, 1983, 1991, 1996, 2001 and 2007 but not in the same order. Calculations are done with respect to the year 2024 and assuming the month and date to be the same. They all collect different things viz. key chain, eraser, ring, pen, cream, sharpener and bottle but not in the same order.

Only one person is born between the one who collects the bottle and N, whose age is a prime number. M's age is a prime number, and he is born immediately before the one who collects the sharpener. Neither M nor N is the youngest. I's age is multiple of 4. K is 5 years younger than J. The age of O is three times the age difference between the one who collects sharpeners and J. Only two people are born between the one who collects keychains and I, who does not collect bottles. As many persons born between L and the one who collects bottles are the same as between the persons who were born between N and the one who collects eraser. K is not older than the person who collects the ring. The person who collects the ring is born after the person who collects the cream.

Q111. What is the difference between the ages of M and N?

- A. 26 Years
- B. 15 Years
- C. 16 Years
- D. 18 Years
- E. 14 Years

Q112. Who among the following collected bottles?

- A. One who was born in 1991
- B. One whose age is 56 years
- C. One whose age is 28 years
- D. One who was born in 1983
- E. None of these

Q113. How many people are born between O and the one who collected Pen?

- A. 2
- B. 3
- C. 4
- D. 5
- E. None

Q114. Which is the incorrect combination?

- A. 1976 – O – Cream
- B. Key chain – J – 33
- C. M – 22 - Pen
- D. N – 1983 – Ring
- E. K – 28 – Bottle

Q115. What is the difference between the ages of the one who collected the key chain and the one who collected the cream?

- A. 15
- B. 13
- C. 12
- D. 11
- E. 17

Direction (Q116-Q120): Study the following data carefully and answer the questions accordingly.

A certain number of persons are sitting in a row facing north and they belong to different countries. A sits three places away from D. Only three persons sit between J and D who belong to Qatar. Four persons sit between A and the one who belongs to Australia. B belongs to Mongolia and sits second to the right of the one who belongs to Australia and second to the left of C who doesn't sit at the end of the row. The one who belongs to Finland sits fourth from one of the ends of the row and sits adjacent to the one who belongs to Mongolia. G sits four places away from the one who belongs to Finland. Six persons sit between G and the one who belongs to Oman. The one who belongs to Yemen sits third to the right of the one who belongs to Oman. Three persons sit between the one who belongs to Yemen and M who sits immediately to the left of the one who belongs to Japan, who sits at one of the extreme ends. The number of persons sitting in the row is a prime number.

Q116. How many people are sitting in the row?

- A. 26
- B. 23
- C. 22
- D. 15
- E. 20

Q117. Which of the following statement(s) is/are true with respect to the final arrangement?

- A. A sits third to the right of the one who belongs to Mongolia
- B. G sits immediate right of J
- C. B sits immediate right of the one who belongs to Australia
- D. A sits third to the left of M
- E. Both C and D

Q118. How many persons are sitting between the persons who belong to Yemen and Qatar in the final arrangement?

- A. 6
- B. 1 less than between G and J
- C. 3 more than between B and D
- D. Same as the number of persons sitting to the right of D
- E. 10

Q119. How many people are sitting between the people who belong to Finland and Japan in the final arrangement?

- A. The number is a multiple of 5
- B. The number is a multiple of 6
- C. The number is a multiple of 7
- D. The number is a multiple of 4
- E. 8

Q120. What is the incorrect combination with respect to the final arrangement?

- A. B and the persons belong to Finland
- B. The persons belong to Japan and M
- C. G and D
- D. A and J
- E. C and A

Q121. If 2 is subtracted from the second, fifth, seventh and eighth digits of the number '543637894' and add 1 to the remaining numbers then eliminate those digits which are repeating in the new number. Then arrange the remaining digits in descending order from left to right direction. Find the sum of the second digit from the left and the third digit from the right of the number after the rearrangement.

- A. 9
- B. 4
- C. 3
- D. 11
- E. 5

Q122. If we take the third letter from the left end of each word of the set of words to form a four-letter meaningful English word. Then which of the following will not form a meaningful English word?

- A. Came, Mile, Male, Shine
- B. Began, Glove, Cow, Cold
- C. Door, Bank, Green, Battle
- D. Care, Tank, Hassle, Foam
- E. Towel, Given, Flame, Chair

Q123. Read the statement carefully and answer the question that follows.

A comprehensive analysis involving 50 NEET coaching institutes across City Y, randomly chosen from diverse socio-economic backgrounds, revealed an intriguing pattern. The study found that coaching institutes with the highest average student test scores were typically smaller in size; indeed, the top-performing 7% of coaching institutes were consistently among the smallest 7% in terms of student enrollment. This suggests that fostering the growth of smaller coaching institutes could be a key strategy for enhancing overall student performance in NEET.

Which of the following can be inferred from the above statement?

- A. Coaching institutes with small sizes have good teaching methods.
- B. Size of the coaching institutes is correlated with student's achievements.
- C. Small coaching institutes have better student-teacher ratios than large schools.
- D. It is a coincidence that smaller coaching institutes have better student achievement.
- E. None of the above

Q124. Read the statement carefully and answer the question that follows.

There appears to be significant concern regarding the new environmental regulations imposed on small manufacturers. The regulations, introduced as part of a 2023 policy aimed at reducing carbon emissions, require small manufacturers to pay substantial heavy fines if their operations exceed specified emission thresholds.

Which of the following provides a strong reason for why these new environmental regulations might be viewed as excessively harsh and unfair to small manufacturers?

- A. Large corporations often have more resources to implement advanced pollution control technologies than smaller manufacturers.
- B. Stricter regulations could lead small manufacturers to adopt more innovative, eco-friendly production methods.
- C. The fines collected from small manufacturers could be used to fund large-scale environmental conservation projects.
- D. Imposing heavy fines on small manufacturers could drive them out of business, leading to job losses and economic harm in local communities.
- E. Enhanced regulations are essential for global environmental leadership and will ensure compliance with international climate agreements.

Q125. A recent study analyzed the performance of various types of community centers across different neighbourhoods. It found that centers with more specialized programs, such as after-school tutoring or mental health workshops, consistently had higher engagement and positive outcomes compared to those offering more general services. Which of the following provides the best reason why specialized community centers might be considered more effective than those offering general services?

- A. Specialized programs attract more diverse funding sources and sponsorships than general programs.
- B. Community centers with specialized programs may better meet specific needs of the local population, leading to more targeted and impactful support.
- C. General community centers are more cost-effective and can serve a larger number of people with less financial investment.
- D. Specialized programs often require more trained staff and resources, which could lead to higher operational costs.
- E. Community centers with specialized programs may have higher visibility and recognition within the community, attracting more volunteers.

Direction (Q126-Q128): Study the following data carefully and answer the questions accordingly.

Ekta started driving from point P towards the east for 5 km and reached point Q. Then, she took a right turn and drove 8 km to reach point R where she took a left turn. Driving for 5 km in the same direction, she takes a left turn from point S and drives for 14 km. Then she takes a right turn from point T and drives for another 3 km and finally stops at point U.

R is 20m to the north of point G. Point T is 8m to the east of point H. Point P is 16m to the north of point W. Point Y is 20m to the south of point T. Point O is 18m to the east of point W.

Q126. If the petrol cost is Rs.89/litre and the mileage of the car is 5 kmpl, then what will be the total cost of the journey of Ekta to reach its destination?

- A. Rs. 533
- B. Rs. 623
- C. Rs. 633
- D. Rs. 528
- E. Rs. 632

Q127. What is the shortest distance between the points W and U?

- A. $\sqrt{233}$ km
- B. $\sqrt{133}$ km
- C. $\sqrt{653}$ km
- D. $\sqrt{63}$ km
- E. $\sqrt{630}$ km

Q128. Which of the following is incorrect?

- A. G is southwest of T
- B. O is southeast of U
- C. Y is east of W
- D. P is southwest of H
- E. Y is northwest of O

Direction (Q129-Q130): In the question below there are some conclusions followed by four or five sets of statements in the options. You have to take the four given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the set of statements satisfies the conclusions.

Q129. Conclusions:

Some trees are not plants.

Some plants may be wood.

Statements:

- A. No flowers are trees. All trees are leaves. No leaves are wood. Some plants are leaves.
- B. Some flowers are trees. No trees are leaves. No leaves are wood. All plants are leaves.
- C. Some flowers are trees. Some trees are leaves. All leaves are wood. No plants are leaves.
- D. No flowers are trees. No trees are leaves. All leaves are wood. No plants are leaves.
- E. None of These

Q130. Conclusions:

Some rows are not tables

Statements:

- A. Some rows are lines. No lines are columns. All columns are tables.
- B. No rows are lines. Some lines are columns. Some columns are tables.
- C. 41% rows are lines. No lines are columns. No columns are tables.
- D. Some rows are lines. No lines are columns. Only columns are tables.
- E. None of These

Q131. If all the consonants of the word 'MALNOURISHED' changed into previous letter and all the vowel changed into the next letter in English alphabetical series and then all the letters arranged in English alphabetical order from left to right then how many consonants are there English alphabetical series between the second letter from left and fourth letter from right end of the newly formed word?

- A. 10
- B. 6
- C. 7
- D. 11
- E. 9

Direction (Q132-Q136): Study the following data carefully and answer the questions accordingly.

Eight people are sitting around the square table. Four persons are sitting at the corner faces inside the table and four persons are sitting at the middle faces outside the table. The persons sitting at the corner like different flowers – Jasmine, Rose, Lily and Sunflower. The persons sitting in the middle like different fruits – Watermelon, Mango, Kiwi and Orange.

The one who likes Orange sits second to the left of the one who likes Kiwi, who is not the immediate neighbour of A. Only one person sits between B and the one who likes sunflowers. The one who likes jasmine sits third to the right of H. A sits second to the right of the one who likes jasmine. The one who likes watermelon is an immediate neighbour of A. The one who likes roses sits opposite to the one who likes lily. C sits second to the right of G. F faces the one who likes sunflowers. E and G sit opposite to each other. E does not like sunflowers. Lily is not an immediate neighbour of the one who likes mango. Neither D nor C sits second to the right of the one who likes lilies. The one who likes Rose does not sit immediately to the left of the one who likes watermelon.

Q132. Who sits fourth to the right of C?

- A. Person who sits opposite to E
- B. Person who sits immediate left of B
- C. Person who sits immediate right of A
- D. Person who sits second to right of F
- E. Person who sits third to right of E

Q133. Who sits sixth to the left of the one who likes watermelon?

- A. Person who sits third to the right of C
- B. Person who sits second to the right of H
- C. Person who sits opposite to C
- D. Person who sits second to the left of E
- E. None of these

Q134. Which of the following statements is/are true with respect to E?

- I. Both D and B are the immediate neighbours of E
 - II. E sits second to the left of the person who sits opposite to C
 - III. More than two persons sit between E and F from both directions.
- A. Only I and II
 - B. Only II
 - C. Only II and III
 - D. All I, II and III
 - E. Only I

Q135. Four of the following five are alike in a certain way and hence, form the group. Which is the one that does not belong to the group?

- A. DA
- B. EC
- C. CG
- D. FB
- E. DE

Q136. In which of the following statements the first person sits to the immediate left and immediate right of the second and third persons respectively?

I. BGC

II. FCG

III. GAD

- A. Only I
- B. Only II
- C. Only I and III
- D. All I, II and III
- E. None of these

Q137. In art history, the portrayal of animals has changed over time. Early artworks often showed animals in a very stylized or symbolic way. Recently, it has been observed that many paintings by Lee, a modern artist, depict animals in an exaggeratedly sentimental manner. Some argue that Lee must have a personal bias towards animals, given the emotional nature of these portrayals.

Which of the following weakens the argument above?

- A. Other modern artists also depict animals in a sentimental manner.
- B. Lee has a personal collection of animal-themed artwork.
- C. The way animals are depicted in art does not necessarily reflect the artist's personal feelings towards animals.
- D. Lee's paintings are known for being emotionally intense in general.
- E. None of these

Q138. Even though the Indian market size is often considered limited and challenging, generally, it's very difficult for foreigners to do business in India because India doesn't like foreigners and keeps them away. The biggest proof of this is brand X, which has many stores in Russia, but not a single fully-owned store in India, simply because India doesn't like overseas businessmen.

Which of the following is an assumption made in drawing the conclusion above?

- A. There is nothing that can make India like foreign businessmen.
- B. The fact that brand X has many stores in Russia proves that Russia loves foreigners.
- C. The limited size of the Indian market hasn't stopped brand X from entering India.
- D. Any foreign brands other than brand X are also not present in India.
- E. Russia's policies are probably more favourable towards foreigners than India's policies.

Direction (Q139-Q143): Study the following data carefully and answer the questions accordingly.

Eight persons - P, Q, R, S, T, U, V and W visited their favourite place one after another, but not necessarily in the same order. Each person visits different places viz., London, Dubai, France, Singapore, Kuala Lumpur, Istanbul, Tokyo and Bangkok.

Q visited three persons after P and just before the one who visited Dubai. As many persons visited before S as after the one who visited Singapore. Only three persons visited a place between W and the one who visited London. Neither Q nor R visited France. P visited two persons before the one who visited London. U visited Bangkok but before the one who visited Singapore. As many persons visited between W and Q as between R and the one who visited London. More than two persons visited between R and S, who visited Tokyo but after R. The one who visited Kuala Lumpur visited immediately after V.

Q139. As many persons visited before Q as after _____.

- A. One who visited Istanbul
- B. One who visited immediately before the one who visited Bangkok
- C. One who visited Kuala Lumpur
- D. One who visited between V and T
- E. None of these

Q140. Who among the following persons visited a place at first?

- A. One who visited Kuala Lumpur
- B. One who visited Dubai
- C. One who visited Singapore
- D. One who visited two persons before U
- E. One who visited two persons before S

Q141. Who among the following persons visited Singapore?

- A. P
- B. S
- C. V
- D. U
- E. R

Q142. If all the persons visited their favourite places in the alphabetical order from last to first, then how many persons remain unchanged in their position?

- A. Four
- B. Three
- C. Two
- D. Five
- E. One

Q143. What is the position of V with respect to the final arrangement?

- A. Immediately before the one who visited Dubai
- B. Three persons after the one who visited France
- C. V is the fifth person to visit its favourite place
- D. Four persons before the one who visited Tokyo
- E. None of these

Direction (Q144-Q146): Study the following data carefully and answer the questions accordingly.

Six kids - P, Q, R, S, T, and U have different weights. The weight of P is four more than that of Q but less than R. U's weight is thrice that of T. Q's weight is more than T. The number of persons heavier than R is the same as the number of persons lighter than Q. At least one person is heavier than R. U is heavier than S. The number of persons between R and S is the same as the number of persons between U and P. T's weight is 30 kg. R's weight is 5kg more than P.

Q144. Who among the following persons is not heavier than Q?

- A. U
- B. P
- C. R
- D. S
- E. All are heavier than Q

Q145. If Q's weight is 59 kg, then what is the difference between the weight of U and R?

- A. 21kg
- B. 23kg
- C. 24kg
- D. 22kg
- E. 27kg

Q146. What is the correct order of the persons in increasing order of their weights?

- A. T, Q, P, S, R, U
- B. Q, T, S, P, R, U
- C. T, Q, S, P, R, U
- D. U, T, Q, P, R, S
- E. T, U, Q, P, R, S

Direction (Q147-Q151): Study the following data carefully and answer the questions accordingly.

Six persons viz. A, B, C, D, E and F are living in a six-storey building such that the lowermost floor is numbered as 1 and the topmost floor is numbered as 6, but not necessarily in the same order. Each person likes different fruits viz. Kiwi, Grapes, Guava, Orange, Watermelon and Papaya. Each person also belongs to a different place.

The one who likes Guava lives in the adjacent floor of B. A belongs to Raipur. Only one person lives between the one who belongs to Raipur and B. Only three people live between A and the one who likes Kiwi. D lives immediately above A and two floors above the one who likes Watermelon.

Only one person lives between A and the one who belongs to Nagpur, who lives two floors above the one who likes Grapes. The number of floors below the one who likes Grapes is the same as above C. More than one floor is there between the one who likes Orange and the one who belongs to Kashipur. E does not belong to Ambala. There are two floors between the one who belongs to Ranchi and the one who likes Papaya who does not live immediately below the one who likes Guava. F lives above the one who belongs to Keshav Garh but not immediately above.

Q147. Who belongs to Ambala and Ranchi respectively?

- A. C, F
- B. F, E
- C. E, F
- D. A, D
- E. D, A

Q148. Which of the following is correct?

- A. The one who lives on fourth floor likes Papaya
- B. The one who lives on fifth floor belongs to Keshav Garh
- C. The one who likes Grapes lives on third floor
- D. The one who likes Grapes lives on fifth floor
- E. The one who likes Orange belongs to Nagpur

Q149. How many persons live between F and the one who belongs to Keshav Garh?

- A. Four
- B. Two
- C. Five
- D. Three
- E. One

Q150. Which of the following is the incorrect combination?

- A. F – Kiwi – Sixth Floor
- B. Guava – C – Ambala
- C. D – Papaya – Raipur
- D. Watermelon – Kashipur – E
- E. A – Grapes – Second Floor

Q151. Find the odd one out.

- A. Ranchi, Ambala
- B. Nagpur, Kashipur
- C. Raipur, Kashipur
- D. Nagpur, Ranchi
- E. Nagpur, Raipur

Q152. Consider the following passage and answer the question that follows.

The mayor of City Y is up for re-election in a month's time and is extremely apprehensive of his chances. According to a recent survey conducted by a news channel in Somphul, City Y's most populous Town, more than 80 percent of the respondents stated that they would not vote for the current mayor.

The mayor's apprehensions are based on which of the following assumptions?

- A. The people who were part of the survey will in no case change their mind.
- B. The opinion of the residents of Somphul is a pretty accurate representation of the opinion of the residents of City Y as a whole.
- C. The mayor was recently involved in a corruption scandal that received a lot of negative publicity in the print media.
- D. The mayor did not do enough to help the victims of the hurricane that struck City Y last year.

- E. In the last three elections for the post of the mayor in City Y, the incumbent mayor has never been re-elected to office.

Q153. Consider the following passage and answer the question that follows.

According to a nationwide survey of college students, 70% of the students who majored in Science in high school were likely to pursue an engineering degree in college. Interestingly, according to the same survey, 70% of the students pursuing an engineering degree in college had not majored in science in high school.

Which of the following inferences is best supported from the above statements?

- A. The number of students who studied science in high school is the same as the number of students who are pursuing an engineering degree in college but who did not major in science in high school.
- B. There are more students pursuing science in high school than there are students pursuing science in colleges in the country.
- C. There are more students pursuing an engineering degree who had taken up a non-science major in high school than there are students pursuing an engineering degree who had majored in science in school.
- D. A student's major in high school has no impact on the specialization she chooses to pursue in college.
- E. 30% of the students pursuing an engineering degree in the country had taken up a non-science major in high school.

Q154. Consider the following passage and answer the question that follows.

Dr. Ranjan stunned the world in 2002 when he revealed that certain therapy sessions may help breast cancer patients live longer. These sessions also seem to help them live better. So, if you suffer from breast cancer there is a good chance that you can improve your life, and maybe even extend it, by joining a professionally led therapy session that uses Dr. Ranjan's supportive-expressive model.

If the statements above are true, which of the following conclusions is most strongly supported by them?

- A. It would be a good idea for cancer patients to be part of some therapy sessions.
- B. Being part of a therapy session increases a breast cancer patient's desire to get better.
- C. One way of curing breast cancer is to make the patient join a therapy session.
- D. Being part of a therapy session can have beneficial effects for a certain age of people.
- E. Doctors recommend joining therapy sessions as a means to alleviate the discomfort caused by breast cancer.

Direction (Q155-Q156): The question given below consists of a statement, followed by two arguments numbered I and II. You have to decide which of the arguments is either a 'strong' argument or 'weak' argument or both or neither of them is 'strong' or 'weak'.

Q155. Statement: Transparency provides clear benefits by allowing investors and depositors to make informed choices and enabling regulators to respond quickly to issues.

Arguments:

I. Yes, transparency plays a critical role in ensuring the stability of the financial system, especially within banks.

II. Yes, by preventing bank managers from hiding troubled assets, transparency helps mitigate the risk of sudden bank failures caused by poor asset quality.

- A. Only I is strong
- B. Only II is strong
- C. Both I and II are strong
- D. Either I or II is strong
- E. Neither I nor II is strong

Q156. The liberal economic view suggests that for developing countries to achieve significant growth, they should integrate themselves into the global marketplace, particularly through trade and investment. By focusing on their unique strengths, these nations can harness the advantages of international trade to bolster their economies. Additionally, attracting foreign investment and receiving aid from wealthier countries and international agencies are vital for enhancing their economic infrastructure.

Arguments:

I. No, developing countries should also focus on improving their domestic market infrastructure to build national pride and unity.

II. Yes, adopting strategies like open trade policies and encouraging foreign investment are the most effective approaches for advancing economic development in emerging economies.

- A. Only I is strong
- B. Only II is strong
- C. Both I and II are strong
- D. Either I or II is strong
- E. Neither I nor II is strong

Q157. Consider the information given in the statements, and answer the question that follows.

The impact of tourism extends beyond mere travel; it intersects with various socio-political dimensions, affecting economies, cultures, and environments. Trends in global tourism offer a reflection of broader global patterns, such as the blending of traditional and modern lifestyles, economic disparities, and the forces driving globalization. Tourism serves as a lens through which the complexities and benefits of these global processes can be observed.

Which of the following best supports the statement above?

I. Most travellers are primarily motivated by leisure activities, which sets them apart from those who migrate for other purposes.

II. Tourism reveals both the advantages and inequalities that influence local and regional development.

III. The influence of tourism has become increasingly important in shaping a country's economic vitality and global image.

- A. Only I
- B. Only I and II
- C. Only II and III
- D. All of the above
- E. None of the above

Direction (Q158-Q162): A number and word arrangement machine when given an input of words and numbers rearranges them following a particular rule in each step. The following is an illustration of input and steps of rearrangement.

Input: Beauty Sales 32 You 43 Together 21 Reference 28 Extraordinary 57 48

- I. Extraordinary Beauty Sales 32 You 43 Together 21 Reference 28 48 46**
- II. Reference Extraordinary Beauty Sales 32 You 43 Together 21 28 46 59**
- III. Together Reference Extraordinary Beauty Sales 32 You 21 28 46 59 32**
- IV. Beauty Together Reference Extraordinary Sales You 21 28 46 59 32 43**
- V. Sales Beauty Together Reference Extraordinary You 21 46 59 32 43 39**
- VI. You Sales Beauty Together Reference Extraordinary 46 59 32 43 39 10**

And Step VI is the last step of the above input. As per the logic followed in the above steps, find the appropriate step for the given input and answer each of the following questions that follows.

Input: 12 Layout 23 Designs Preparation 45 66 Motivate 81 Grow Reply 96

Q158. Which of the following steps will be the last but one for the following input?

- A. Grow Reply Designs Motivate Preparation 12 Layout 23 45 107 70 77
- B. Layout Designs Motivate Preparation 12 23 Grow Reply 107 70 77 34
- C. Reply Layout Designs Motivate Preparation 12 Grow 107 70 77 34 12
- D. Reply Grow Layout Designs Motivate Preparation 107 70 77 34 12 23
- E. None of these

Q159. Which of the following is step III of the given input?

- A. Grow Reply Designs Motivate Preparation 12 Layout 23 45 107 70 77
- B. Designs Motivate Preparation 12 Layout 23 45 Grow Reply 107 70 77
- C. Designs Motivate Reply Layout Preparation 12 Grow 107 70 77 34 12
- D. Reply Grow Layout Designs 70 77 Motivate Preparation 107 34 12 23
- E. None of these

Q160. 'Layout Designs Motivate Preparation 12 23 Grow Reply 107 70 77 34' represents which step of the given input?

- A. IV
- B. II
- C. V
- D. VI
- E. I

Q161. Which of the following elements lies exactly between 12 and 107 in step II?

- A. Grow
- B. 66
- C. Designs
- D. 45
- E. Motivate

Q162. What is the sum of the element which is 6th from the left end in step I and the element which is second from the right end in step VI?

- A. 57
- B. 65
- C. 53
- D. 41
- E. None of these

Direction (Q163-Q167): Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statement is sufficient to answer the question. Read both the statements and answer the question that follows:

Q163. Six persons i.e. P, Q, R, S, T and U visited the market on different days of the same week from Monday to Saturday but not necessarily in the same order. Who among the following visited the market immediately after T?

I. R visited immediately before U. Only three persons between R and P. S visited before T. Q visited after S.

II. Only two people visited between P and Q, who visited on Wednesday or Saturday. U visited immediately before Q. Not more than one person visited between S and T.

- A. If the data in statement I alone are sufficient to answer the question while the data in statement II alone are not sufficient to answer the question.
- B. If the data in statement II alone are sufficient to answer the question while the data in statement I alone are not sufficient to answer the question.
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question.
- D. If the data even in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q164. How is 'away' definitely coded in a language?

I. In a certain code language, 'keep away from' is coded as 'gv zb lg' and 'keep direct sunlight' is coded as 'ug te zb'.

II. In a certain code language, 'store away from' is coded as 'gv lg mq', and 'keep closed from' is coded as 'zb gv aq'.

- A. If the data in statement I alone are sufficient to answer the question while the data in statement II alone are not sufficient to answer the question.
- B. If the data in statement II alone are sufficient to answer the question while the data in statement I alone are not sufficient to answer the question.
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question.
- D. If the data even in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q165. How is Y related to D?

I. Q is married to Y. V is the sister of Q. Y has only one daughter J. J is the granddaughter of D.

II. Q is married to Y. Q is the daughter of D. Y is the only child of A.

- A. If the data in statement I alone are sufficient to answer the question while the data in statement II alone are not sufficient to answer the question.
- B. If the data in statement II alone are sufficient to answer the question while the data in statement I alone are not sufficient to answer the question.
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question.
- D. If the data even in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q166. Six persons P, Q, R, S, T and U are sitting around a circular table facing the centre. Who sits on the immediate right of P?

I. T sits on the immediate right of S, who is not an immediate neighbour of R. S is an immediate neighbour of Q and T. S sits opposite U.

II. R sits on the immediate left of S and second to the right of P, who is an immediate neighbour of T and U.

- A. If the data in statement I alone are sufficient to answer the question while the data in statement II alone are not sufficient to answer the question.
- B. If the data in statement II alone are sufficient to answer the question while the data in statement I alone are not sufficient to answer the question.
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question.
- D. If the data even in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q167. Which of these following sets of letters, when placed from left to right in the given blanks make 'F > R' definitely true?

___ < G > ___; ___ < ___ = F

- A. R, O, V, O
- B. R, O, O, V
- C. V, D, O, R
- D. O, D, R, V
- E. None of the above

Q168. Which of the following symbols should replace the question mark (?) in the given expression in order to make the expression 'G ≥ S' and 'F ≤ L' definitely false?

B ≥ S (?) A < G = F (?) E ≤ L

- A. ≤, >
- B. >, >
- C. ≥, >
- D. =, <
- E. None of the above

Direction (Q169–Q170): In each question below are given some statements followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows/follow from the given statements, disregarding commonly known facts.

Q169. Statements:

No dog is a tiger.

Not a single tiger is a cat.

Every cat is a bear.

Conclusions:

I. Some bears are dogs.

II. No dog is a cat.

III. Some bears are not tigers.

IV. No dog is a bear.

- A. Either conclusion I or IV and conclusion III follow
- B. Only conclusion I, conclusion II and conclusion III follow
- C. Only conclusion II and conclusion IV follow
- D. All follows
- E. None of these

Q170. Statements:

No contract is a marriage.

Some marriages are agreements.

All agreements are collaborations.

Some collaborations are a responsibility.

Conclusions:

I. Some marriages are not collaborations.

II. Some agreements are not contracts.

III. Some responsibilities are agreements.

IV. Some marriages are not contracts.

- A. No conclusion follows
- B. Only conclusions II and IV follow
- C. Only conclusions II, III and IV follow
- D. Only conclusions I, III and IV follow
- E. All conclusions follow

English

Direction (Q171-Q178): Read the passage carefully then answer the questions given below.

The trade relationship between the United States and Singapore has evolved significantly over the past few decades. As a major trading partner in Southeast Asia, Singapore serves as a strategic gateway for US goods and services entering the region. In 2020, bilateral trade between the two countries reached an impressive \$62 billion, encompassing various sectors such as technology, pharmaceuticals, and consumer goods. This dynamic trade relationship has been bolstered by agreements such as the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP), which provides a framework for trade facilitation and dispute resolution.

Singapore's robust economy, characterized by a strong services sector, has attracted US companies seeking to expand their footprint in Asia. The city-state's investment in innovation and technology creates a favorable environment for American firms, particularly in the areas of finance, logistics, and healthcare. In fact, many US tech giants have established their regional headquarters in Singapore to capitalize on its strategic location and advanced infrastructure. Additionally, both nations have engaged in collaborative initiatives aimed at addressing global challenges, such as climate change, cybersecurity, and public health crises. Despite the favorable trade conditions, challenges remain. Trade tensions, particularly concerning tariffs and regulations, can impact the seamless flow of goods. For instance, recent global events have prompted discussions about supply chain resilience, leading both countries to reassess their trade strategies. Furthermore, as both countries navigate the evolving geopolitical landscape, it is essential for them to maintain open lines of communication and cooperation to ensure mutual benefits. The interconnectedness of their economies suggests that disruptions in one can significantly affect the other.

As the US and Singapore continue to deepen their trade ties, they are also exploring new areas of collaboration, including sustainability and green technologies. This forward-looking approach reflects their commitment to not only enhance economic growth but also to tackle pressing global issues. The focus on innovation is expected to yield long-term benefits for both economies, particularly as they adapt to changing market conditions.

Q171. In the context of the passage, which of the following best illustrates the strategic significance of Singapore for US trade in the region?

- A. Singapore's low labor costs attract US manufacturing.
- B. The country's position as a regional logistics hub enhances US market access.
- C. Singapore's stringent regulations provide a framework for US firms.
- D. The city-state's historical ties with the US foster deeper economic integration.
- E. Singapore's reliance on agriculture limits its trade capabilities.

Q172. The passage mentions the CPTPP. What inference can be drawn about its role in US-Singapore relations?

- A. It primarily benefits Singapore's agricultural sector.
- B. It signifies a shift towards unilateral trade policies.
- C. It establishes a multilateral platform for resolving trade disputes.
- D. It has limited relevance due to existing bilateral agreements.
- E. It reflects a decline in US interest in Southeast Asia.

Q173. Which of the following can be inferred about the nature of trade challenges mentioned in the passage?

- A. They are solely due to external economic pressures.
- B. They suggest a need for stricter trade regulations.
- C. They indicate the complexities of international trade dynamics.
- D. They are temporary and likely to resolve without intervention.
- E. They are primarily driven by technological advancements.

Q174. Considering the information provided, what might be a potential consequence of failing to maintain communication between the US and Singapore?

- A. An increase in agricultural exports from Singapore.
- B. A reduction in technology transfers from the US.
- C. Heightened trade tensions leading to economic isolation.
- D. A surge in cultural exchanges between the two nations.
- E. A shift in Singapore's focus towards Europe.

Q175. What does the passage imply about Singapore's economic strategies in relation to US firms?

- A. They prioritize local companies over foreign investments.
- B. They focus on traditional sectors rather than innovation.
- C. They actively foster a conducive environment for foreign collaboration.
- D. They impose heavy restrictions on foreign businesses.
- E. They solely depend on US investments for growth.

Q176. How does the passage characterize the evolution of the US-Singapore trade relationship over the decades?

- A. As a stable and predictable alliance.
- B. As increasingly reliant on political cooperation.
- C. As a dynamic interplay influenced by global trends.
- D. As marked by frequent trade disputes.
- E. As largely benefiting one side.

Q177. Which statement best captures the underlying theme of collaboration between the US and Singapore?

- A. Both countries prioritize military agreements over economic ones.
- B. Their cooperation is mainly limited to trade agreements.
- C. They work together on shared global challenges beyond trade.
- D. Economic interests overshadow environmental concerns.
- E. Collaborative efforts are mostly symbolic.

Q178. What can be concluded about the potential future of US-Singapore trade relations based on the passage?

- A. They are likely to diminish due to rising nationalism.
- B. They will remain stagnant without further agreements.
- C. They will thrive with continued communication and cooperation.
- D. They will become exclusively focused on technology.
- E. They will pivot towards closer ties with China.

Direction (Q179-Q181): In the following questions, a sentence is divided into four parts which are jumbled. Rearrange the following parts to form a coherent and grammatically correct sentence:

Q179. The groundbreaking research indicates (A)/ are more severe than previously understood, (B)/ necessitating immediate conservation efforts across multiple ecosystems (C)/ that the implications of climate change (D)/

- A. ABDC
- B. CDBA
- C. DBCA
- D. BACD
- E. ADBC

Q180. In response to emerging threats, such as (A)/ cyberattacks on critical infrastructure (B)/ governments must implement comprehensive strategies (C)/ that not only safeguard data but also enhance overall resilience (D)/

- A. ABCD
- B. DCBA
- C. BADC
- D. ADBC
- E. CABD

Q181. The initiative aims to foster innovative (A)/ and community needs, thereby (B)/ ensuring sustainable development in urban areas (C)/ solutions that bridge the gap between technological advancements (D)/

- A. BADC
- B. DACB
- C. ADBC
- D. CDBA
- E. ABCA

Direction (Q182-Q185): In each of the following sentences, A sentence is divided into 5 parts. Identify the part that contains an error. Select the option corresponding to the error in the sentence.

Q182. The committee, which was (A) constituted to address the growing concerns (B) regarding climate change and sustainability, have (C) submitted their recommendations last week, (D) but the government is yet to act on them. (E)

- A. A
- B. B
- C. C
- D. D
- E. E

Q183. If the project had been (A) approved sooner, it would have significantly reduced (B) the risk of failure that the team is (C) currently facing, illustrating (D) the importance of timely decisions. (E)

- A. A
- B. B
- C. C
- D. D
- E. E

Q184. The author's intention was to provoke (A) thoughts and stimulate discussions, which (B) are often overlooked by (C) readers who take for granted (D) the depth of the narrative. (E)

- A. A
- B. B
- C. C
- D. D
- E. E

Q185. While many scholars argue (A) that technology has revolutionized the way we communicate, there remains (B) a notable absence of evidence (C) supporting the claim that (D) it has significantly improved interpersonal relationships. (E)

- A. A
- B. B
- C. C
- D. D
- E. E

Direction (Q186-Q188): In each of the following questions a grammatically correct and meaningful sentence is given with four words underlined in each. Which of the following words should replace each other to form a meaningful and grammatically correct sentence? The meaning can be different from the one in question.

Q186. After you believe(A), you need to commit time to learning—say an hour every day to explore(B) that new software at your workplace and finally, you will repetition(C) in engage(D) and apply the new knowledge to convert it into a skill.

- A. A-D
- B. C-D
- C. A-C, B-D
- D. A-B, C-D
- E. B-D

Q187. Your command over language is not stepping(A) but what matters is critical(B) into your audience's shoes and working hard to entertaining(C) in a relatable, communicate(D) and informative manner.

- A. A-D
- B. C-D
- C. A-C, B-D
- D. A-B, C-D
- E. B-D

Q188. Although the Central Bureau of Investigation argued(A) that cold-blooded interpreted(B) by security forces would not require any sanction for prosecution(C), the court murder(D) the requirement of sanction widely.

- A. A-D
- B. C-D
- C. A-C, B-D
- D. A-B, C-D
- E. B-D

Direction (Q189-Q190): In each of the following sets of sentences, five sentences are provided. Your task is to rearrange the sentences to form a coherent and logically structured paragraph. Choose the correct order from the options provided.

Q 189.

- A. The intricacies of global trade have necessitated a re-evaluation of traditional economic paradigms.
- B. As a result, policymakers are compelled to consider a multifaceted approach to regulation.
- C. This evolving landscape is characterized by rapid technological advancements and shifting consumer preferences.
- D. Consequently, businesses must navigate a labyrinth of new challenges while seeking competitive advantage.
- E. Such a comprehensive perspective is essential for fostering sustainable growth in a volatile market.

- A. A-C-B-D-E
- B. C-A-D-B-E
- C. A-D-C-B-E
- D. D-B-C-A-E
- E. E-C-A-D-B

Q190.

- A. In an era marked by information overload, discernment has emerged as an invaluable skill.
- B. The ability to critically evaluate sources is paramount in navigating the complexities of the digital age.
- C. Thus, educational institutions must prioritize teaching methods that cultivate this essential competency.
- D. Without such skills, individuals may find themselves susceptible to misinformation and manipulation.
- E. Ultimately, fostering a generation of informed citizens hinges on equipping learners with the tools to assess information rigorously.

- A. B-A-C-D-E
- B. A-C-B-E-D
- C. C-A-B-D-E
- D. E-D-A-B-C
- E. D-B-C-A-E

Direction (Q191-Q193): For each question, you will be given an idiom or phrase used in a sentence along with multiple-choice options. Your task is to select the option that best describes the meaning of the given idiom or phrase. Choose the correct answer from the options provided.

Q191. Sentence: After a successful start to the project, the manager encouraged the team to keep the ball rolling to maintain their momentum.

Choose the correct meaning of the idiom "keep the ball rolling":

What is the main idea of the passage?

- A. To maintain momentum in an ongoing activity
- B. To play a sport that involves a ball
- C. To cause a delay in progress
- D. To make a ball move quickly
- E. To change direction suddenly

Q192. Sentence: After recovering from her injury, Jenna was back in the saddle, ready to ride her horse again.

Choose the correct meaning of the phrase "back in the saddle":

- A. Returning to a previous position or situation
- B. Starting a new job after a long break
- C. Having difficulty with an old task
- D. Enjoying a ride on a horse again
- E. Taking a break from work

Q193. Sentence: When he learned about the sudden change in plans, he was completely taken aback by the news.

Choose the correct meaning of the phrase "taken aback":

- A. Surprised or shocked
- B. Returning to a previous place
- C. Being held back
- D. Moving forward confidently
- E. Feeling regretful

Direction (Q194-Q197): In each of the following sentences, two words or phrases are missing. Choose the most appropriate pair from the options provided to fill in the blanks and create a coherent and contextually meaningful sentence.

Q194. The scientist's groundbreaking research was met with _____, as her radical theories _____ established norms within the academic community.

- A. acclaim / reaffirmed
- B. skepticism / challenged
- C. indifference / validated
- D. enthusiasm / circumvented
- E. hostility / diminished

Q195. The diplomat's remarks were deliberately _____ to avoid _____ the sensitive nature of ongoing negotiations.

- A. ambiguous/undermining
- B. verbose/clarifying
- C. provocative/inflaming
- D. forthright/disclosing
- E. insightful/trivializing

Q196. The artist's latest exhibit, filled with _____ imagery, was intended to provoke _____ reflections on societal norms.

- A. mundane/superficial
- B. chaotic/introspective
- C. abstract/contrived
- D. grotesque/trivial
- E. vivid/critical

Q197. The professor's lecture on existentialism was _____ yet profoundly _____, leaving students both puzzled and intrigued.

- A. opaque/enlightening
- B. monotonous/enlightening
- C. lucid/convoluted
- D. esoteric/illuminating
- E. straightforward/perplexing

Direction (Q198-Q200): In each of the following questions, two statements are provided along with five connectors. Only one of the connectors can be used to combine the given two statements into one coherent sentence without changing the meaning. Choose the correct connector as your answer.

Q198.

Statements:

1. The report outlined the dire consequences of climate change, detailing how rising temperatures and extreme weather events could devastate ecosystems and economies worldwide.
2. Critics argued that the document was overly pessimistic and did not adequately consider technological innovations that could mitigate these effects.

Connectors:

- A. notwithstanding
- B. similarly
- C. although
- D. therefore
- E. in light of

Q199. Statements:

1. The author's latest novel weaves a complex narrative that explores the intricacies of human relationships and the profound impact of societal expectations on individual choices.
2. many critics have pointed out that the storyline suffers from pacing issues, which detracts from the overall emotional resonance of the characters' journeys.

Connectors:

- A. consequently
- B. although
- C. even so
- D. in addition
- E. therefore

Q200. Statements:

1. The government's new policy initiative aims to promote renewable energy sources, encouraging both private investment and public engagement in sustainable practices.
2. Detractors have raised concerns about the feasibility of the initiative, arguing that it may lead to economic instability in the short term due to job losses in traditional energy sectors.

Connectors:

- A. despite
- B. as a result
- C. therefore
- D. while
- E. in contrast

- D. Asian Infrastructure Investment Bank (AIIB)
- E. International Finance Corporation (IFC)

Q22. As per the revised guidelines announced by the National Payments Corporation of India (NPCI), effective September 15, 2025, what is the new maximum UPI transaction limit for Person-to-Merchant (P2M) payments in sectors such as Capital Markets, Insurance, Government e-Marketplace, and Travel?

- A. ₹2 lakh per transaction
- B. ₹3 lakh per transaction
- C. ₹4 lakh per transaction
- D. ₹5 lakh per transaction
- E. ₹10 lakh per transaction

Q23. The headquarters of the Geological Survey of India (GSI), which celebrated its 175th Foundation Day in 2025, is located in which Indian city?

- A. New Delhi
- B. Hyderabad
- C. Kolkata
- D. Bengaluru
- E. Pune

Q24. In the abbreviation AERB, which word does the letter 'E' stand for?

- A. Environment
- B. Electricity
- C. Energy
- D. Engineering
- E. Establishment

Q25. Which additional Nobel Prize was introduced in 1968 by the Central Bank of Sweden (Sveriges Riksbank) to commemorate its 300th anniversary?

- A. Nobel Prize in Peace
- B. Nobel Prize in Literature
- C. Nobel Prize in Economic Sciences
- D. Nobel Prize in Physiology or Medicine
- E. Nobel Prize in Chemistry

Q26. India's first bamboo-based ethanol plant, also recognised as the world's first green bamboo bioethanol plant, has been set up in which Indian state?

- A. Arunachal Pradesh
- B. Meghalaya
- C. Assam
- D. Tripura
- E. Manipur

Q27. What is the name of the world's first tri-services all-women circumnavigation sailing expedition, flagged off from the Gateway of India, Mumbai?

- A. Sagarika
- B. Samudra Pradakshina
- C. Triveni Shakti
- D. Nari Shakti Sagar Parikrama
- E. Vayu-Nari Mission

Q28. As per the Constitution of India, what happens when the office of the Vice President of India becomes vacant due to resignation or any other reason?

- A. Dr. Soumya Swaminathan
- B. Dr. Rajiv Bahl
- C. Dr. Balram Bhargava
- D. Dr. Randeep Guleria
- E. Dr. V.K. Paul

Q30. The Image (Nano Banana), recently introduced as an advanced image editing AI model, has been based on which model?

- A. Bloom
- B. Llama 3.1
- C. Gemini 2.5 Flash
- D. Claude 3.7 Sonnet
- E. Grok

Q31. What is the name of the newly commissioned Indian Navy establishment in Gurugram, serving as a hub for Command, Control, and Maritime Domain Awareness (MDA) operations?

- A. INS Vikrant
- B. INS Aravali
- C. INS Hansa
- D. INS Shivaji
- E. INS Kalinga

Q32. What is the authorised capital of the India Infrastructure Finance Company Ltd (IIFCL) as on 31st March 2025?

- A. ₹5,000 Crore
- B. ₹8,000 Crore
- C. ₹10,000 Crore
- D. ₹15,000 Crore
- E. ₹12,000 Crore

Q33. As per the latest update, how many Maharatna Central Public Sector Enterprises (CPSEs) are there in India after Hindustan Aeronautics Limited (HAL) was upgraded to Maharatna status?

- A. 12
- B. 13
- C. 14
- D. 15
- E. 16

Q34. Thewa Art, a traditional form of jewellery-making that fuses intricately worked gold foil onto colored glass, originated in which Indian state?

- A. Gujarat
- B. Rajasthan
- C. Madhya Pradesh
- D. Uttar Pradesh
- E. Maharashtra

Q35. Which of the following is NOT a subsidiary of IFCI Limited?

- A. IFCI Venture Capital Fund Ltd. (IVCF)
- B. IFCI MPCON Ltd.
- C. IFCI Infrastructure Development Ltd. (IIDL)
- D. India Infrastructure Finance Company Ltd. (IIFCL)
- E. Stock Holding Corporation of India Ltd. (SHCIL)

Q36. Sardar Vallabhbhai Patel earned the title "Sardar" (leader) for his leadership during which major event of India's freedom struggle?

- A. Kheda Satyagraha
- B. Champaran Movement
- C. Bardoli Satyagraha
- D. Non-Cooperation Movement
- E. Quit India Movement

Q37. Based on the Top 10 Largest Countries by Area (2025), which of the following statements is not correct?

- A. China – 3rd Largest Country
- B. Brazil – 5th Largest Country
- C. USA – Largest Country
- D. Canada – 2nd Largest Country
- E. None of the above

Q38. Which of the following banks are members of the Partnership for Carbon Accounting Financials (PCAF)?

1. Union Bank of India (UBI)
2. Indian Overseas Bank (IOB)
3. Punjab National Bank (PNB)
4. IDFC FIRST Bank

Select the correct answer using the code given below:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 4 only
- D. 1, 2 and 4
- E. 1, 2 and 3

Q39. Which of the following initiatives has been launched by the Ministry of Health and Family Welfare (MoHFW) and the Ministry of Women and Child Development (MoWCD) to empower women and families for a healthier India through comprehensive health screenings and community-driven support systems?

- A. Nari Shakti Swasthya Abhiyaan
- B. Swasthya Samriddhi Pariwar Yojana
- C. SwasthyaSarathi Mission
- D. Swasth Nari Sashakt Parivar Abhiyaan
- E. Samagra Aarogya Sashakt Pariwar Programme

Q40. From which date was the Corporate Social Responsibility (CSR) framework formally implemented in India under the Companies Act, 2013?

- A. January 1, 2013
- B. April 1, 2014
- C. March 31, 2015
- D. July 1, 2016
- E. October 1, 2017

Q41. Which of the following organisations is responsible for conducting the All India Debt and Investment Survey (AIDIS)?

- A. NITI Aayog
- B. Reserve Bank of India (RBI)
- C. National Statistics Office (NSO) under the Ministry of Statistics and Programme Implementation (MoSPI)
- D. Ministry of Finance
- E. Indian Statistical Institute (ISI)

Q42. As per the Report of the Committee to develop a Framework for Responsible and Ethical Enablement of Artificial Intelligence (FREE-AI) in the Financial Sector, the framework is structured around how many strategic pillars?

- A. Four
- B. Five
- C. Six
- D. Seven
- E. Eight

Q43. Which of the following is not a parameter under the Quality Dimension of the Reserve Bank of India's Financial Inclusion Index (FI-Index)?

- A. Financial Literacy
- B. Consumer Protection
- C. Inequalities and Deficiencies in Services
- D. Credit Accessibility and Outreach
- E. None of the above

Q44. Under the Reserve Bank of India's *Integrated Ombudsman Scheme, 2021*, an Ombudsman can be appointed for a maximum period of how many years at a time?

- A. Two years
- B. Three years
- C. Four years
- D. Five years
- E. None of the above

Q45. The 11th World Green Economy Summit (WGES) was held, focusing on positioning itself as a global hub for sustainable development and climate action. The summit was organised by the DSCE, DEWA, and the World Green Economy Organization (WGEO). The event took place in _____ and was co-hosted with _____.

- A. Abu Dhabi; Expo 2025
- B. Riyadh; World Energy Forum 2025
- C. Dubai; WETEX 2025
- D. Doha; Green Future Summit 2025
- E. Muscat; Global Sustainability Meet 2025

Q46. As per the Reserve Bank of India (Regulation of Payment Aggregators) Directions, 2025, for an entity seeking to become a Payment Aggregator (PA), what is the minimum net worth requirement at the time of registration?

- A. ₹10 crore
- B. ₹15 crore
- C. ₹20 crore
- D. ₹25 crore
- E. None of the above

Q47. Which of the following schemes implemented by the Government of India are aimed at promoting Skill Development and Vocational Training across various sectors of the economy?

- A. Jan Shikshan Sansthan (JSS)
- B. Pradhan Mantri Kaushal Vikas Yojana (PMKVY)
- C. National Apprenticeship Promotion Scheme (NAPS)
- D. All of the above
- E. None of the above

Q48. Which one of the following categories of people is not targeted under the Financial Education Programme for Adults (FEPA) launched to promote financial literacy among financially excluded sections?

- A. Farmers
- B. Anganwadi and ASHA Workers
- C. Self-Help Groups and Skill-Development Trainees
- D. Government School Students
- E. Women's Groups

Q49. Which of the following is a Kharif forage crop?

- A. Egyptian clover
- B. Oat
- C. Cluster bean
- D. Lucerne/Alfalfa
- E. Perennial ryegrass

Q50. As per the Ministry of Agriculture & Farmers Welfare Annual Report 2024-25, which of the following statements is/are correct?

1. Net sown area in India is more than half of the total geographical area.
 2. Sugarcane occupies a significant area among commercial crops.
 3. A major share of irrigation in India is done using tubewells.
- A. Only 1 and 2
 - B. Only 2 and 3
 - C. Only 1 and 3
 - D. 1, 2 and 3
 - E. None of the above

Q51. Which of the following is not a quantitative tool used by the Reserve Bank of India to control the money supply?

- A. Open Market Operations (OMO)
- B. Cash Reserve Ratio (CRR)
- C. Statutory Liquidity Ratio (SLR)
- D. Credit Rationing
- E. All of the above

Q52. Basel III norms are applicable to which of the following?

- A. Private Banks
- B. Regional Rural Banks
- C. Local Area Banks
- D. Cooperative Banks
- E. Payment Banks

Q53. Which of the following is updated daily on the Reserve Bank of India (RBI) website?

- A. Liquidity Adjustment Facility
- B. Exchange Rates
- C. Money Market Operations
- D. Government Securities Market Data
- E. All of the above

Q54. As per the Master Direction – Reserve Bank of India (Interest Rate on Deposits), interest on domestic rupee savings deposits shall be calculated on a daily product basis, with a uniform rate applicable on balances up to what amount?

- A. ₹50,000
- B. ₹75,000
- C. ₹1,00,000
- D. ₹1,50,000
- E. ₹2,00,000

Q55. The World Mental Health Day is observed every year to raise awareness about mental health issues and to mobilize global efforts in support of mental well-being. On which date is this day celebrated annually across the world?

- A. 7th October
- B. 8th October
- C. 9th October
- D. 10th October
- E. 11th October

Q56. In the QS World University Rankings 2026, which among the following Indian institutions has been placed within the top 500 universities globally, reflecting its strong academic and research performance?

- A. Jawaharlal Nehru University
- B. Indian Institute of Technology Delhi (IITD)
- C. Indian Institute of Technology BHU Varanasi
- D. Jadavpur University
- E. Birla Institute of Technology and Science

Q57. Which of the following states represent the top three rice-producing states in India in 2023–24 according to the Economic Survey 2024–25?

1. Telangana
2. Uttar Pradesh
3. Punjab

- A. 2 only
- B. 1 only
- C. 1 and 2
- D. 2 and 3
- E. All of the above

Q58.With reference to the findings of the Global Innovation Index (GII) 2025: Innovation at a Crossroads, consider the following statements regarding India's performance:

- 1. India's Input Rank in the Global Innovation Index 2025 is 44.**
- 2. India's Output Rank in the same index is 32.**
- 3. India ranks at par with its development level.**

- A. 1 only
- B. 1 and 3 only
- C. 3 only
- D. 1, 2 and 3
- E. 2 only

Q59.Which among the following countries is NOT included in the top 5 most competitive economies globally as per the International Institute for Management Development (IMD) World Competitiveness Ranking 2025?

- A. Switzerland
- B. Singapore
- C. Hong Kong
- D. Norway
- E. UAE

Q60.Which of the following components of the Human Development Index (HDI) has shown improvement in India since the 1990s, according to the Human Development Report 2025?

- 1. Longevity (Life expectancy at birth)**
- 2. Education/Knowledge**
- 3. Income per capita**

- A. 1 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3
- E. 2 only

Q61.Rating and Investment Information, Inc. (R&I) recently upgraded India's long-term sovereign credit rating to 'BBB+' from 'BBB', while maintaining a Stable outlook. The R&I rating agency belongs to which of the following countries?

- A. United States of America
- B. Japan
- C. United Kingdom
- D. France
- E. Germany

Q62. Which fintech company has recently launched India's first fully UPI-powered physical bank branch, offering digital-first banking services such as instant account opening and seamless UPI transactions?

- A. PhonePe
- B. Google Pay (GPay)
- C. Paytm
- D. slice
- E. BharatPe

Q63. With reference to important international declarations and organizations completing milestone years in 2025, consider the following statements:

1. The Beijing Declaration and Platform for Action completes 30 years in 2025.
2. The Food and Agriculture Organization (FAO) celebrates its 80th anniversary in 2025.
3. The UN Security Council Resolution 1325 on Women, Peace and Security completes 25 years in 2025.

Which of the statements given above is/are correct?

- A. 1 and 3
- B. 3 only
- C. 1 and 2
- D. 2 only
- E. All of the above

Q64. The Citizen's Charter of the Reserve Bank of India (RBI) aims to enhance transparency, accountability, and efficiency in the delivery of public services to citizens. The Charter is currently being implemented in _____ departments of the RBI.

- A. 15
- B. 18
- C. 11
- D. 20
- E. 23

Q65. India is planning to establish a small nuclear reactor programme as part of its clean energy transition. Which of the following pairs of countries already have operational or grid-connected small nuclear reactors (SMRs)?

- A. Russia, Japan
- B. Japan, China
- C. Russia, China
- D. China, South Korea
- E. Japan, South Korea

Q66. Which of the following statements regarding the conditions under which a payment bank can be upgraded to a small finance bank is correct?

- A. A payment bank can apply for conversion into an SFB immediately after it starts operations, provided it meets the minimum capital requirement.
- B. Conversion is permitted only if the payment bank has a satisfactory track record of operations for at least five years.
- C. The payment bank must have already obtained scheduled bank status before applying for SFB conversion.
- D. There is no minimum paid-up capital requirement for a payment bank to convert into an SFB.
- E. The payment bank must first convert to a universal bank before becoming an SFB.

Q67. Which of the following statements regarding the features of a BSBDA (Basic Savings Bank Deposit Account) under Reserve Bank of India guidelines is correct?

- A. The account holder is required to maintain a minimum balance of ₹1,000 every month.
- B. The account holder is eligible to open multiple BSBDA accounts in the same bank simultaneously.
- C. The account can be opened by any individual—there are no age or income criteria set for eligibility.
- D. A BSBDA account permits unlimited free withdrawals from ATMs every month.
- E. A BSBDA-Small Account variant allows total credits of up to ₹5 lakh in a year.

Q68. Since 2004–05, the Reserve Bank of India (RBI) has suspended the issuance of new licences for which category of banks as part of its sector-consolidation measures?

- A. Regional Rural Banks (RRBs)
- B. Urban Co-operative Banks (UCBs)
- C. Local Area Banks (LABs)
- D. Private Sector Banks (PSBs)
- E. Small Finance Banks (SFBs)

Q69. In several countries across the world, the administrative, legislative, and judicial functions are distributed among different capital cities instead of being concentrated in a single city.

With reference to this, consider the following countries and identify which among them have more than one capital city officially designated for different branches of governance:

1. South Africa
2. Singapore
3. Bolivia

Select the correct combination using the code given below:

- A. 1 and 3
- B. 1 only
- C. 3 only

- D. 2 and 3
- E. All of the above

Q70.The UNESCO World Heritage List includes several Indian sites recognized for their cultural, historical, and architectural significance.

With reference to this, consider the following sites:

1. Elephanta Caves
2. Chhatrapati Shivaji Terminus (formerly Victoria Terminus)
3. Fatehpur Sikri
4. Shantiniketan

Which of the above sites are included in the UNESCO World Heritage List?

- A. 1, 2 and 3
- B. 2, 3 and 4
- C. 1, 3 and 4
- D. 1, 2, 3 and 4
- E. 1 and 4

Q71.The Government of India's S3WAAS platform, developed by the National Informatics Centre (NIC), enables the creation of secure and accessible websites for district administrations across the country.

With reference to this initiative, which of the following words does NOT represent the letter 'S' in S3WAAS?

- A. Smart
- B. Scalable
- C. Sugamya
- D. Secure
- E. None of the above

Q72.Four of the following mountain peaks belong to the same country. Which one does not belong to that category?

- A. Anamudi
- B. Mount Everest
- C. Mount Kamet
- D. Kanchenjunga
- E. Nanda Devi

Q73. NASA's Jet Propulsion Laboratory (JPL) released a mosaic image captured by the Mars Odyssey's THEMIS instrument, showing Olympus Mons, the largest volcano in the solar system. Olympus Mons is located on which planet?

- A. Venus
- B. Jupiter
- C. Saturn
- D. Mercury
- E. Mars

Q74. Shri Piyush Goyal is a senior leader in the Union Cabinet who has been entrusted with several important economic and infrastructural portfolios over the years.

With reference to his current responsibilities in the Union Government, consider the following ministries:

- 1. Ministry of Railways**
- 2. Ministry of Commerce and Industry**
- 3. Ministry of Coal**

Which of the above ministries has ever been served by Piyush Goyal?

- A. 1 only
- B. 2 only
- C. 3 only
- D. 1 and 2
- E. 1, 2 and 3

Q75. The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest (SARFAESI) Act, 2002 provides for the establishment of a particular type of institution to acquire and manage non-performing assets (NPAs) of banks and financial institutions. Which one of the following types of entities has been established under the provisions of this Act?

- A. Asset Reconstruction Company (ARC)
- B. Asset Management Company (AMC)
- C. Asset Securitisation Fund (ASF)
- D. Debt Recovery Tribunal (DRT)
- E. Credit Information Company (CIC)

Q76. Match the following major rivers with the continents on which they flow:

Rivers	Continents
A. Nile	1. South America
B. Amazon	2. North America
C. Yangtze	3. Asia
D. Mississippi	4. Africa

Select the correct code:

- A. A-4, B-1, C-3, D-2
- B. A-1, B-2, C-4, D-3
- C. A-2, B-4, C-3, D-1
- D. A-4, B-3, C-1, D-2
- E. A-3, B-1, C-4, D-2

Q77. The Indian Space Research Organisation (ISRO) plays a vital role in advancing India's space technology and promoting the peaceful use of outer space. Consider the following statements about ISRO:

1. Dr. Vikram Sarabhai was the first Chairman of ISRO.
2. ISRO was established in the year 1957 under the Department of Space.
3. The headquarters of ISRO is located in Chennai, Tamil Nadu.

Which of the statements given above is/are correct?

- A. 1 only
- B. 1 and 3 only
- C. 2 and 3 only
- D. 1, 2 and 3
- E. 2 only

Q78. The Green National Highways Corridor Project (GNHCP) is being implemented by the Government of India in partnership with the World Bank to promote the development of safe, green, and climate-resilient highways.

Under this project, in which of the following state/states are the highway corridors being developed?

- A. Himachal Pradesh
- B. Rajasthan
- C. Uttar Pradesh
- D. Andhra Pradesh
- E. All of the above

Q79. As per the recent RBI guidelines revising the prudential norms for Urban Cooperative Banks (UCBs), match the following tiers of UCBs with their corresponding maximum individual housing loan limits per dwelling unit:

List I (Tier of UCBs) List II (Loan Limit)

- | | |
|------------------|----------------|
| 1. Tier-I UCBs | A. ₹1.40 crore |
| 2. Tier-II UCBs | B. ₹2 crore |
| 3. Tier-III UCBs | C. ₹3 crore |
| 4. Tier-IV UCBs | D. ₹60 lakh |

Select the correct code:

- A. 1-D, 2-A, 3-B, 4-C
- B. 1-A, 2-B, 3-C, 4-D
- C. 1-C, 2-D, 3-A, 4-B
- D. 1-B, 2-C, 3-D, 4-A
- E. None of the above

Q80. Minimum credit rating required for NBFCs is:

- A. BB+
- B. Aaa
- C. BBB-
- D. AA+
- E. None of the above

Quantitative Aptitude

Q81. Cost price of item L is Rs. L and cost price of item M is Rs. ___ less than item L. Item L is sold at X% profit and item M is sold at Y% profit. If item L has been sold for Rs. ___ more, (X + 2) % would have gained and if item M has been sold for Rs. ___ more, (Y + 4) % profit has been gained. Which of the following option/s is/are true for the value of second blank, third blank, and fourth blank respectively?

(A) 100, 10, 16

(B) 50, 20, 35

(C) 150, 15, 24

A. Both A and B

B. Both B and C

C. Both A and C

D. Only A

E. All A, B and C

Direction (82-85): Find the missing term (?) in the following series

Q82. 112, 106, 142, 135, 184, ?, 240

A. 161

B. 176

C. 168

D. 181

E. 184

Q83. 4, 10, 22, 42, ?, 114, 170

A. 72

B. 75

C. 80

D. 81

E. 86

Q84. 6, ?, 36, 180, 1260, 13860, 180180

A. 10

B. 15

C. 12

D. 16

E. 14

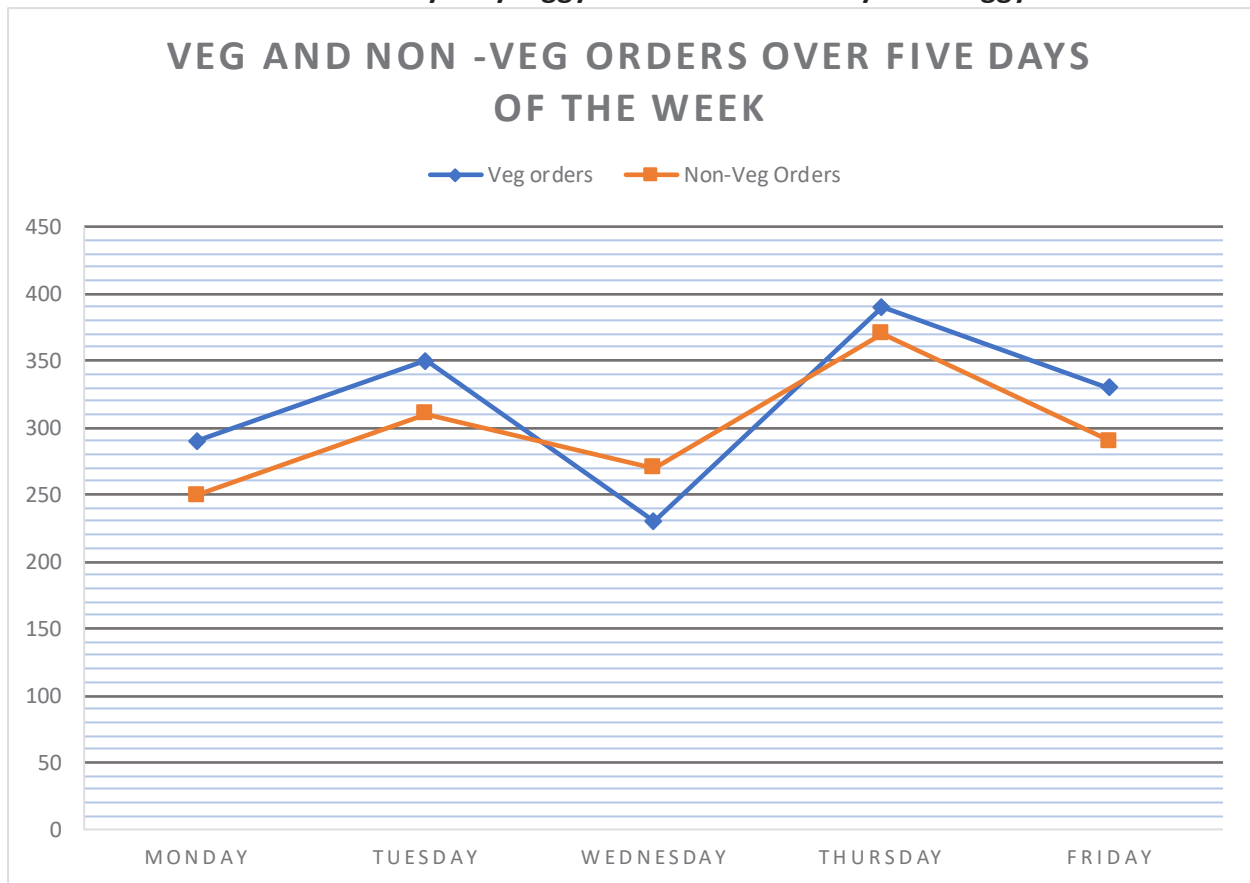

Q85. 20000, 4000,2400,2400, 3360,? , 13305.6

- A. 5508
- B. 6605
- C. 6065
- D. 6048
- E. 6985

Direction (86-90): Study the following data carefully and answer the questions:

The line graph illustrates the number of Veg and Non-Veg orders received by Ziggy over five days of the week. There are two companies — Ziggy and Zomato. Ziggy delivers some orders, while Zomato delivers the remaining orders.

Note: All orders are received by only Ziggy but are delivered by both Ziggy and Zomato .

The table presents the percentage of orders delivered by Ziggy on Monday, Tuesday, Wednesday, Thursday, and Friday, along with the ratio of veg to non-veg orders for each of these five days for Zomato.

Day	Ziggy Delivery (%)	Veg to Non-Veg Ratio of Zomato
Monday	80	3:1
Tuesday	85	5:4
Wednesday	75	3:2
Thursday	90	1:3
Friday	80	3:1

Q86. Find the ratio of the total number of veg orders delivered by Zomato on Monday, Wednesday & Friday to the total number of non - veg orders on Tuesday, Wednesday by Zomato.

- A. 243:98
- B. 253:91
- C. 261:97
- D. 249:94
- E. 250:99

Q.87. What is the percentage of Veg orders delivered by Ziggy on Thursday & Friday in comparison to Zomato's total non-Veg orders delivered on the same day?

- A. 920.12 %
- B. 911.25 %
- C. 818.18 %
- D. 950.25 %
- E. 970.25 %

Q88. If Ziggy's total deliveries across the five days represent 80% of all orders, If another company Zepto has 10% more orders with respect to total orders of Ziggy on Saturday & the ratio of veg to non veg orders of Zepto on Saturday is 2:3 then Find the total Non-Veg orders of Zepto on Saturday & Ziggy on Friday.

- A. 2831
- B. 2900
- C. 2950
- D. 2800
- E. 2950

Q89. Find the percentage change in number of veg orders by Zomato on Five given days to the number of non – veg orders on five given days.

- A. 45.45%
- B. 48.88%
- C. 54.54%
- D. 60.25%
- E. 52.50%

Q90. If the total number of orders receive on Saturday by ziggy is 160 more than total orders received on Friday & the ratio of Veg : Non veg orders by ziggy on Saturday is 6:7 then find total number of Non veg orders by ziggy on Monday ,Wednesday & Saturday .

- A. 1060
- B. 1050
- C. 1040
- D. 1020
- E. 1080

Q91. If a principal of Rs. $(x + 5000)$ is invested in SI at a rate of 12.5% per annum for 4 years earns Rs. $(y + 4500)$ as the interest and Rs. $(x + 2000)$ is invested in SI at a rate of 10% per annum for 4 years earns Rs. $(y + 2000)$ as the interest. If Rs. $(x + y)$ is invested in SI at a rate of 7.5% per annum for 6 years for SI, then find the interest obtained.

- A. Rs. 5400
- B. Rs. 4000
- C. Rs. 3500
- D. Rs. 4500
- E. Rs.4200

Q92. 'L' alone can do a work in 48 days and the efficiency of 'L' is 33.33% more than that of 'M'. They together start working and worked for 6 days and after that, another person 'N' joins them and together they finish the remaining work in 10 more days. If the share of 'M' is 1312.5 Rs. then find the total amount for which they undertook to do the given work.

- A. Rs. 4250
- B. Rs. 4650
- C. Rs. 5250
- D. Rs. 5750
- E. Rs. 6000

Q93. The ratio of the salary of Nayan and Kamal is 7: 8. Nayan spends 25% of his salary on groceries, 20% of his salary on rent and 50% of remaining he spent on children education and the rest of the salary he saves. Kamal spends 30% of his salary on children education, 20% on groceries and 60% of the remaining salary he spent on rent and the rest of the salary he saves. If Nayan spends Rs. 9500 less than Kamal on their children education, then how much amount spend by both on rent?

- A. Rs. 123000
- B. Rs. 78000
- C. Rs. 12700
- D. Rs. 76000
- E. None of these

Direction (94-96): The question below is followed by two statements I and II. You have to determine whether the data given in the statements is sufficient to answer the question.

Q94. Tanmay, Naman and Vineet entered into a partnership with investment in the ratio 5:8:9. After one year, Tanmay invested Rs.40000 more. After one more year, Naman invested Rs.20000 more. At the end of three years, they earned a total profit of Rs.142000. Find the share of Naman in the profit.

Statement I: Respective ratio of the shares of Tanmay and Vineet in the profit is 19:27.

Statement II: Share of Tanmay in the profit is Rs.38000.

- A. Statement I alone is sufficient to answer the question, but the statement II alone is not sufficient.
- B. Statement II alone is sufficient to answer the question, but the statement I alone is not sufficient.
- C. Either statement I alone or statement II alone is sufficient to answer the question.
- D. Both statements I and II together are needed to answer the question.
- E. Both statements I and II together are not sufficient to answer the question.

Q95. Length of the rectangle is how much more than its breadth?

Statement (I): Perimeter of the rectangle is 90 cm and its area is 504 cm².

Statement (II): Length and perimeter of the rectangle are in the ratio 4: 15 respectively.

- A. Statement I alone is sufficient to answer the question, but the statement II alone is not sufficient.
- B. Statement II alone is sufficient to answer the question, but the statement I alone is not sufficient.
- C. Either statement I alone or statement II alone is sufficient to answer the question.
- D. Both statements I and II together are needed to answer the question.
- E. Both statements I and II together are not sufficient to answer the question.

Q96. Income of 'A', 'B' and 'C' are in ratio 3:4:2, respectively. Savings of 'A' is equal to savings of 'C' whereas savings of 'B' is equal to expenditure of 'A'. Find the savings of 'A'

Statement I: Savings of 'A' is Rs. 4,000 less than expenditure of 'B'

Statement II: Total amount spent by 'A' is Rs. 4000 more than that by 'C'.

- A. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question
- B. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question
- C. The data either in statement I alone or in statement II alone is sufficient to answer the question
- D. The data given in both statements I and II together are not sufficient to answer the question
- E. The data given in both statements I and II together are necessary to answer the question

Direction (97-100): Study the following data carefully and answer the questions:

Data given below is related to the number of Bikes Manufactured in five Months namely March, April, May, June and July in two companies Royal Enfield and Honda.

The pie chart given below shows the percentage distribution of the number of Bikes Manufactured by each of the given Months in company Royal Enfield.

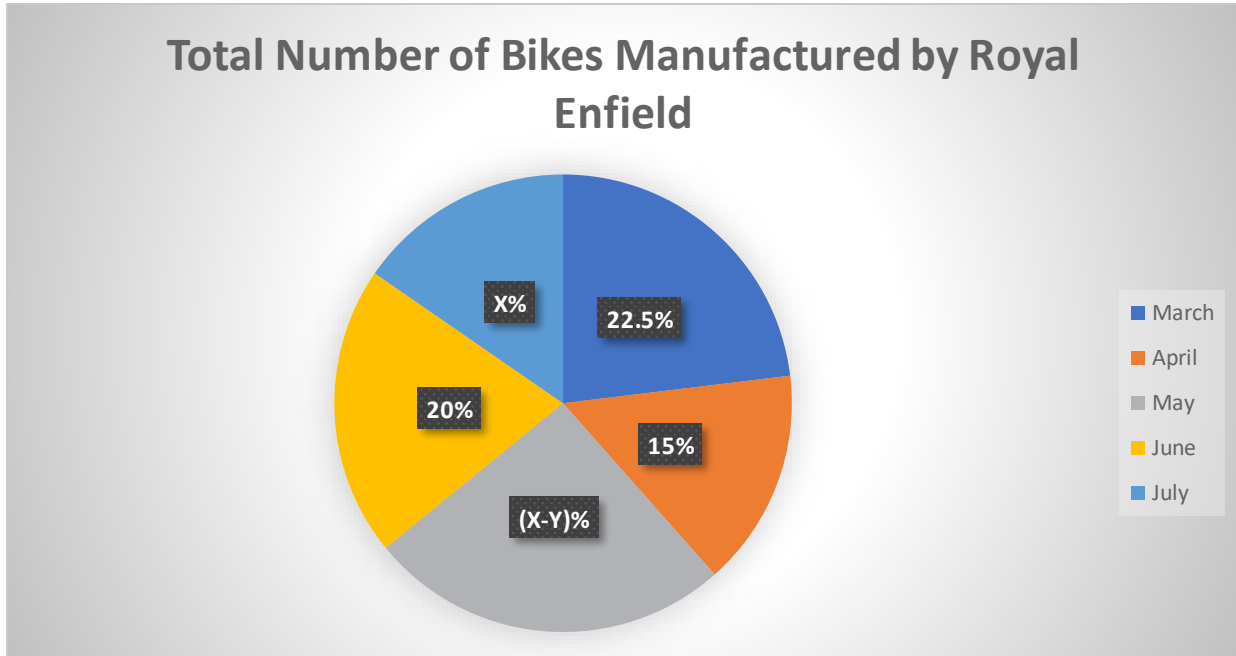

Table given below shows the ratio of the number of Bikes Manufactured in company Royal Enfield to that of Bikes Manufactured in company Honda by each of the given Months.

Months	Bikes Manufactured by Royal Enfield: Bikes Manufactured by Honda
March	9:8
April	4:5
May	14:11
June	4:3
July	20:17

Notes:

- (i). In company Royal Enfield, the number of Bikes Manufactured in June is 36 less than that Manufactured by July.
- (ii). In company Honda, the number of Bikes Manufactured in June is 45 less than that Manufactured by July.
- (iii). 1 score is awarded for each right Bike Manufactured and 0.25 scores are deducted for each wrong Bike Manufactured.

Q97. If the ratio of the number of right Bikes Manufactured to the number of wrong Bikes Manufactured in April by company Honda is 22: 5 and the ratio of the number of right Bikes Manufactured to the number of wrong Bikes Manufactured in May by company Honda is 9: 2, then find the ratio of April's scores to May's scores in company Honda?

- A. None of these
- B. 83: 73
- C. 215: 106
- D. 183: 173
- E. 415: 306

Q98. If the average number of Bikes Manufactured by Royal Enfield per Meteor bikes Manufactured in March by companies Royal Enfield and Honda are 27 and 36 respectively, and the average number of Bikes Manufactured by Royal Enfield per Meteor bikes Manufactured in July in companies Royal Enfield and Honda are 30 and 17 respectively, then find the ratio of the total number of Meteor & CB 350 Bikes Manufactured in March by both the companies together to that Meteor & CB 350 Bikes Manufactured in July by both the companies together?

- A. Data inadequate
- B. 2: 3
- C. 5: 6
- D. 1: 2
- E. 5: 7

Q99. If the number of Bikes Manufactured in August by company Royal Enfield is $4(Y - 1)$ less than that Manufactured in May by company Royal Enfield and the number of Bikes Manufactured in August in company Honda is $4(2Y + 1)$ less than that Manufactured in July by company Honda, then find that the total number of Bikes Manufactured in August by both the companies together is what percent of that Manufactured in June by in both the companies together?

- A. $66\frac{2}{3}\%$
- B. 80 %
- C. 64 %
- D. 75 %
- E. $83\frac{1}{3}\%$

Q100. If April's scores in company Royal Enfield is $(4X - 2Y + 5.5)$, the number of wrong Bikes Manufactured in May company Royal Enfield is $(Y + 0.5)$ more than that Manufactured in April by company Royal Enfield, and the number of wrong Bikes Manufactured in July by company Royal Enfield is $(X - 2)$ more than that Manufactured in April by company Royal Enfield, then find the difference between the number of right Bikes Manufactured in May and July by company Royal Enfield?

- A. 39
- B. 31
- C. 49
- D. 45
- E. 33

Q101. Length of train P is 40% less than train Q. Trains P and Q are moving with same speeds and train P can cross bridge of length 30m in 6 seconds whereas train Q can cross bridge of length 25 m in 9 seconds. If train P crossed train Q in T seconds, then what is the value of T?

- A. 6.4 seconds
- B. 5.4 seconds
- C. 8 seconds
- D. 6 seconds
- E. Other than above

Direction (102-105): In each of the following questions, two equations are given. You must solve both equations to find the relation between x and y.

Q102. (I) $2x^2 - 11x + 15 = 0$

(II) $10y^2 - 21y + \sqrt[3]{729} = 0$

- A. $x > y$
- B. $x \geq y$
- C. $x \leq y$
- D. $x < y$
- E. $x = y$ or no relation can be established between x & y

Q103. (I) $5x^2 - 32x + 48 = 0$

(II) $2y^2 - 25y + 72 = 0$

- A. $x > y$
- B. $x \geq y$
- C. $x \leq y$
- D. $x < y$
- E. $x = y$ or no relation can be established between x & y

Q104. (I) $20x^2 - 41x + 9 = 0$

(II) $5y^2 - 34y + 45 = 0$

- A. $x > y$
- B. $x \geq y$
- C. $x \leq y$
- D. $x < y$
- E. $x = y$ or no relation can be established between x & y

Q105. (I) $4x^2 + 31x + 21 = 0$

(II) $3y^2 + 13y + 4 = 0$

- A. $x > y$
- B. $x \geq y$
- C. $x \leq y$
- D. $x < y$
- E. $x = y$ or no relation can be established between x & y

Q106. Shreya receives successive profits of 15% and 20% respectively on her accessories sold to Nisha. Nisha sells 70% of them to Harsh at 10% profit and remaining at same price to Shweta. If cost price of accessories for Shreya is Rs. 5000 for 10 pieces then calculate selling price of accessories for Nisha.

- A. Rs. 8767
- B. Rs. 4987
- C. Rs. 7383
- D. Rs. 6453
- E. Rs. 5867

Directions (107-110): Study the following information carefully and answer the related questions.

A person has his own 4 buildings P, Q, R and S. Each building has different number of flats. Each building has 3BHK and 2BHK flats. The rent on each building is different.

- Average rent on all flats in building P is Rs.500 more than the average rent on all flats in building S.
- The respective ratio of 3BHK flats to 2BHK flats in building Q is 3: 5. The number of 2BHK flats in building P and S are equal.
- Total 60 flats are there in building P and Q together out of which 32 are 2BHK flats.
- Total rent collected from building P and R together per month is Rs.152000.
- In building R, 75% flats are 3BHK flats and rest 4 are 2BHK flats.
- Total rent collected per month from building R is Rs.40000 which is Rs.56000 less than the rent collected per month from building Q.
- Number of 3BHK flats in building R is 4 more than the number of 3BHK flats in building S and 4 less than the number of 3BHK flats in building P.

Q107. Total number of 3BHK flats in all four buildings together is what percent of the total number of 2BHK flats in all four buildings together?

- A. 120%
- B. 150%
- C. 90%
- D. 100%
- E. 95%

Q108. In building S, if the average rent for 2BHK flats is Rs.250 less than the average rent for 3BHK flats, then find the average rent for 2BHK flats.

- A. Rs.2800
- B. Rs.3400
- C. Rs.3500
- D. Rs.2700
- E. Rs.3100

Q109. If the total number of flats in building P and R together is $(2X - 4.5)\%$ more than the total number of flats in building Q, then find the value of X.

- A. 21
- B. 22
- C. 23
- D. 24
- E. 25

Q110. Average rent collected from buildings P, Q and S is how much more/less than the average rent collected from building R?

- A. Rs.475
- B. Rs.1125
- C. Rs.225
- D. Rs.975
- E. Rs.525

Reasoning

Directions (111-116) Study the following information carefully and answer the questions below.

Eight boxes – P, Q, R, S, T, U, V, and W are kept one above another in the stack. The lowermost position is numbered as one, and the topmost position is numbered as eight. The boxes contain the different items - Spoon, Plate, Bowl, Jar, Cup, Knife, Spatula, and Fork, but not necessarily in the same order. The box that contains the Bowl is kept two boxes above the box that is kept four boxes below T. Only two boxes are kept between T and the one that contains the Jar. Only three boxes are kept between the Spoon box and the Jar box. The box that contains the Plate is kept adjacent to the Spoon box. The number of boxes kept between the Plate box and the Bowl box is the same as between the Jar box and box V. Box V is kept below the Jar box and is not kept at the lowermost position. The number of boxes kept above the Knife box is the same as below box Q. Box Q is kept in one of the positions below Bowl Box. Box W is kept two positions above the box that contains the Fork. Neither the Q nor the S box contains the Fork. The number of boxes kept between the Fork box and Q is the same as between boxes P and U. Box P does not contain the Spoon and Bowl. The number of boxes kept above R is two less than the number of boxes kept below the Cup box.

Q111. Which of the following statements is not correct?

- I. Box W contains Cup.
 - II. Spatula is the lowermost box.
 - III. Box U is kept two boxes above Q.
- A. Only II
 - B. Only III
 - C. Both I and III
 - D. Only I
 - E. Both II and III

Q112. What is the position of P with respect to box V?

- A. Immediately below
- B. Three boxes below
- C. Four boxes above
- D. Three boxes above
- E. Immediately above

Q113. How many boxes are kept above the Cup box?

- A. As many boxes are kept below the U box
- B. As many boxes are kept below the Knife box
- C. As many boxes are kept between box S and W
- D. As many boxes are kept between box P and R
- E. None of these

Q114. If boxes T and U are interchanged their positions in the same way boxes P and Q are interchanged their positions, then which of the following box is two boxes above box P?

- A. Box V
- B. Box U
- C. Box R
- D. Box T
- E. None of these

Q115. Which of the following boxes is kept at the fourth position from the top?

- A. The box contains a jar.
- B. The box that is immediately above W
- C. Box S
- D. The box contains the Cup.
- E. None of these

Q116. If all boxes are arranged in alphabetical order from the top, then how many boxes remain unchanged in their positions?

- A. One
- B. Two
- C. Three
- D. None
- E. More than three

Q117. If a meaningful word can be formed by using the First, fourth, eighth and eleventh letters of the word "Prerequisite", then what is the first letter of the newly formed word? Mark X as your answer if more than one word is formed. Mark Z if no meaningful word can be formed.

- A. R
- B. I
- C. X
- D. T
- E. Y

Q118. How many such pairs of digits are there in the number "573941286" each of which has as many digits between them in the given number (both forward and backward direction) as they have between them in the number series?

- A. None
- B. Four
- C. Five
- D. Three
- E. More than Five

Directions (119-123) Study the following information carefully and answer the questions given below.

Ten persons, A, B, C, D, U, V, W, X, Y, and Z received the parcel on two different dates, either the 17th or 28th of five different months, viz., February, April, June, August and December of the same year.

Z received the parcel in the month that has more than 30 days. C received the parcel two persons after Z. Only four persons received the parcel between C and D. Only three persons received the parcel between D and X, who didn't receive the parcel before June. The number of persons received the parcel before X is one less than the number of persons received the parcel after V. Y received the parcel immediately after V, but not in the same month. W received the parcel three persons after V. B didn't receive on the same date as D. U received the parcel after A.

Q119. Four of the following are alike in a certain way based on the given arrangement and thus form a group. Which one of the following does not belong to the group?

- A. Y-D
- B. A-U
- C. B-V
- D. Z-X
- E. C-U

Q120. Which of the following statements is correct?

- I. B received the parcel just before Y
 - II. Z and X received the parcel in the same month
 - III. A received the parcel just after D
- A. Only II
 - B. Only III
 - C. Both I and III
 - D. Only I
 - E. Both II and III

Q121. Who among the following persons received the parcel on 17th June?

- A. The one who received in the same month as X
- B. The one who received in the same month as Y
- C. The one who received in the same month as V
- D. The one who received in the same month as C
- E. None of these

Q122. How many persons received the parcel between B and the person who received on 28th December?

- A. Five
- B. Six
- C. As many as received the parcel C and W
- D. As many as received the parcel after V
- E. None of these

Q123. A received his parcel on which of the following months and dates?

- A. April 17th
- B. August 17th
- C. December 17th
- D. April 28th
- E. June 28th

Q124. Which of the following statements is incorrect?

- A. B received the parcel immediately before D
- B. U is the last one to receive the parcel
- C. W received the parcel on the same date as Y
- D. Only one person received the parcel between C and D.
- E. More than one option

Directions (125): Read the given information carefully and answer the following questions.

Q155. If, in the given word "Providentially", all the consonants are replaced by the previous letter and all the vowels are replaced by the next letter according to the English alphabetical order, and then all the letters are arranged in ascending order from left to right, after that, the repeated letters are removed — which letter will be sixth from the left end?

- A. J
- B. K
- C. O
- D. M
- E. None of these

Directions (126-128): Read the following instructions and answer the given questions.

Two people, Daniel and William, start walking from two different offices, "Q" and "R" respectively, to reach the common metro station "W".

Daniel walks 8 km north to reach point B and turns right and walks 5 km to reach point D. After that, he turns left and walks 7 km to reach point L. Finally turns right and walks 4 km to reach the metro station "W".

Similarly, William walks 6 km north to reach point G and turns right, and walks 4 km to reach point H. After that, he turns left and walks 6 km to reach point J and then turns left and walks 8 km to reach point K. Finally, he turns right and walks 3 km to reach the metro station "W".

Q126. What is the shortest distance between L and H?

- A. 20
- B. 25
- C. 15
- D. $\sqrt{215}$
- E. None of these

Q127. Which of the following statements is incorrect?

- I. The Office of William is southwest of point D
 - II. The Metro station is northeast of the Point J
 - III. Point K is north of point G
- A. Only II
 - B. Only III
 - C. Both I and III
 - D. Only I
 - E. All I, II and III

Q128. Four of the following five are alike in a certain way as per the given arrangement and thus form a group. Which one of the following does not belong to that group?

- A. LK
- B. DJ
- C. BH
- D. KG
- E. BR

Direction (129-132): Study the following information carefully and answer the questions given below.

Ten persons, namely P, Q, R, S, T, U, V, W, X, and Y are sitting in two parallel rows containing five people each in such a way that there is an equal distance between adjacent persons. People sitting in Row-1 are facing north direction while people sitting in Row-2 are facing south. Therefore, people sitting in Row-1 face the people sitting in Row-2. They like the different flowers, viz, Rose, Tulip, Lily, Orchid, Daisy, Jasmine and Lotus. Exactly two persons like the same flowers - Lily, Orchid and Daisy. All the above information is not necessarily in the same order.

S sits exactly in the middle of the north-facing row. T sits exactly between X and W and opposite to U. P sits at the extreme right end of the south-facing row. Only one person sits between the two people who like Lily. Q sits opposite to R and to the immediate right of the person who likes Orchid. R doesn't face the south direction. W likes Lotus. The person who likes Tulip sits to the immediate right of Y and opposite to the person who likes Lily. The person, like Rose, sits to the right of the person who likes Jasmine, but they don't sit at any of the ends. Only one person sits between the two people who like Orchid.

Q129. Who sits immediately right of U?

- A. The one who likes Rose
- B. The one who likes Tulip
- C. The one who likes Lotus
- D. The one who sits second right of S
- E. The one who sits opposite to P

Q130. Which of the following pairs likes the same flower?

- A. P and U
- B. R and T
- C. V and Y
- D. W and Q
- E. Both B and C

Q131. Four out of the five are similar in a certain way and form a group, which of the following does not belong to the group?

- A. Orchid – Y
- B. Lily – U
- C. Rose - T
- D. Lily – V
- E. Orchid - S

Q132. Which of the following statements is true?

- A. Only two people sit between the two people who like Daisy.
- B. The one who likes Jasmine facing X
- C. Three people sit between P and the one who likes Lotus
- D. Both B and C
- E. All are true

Q133. In a certain code language, "HUNGER" is written as "@@#@#%£¥" and "PRODUCTION" is written as "♠¥*♦@!^Ωβ#" How is 'NOTHING' written in that code language?

- A. #*^@Ω#%
- B. ♠¥*^@♦@
- C. @Ω#%β*♠
- D. ^!#♠¥^@
- E. %£Ω#¥%@

Directions (134): Read the information carefully and answer the following questions:

Q134.Statement:

A significant number of young graduates are leaving their jobs in metropolitan cities to return to their hometowns and start small businesses. Experts believe this shift is driven by dissatisfaction with long working hours and a desire for work-life balance.

Courses of Action:

- I). The government should organize awareness programs highlighting the benefits of stable corporate jobs.
- II). The government should conduct a survey to understand the reasons behind this shift and support local entrepreneurship.

- A. Only course of action I follows.
- B. Only course of action II follows.
- C. Either course of action I or II follows.
- D. Neither course of action I nor II follows.
- E. Both courses of action I and II follow.

Directions (135): The question below has a statement followed by two conclusions numbered I and II. On the basis of the information given in the statement, you have to find an option that gives the best conclusion for the given statement.

Q135.Statement:

Any new vaccine developed for a fast-spreading viral disease must be tested on humans before mass distribution. However, conducting large-scale human trials during an ongoing outbreak is often not feasible due to time and ethical constraints.

Conclusions:

- I). The effectiveness of a newly developed vaccine cannot be guaranteed before it is used on the general public.
 - II). Every newly developed vaccine for a fast-spreading disease will fail when first used on people.
- A. Only I follows
 - B. Only II follows
 - C. Either I or II follows
 - D. Both I and II follow
 - E. None follows

Directions(136-139): Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question:

Q136. Six persons- J, K, L, R, S, and T are sitting in a row, but not necessarily in the same order. Who among the following persons sits third from the left end of the row? (all are facing North).

Statement I: S sits second to the right of R. T sits immediately left of R. Neither S nor T sits at the end of the table. Only two people are seated between J and L. L does not sit adjacent to S.

Statement II: Only three persons are seated between K and T. Only one person sits between J and T. L sits immediately left of T. R sits second to the left of S.

- A. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question
- B. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question
- D. If the data given in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q137. There are six boxes- A, B, C, D, E, and F kept one above another but not necessarily in the same order. How many boxes are kept below F?

Statement I: The number of boxes that are kept above Box D is the same as below box E. Only one box is kept between E and F. Box F is kept below Box B. Box D is kept above Box F.
Statement II: Box A is kept two boxes above the box which is kept three boxes below F. Only one box is kept between B and F. Neither Box B nor Box D is kept below Box A.

- A. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question
- B. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question
- D. If the data given in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q138. What is the code for “Peony Jasmine Lotus Daffodil”?

Statement I:

In a certain code language, Lily Peony Rose Daffodil is coded as ‘vx jp qr te’, Jasmine Rose Lotus Peony is coded as ‘ul qr cm jp’, Lily Orchid Daffodil Lotus is coded as ‘vx ni te cm’.

Statement II:

In the same language, Jasmine Orchid Tulip Rose is coded as ‘ul ni sw qr’, Peony Tulip Lotus Camellia is coded as ‘jp sw cm zk’, Lily Camellia Daffodil Marigold is coded as ‘vx zk te md’.

- A. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question
- B. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question
- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question
- D. If the data given in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Q139. Five employees — A, B, C, D, and E, each holds a different designation, namely Manager, Assistant Manager, Clerk, Executive, and Trainee, Manager is the seniormost designation and trainee is the junior most designation. Who among the following is the Manager?

Statement I: B is junior to A but senior to C. Only one person is senior to A. D is senior to E.

Statement II: C is not the Trainee. E is junior to all. B’s designation is higher than E’s but lower than A’s.

- A. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question
- B. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question

- C. If the data either in statement I alone or in statement II alone are sufficient to answer the question
- D. If the data given in both statements I and II together are not sufficient to answer the question.
- E. If the data in both statements I and II together are necessary to answer the question.

Directions (140): In the question below is given a statement followed by two inferences numbered I and II. An inference is something that can be deduced or found out on the basis of the given facts. You have to consider the statement and the following inferences and decide which of them is implicit from the statement.

Q140.Statement:

Several universities have started using Artificial Intelligence tools to evaluate student essays, claiming that it saves time for teachers and ensures unbiased grading.

Inferences:

- I). Universities are integrating technology to improve efficiency in evaluation.
 - II). Teachers are no longer involved in assessing students' written work.
- A. if only inference I is implicit.
 - B. if only inference II is implicit.
 - C. if either I or II is implicit.
 - D. if neither I nor II is implicit.
 - E. if both I and II are implicit.

Directions: (141-146) Read the following information carefully and answer the given questions.

A, B, C, D, E, F, G, H, I, and J visit three cities – Osaka, Tokyo and Kyoto. Not more than four persons visit the same City and not fewer than three persons visit the same City. Each of them has a different item, viz. – Brushes, Bronzer, Palettes, Primer, Blush, Lipstick, Highlighter, Concealer, Eyeliner and Foundation.

E and G visit the same City, but not Tokyo. The people who have Highlighter and Primer visit the same city but neither the same City as E nor Kyoto. Both D and C visit neither the same City as G nor the one who have Primer. Neither D nor C have Brushes. A, who has the Blush, visits the City visited by the maximum number of persons. A and J visit the same City. H have a Lipstick and visits a different City from the one visited by J and I. H visits the same City as B and F. J visits neither Kyoto nor the same City as the one who has Concealer. An odd number of people visit Tokyo. Neither J nor G have Brushes. I have a Foundation. Either C or G have Palettes. The one who has a palette visits the City with the one who has a Concealer. J doesn't have a Bronzer.

Q141. Which of the following pairs of persons does not visit the same city?

- A. E and A
- B. B and H
- C. C and I
- D. G and D
- E. None of these

Q142. Who among the following has a Concealer?

- A. C
- B. G
- C. A
- D. I
- E. None of these

Q143. Which of the following cities is visited by an even number of persons?

- I). The one visited by I.
 - II). The one visited by the one who has an eyeliner.
 - III). Tokyo
- A. Only II
 - B. Only II and III
 - C. Only I and III
 - D. Only III
 - E. All I, II and III

Q144. Which of the following is not definitely correct?

- A. E - Brushes
- B. D - Concealer
- C. H - Lipstick
- D. B - Primer
- E. All are correct

Q145. Which among the following combinations shows people who visited Osaka?

- A. B, F, H
- B. C, D, I
- C. E, G, H
- D. G, A, J
- E. None of these

Q146. Which of the following statements are true regarding the final arrangement?

- A. G and J visit Kyoto
- B. Neither A nor H has Blush
- C. Either F or B have the Highlighter
- D. D and I visit Osk
- E. All are true

Directions (147): In each question below is given a statement followed by two arguments numbered I and II. You have to consider the statement and the following arguments and decide which of the arguments is strong and which of the argument is weak.

Q147. Statement:

Privatisation of public sector enterprises means transferring ownership and management of government-owned businesses to private individuals or companies.

Arguments:

I). Privatisation leads to improved efficiency and productivity as private firms are profit-driven and more accountable for performance.

II). Privatisation may result in job insecurity and exploitation of workers as private companies focus more on profit than employee welfare.

- A. Only I is strong
- B. Only II is strong
- C. Either I or II is strong
- D. Neither I nor II is strong
- E. Both I and II are strong

Directions (148-151): Study the following statements and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Q148. Statements:

No Turtle is Calm

Some Calm are Dolphin

All Dolphin are Oyster

Only a Few Oyster are Whale

Conclusions:

- A. Some Whale are dolphins
- B. Some Oyster are Not Calm
- C. All Oyster being Whale is a Possibility
- D. No Dolphin is Turtle
- E. Some Oyster are Not Turtle

Q149. Statements:

Some Sea are Lion.

All Lions are Coral.

No Coral are Tiger.

No Tiger is Puma.

Conclusion:

- A. Some Sea are Puma.
- B. No Coral are Lion.
- C. No Lion is Sea.
- D. No Puma are Tiger
- E. None of the above

Q150. Statements:

All Pink are City.

Some City are Metro.

No Metro is Delhi.

All Delhi are Public.

Conclusion:

- A. All Public are City.
- B. Some City are Pink.
- C. All Pink are Metro
- D. No Delhi are City.
- E. None of these

Q151. Statements:

Only a few Grape is Guava

No Guava is Fruit

Only Fruit is Banana

Some Fruit is Apple

Conclusions

- A. Some Guava being Fruit is a possibility
- B. All Apple can be Guava
- C. No Guava is Apple
- D. Some Banana is Grape
- E. None of the above

Directions (152) Study the following information carefully and answer the questions given below.

Q152.Statement:

The municipal corporation has decided to introduce rooftop gardening schemes in urban areas to reduce the city's temperature and improve air quality.

Which of the following assumptions, if true, support the given statement?

- A. Rooftop gardens can help lower urban heat and absorb pollutants from the air.
- B. Citizens are unwilling to participate in any environment-related initiative.
- C. Urban construction is not responsible for increasing the city's temperature.
- D. Rooftop gardening requires advanced technology that most people can't afford.
- E. None of the above

Directions (153-157) Study the following information carefully and answer the questions given below.

An uncertain number of persons are sitting in a circle facing the centre, and they like different brands. Only three people sit between B and G who like Zara. N sits three places away from G. Four people sit between N and the one who likes Gucci. T likes Dior and sits second to the right of the one who likes Gucci and second to the left of W, who doesn't sit immediately right of G. The one who likes Chanel sits adjacent to the one who likes Dior. C sits four places away from the one who likes Chanel and sits immediately right of B. Six people sit between C and the one who likes Prada. The one who likes Celine sits third to the right of the one who likes Prada. Three people sit between the one who likes Celine and Z, who sits immediately right of the one who likes Fendi. W doesn't like Prada. Not more than two people sit between T and the one who likes Fendi.

Q153. How many people are sitting in the Circle?

- A. Twenty
- B. Eighteen
- C. Seventeen
- D. Twenty-one
- E. None of these

Q154. How many people sit between the one who likes Fendi and the one who sits third to the left of N?

- A. Six
- B. Three
- C. Seven
- D. Five
- E. Eight

Q155. Which of the following statements is/are true with respect to the final arrangement?

- A. The one who likes Gucci sits immediately left of Celine
- B. The one who likes Fendi sits immediately right of T
- C. Three persons sit between W and the one who likes Prada
- D. Six persons sit between the one who likes Dior and N
- E. All are false

Q156. Who among the following persons sits fourth to the left of the one who sits second to the right of Z?

- A. The one who likes Chanel
- B. The one who sits second right of T
- C. The one who likes Celine
- D. The one who sits immediately left of C
- E. None of these

Q157. What is the position of G with respect to the one who likes Prada?

- A. Second to the right
- B. Third to the left
- C. Fifth to the right
- D. Immediate right
- E. Cannot be determined

Directions (158-159): In the following question, a statement is given, followed by two assumptions. You have to decide which of the assumptions are implicit in the statement.

Q158.Statement:

As climate change worsens, several countries are investing heavily in developing renewable energy sources such as solar, wind, and hydroelectric power. Critics argue that these investments are costly and may strain national budgets, while supporters believe that such initiatives are crucial for long-term environmental stability.

Assumptions:

I. Governments believe that renewable energy can help reduce the negative effects of climate change in the future.

II. Transitioning to renewable energy will immediately solve all environmental and financial challenges faced by nations.

- A. Only assumption I is implicit
- B. Only assumption II is implicit
- C. Both I and II are implicit
- D. Neither I nor II is implicit
- E. Either I or II is implicit

Q159.Statement:

"Merely providing modern infrastructure and smart classrooms will not improve the quality of education; the commitment, training, and motivation of teachers are equally important."

– An education expert.

Assumptions:

I. The quality of education depends not only on infrastructure but also on the effectiveness of teachers.

II. Improving the motivation and training of teachers will help enhance the quality of education.

- A. If only assumption I is implicit
- B. If only assumption II is implicit
- C. If either I or II is implicit
- D. If neither I nor II is implicit
- E. If both I and II are implicit

Directions (160-164) Study the following information carefully and answer the questions given below.

An alphanumeric machine when given an input, rearranges them by following a particular rule in each step. The following is an illustration of the input and steps rearrangement:

Input: 12 apple 44 bat 55 orange 30 cat 71 egg 19 dog

Step I: 14 apple 44 bat 55 30 cat 71 egg 19 dog qqcmfg

Step II: gff 14 apple 44 bat 55 30 cat 71 dog qqcmfg 17

Step III: 32 gff 14 apple 44 bat 55 30 cat 71 qqcmfg 17 fni

Step IV: evz 32 gff 14 apple 44 bat 30 71 qqcmfg 17 fni 53

Step V: 46 evz 32 gff 14 apple 30 71 qqcmfg 17 fni 53 dzv

Step VI: cookg 46 evz 32 gff 14 30 qqcmfg 17 fni 53 dzv 69

Step VI is the last and final step of the rearrangement. With the same rules followed in the above arrangement, determine the steps for the following given input.

Input: 26 ink 33 pot 72 ear 49 sun 84 owl 15 map

Q160. Which of the following statements follows?

- I). 74 is the immediate right of the ear in step V
 - II). 13 is exactly between qvk and utp in step VI
 - III). 31 is the immediate right of qvk in step IV
- A. Only II
 - B. Only II and III
 - C. Only I and III
 - D. Only III
 - E. All I, II and III

Q161. Which of the following will be the fourth step of the given input?

- A. ozr 74 rnv 28 ink ear 49 84 utp 13 qvk 31
- B. 86 ozr 74 rnv 28 ear 49 utp 13 qvk 31 kmj
- C. 74 rnv 28 ink 33 ear 49 84 map utp 13 qvk
- D. ozr 74 rnv 28 ink 49 ear 84 utp 13 qvk 31
- E. ozr 74 rnv 28 ink ear 49 13 qvk 31 84 utp

Q162. What is the position of "28" with respect to "kmj" in STEP V?

- A. Third to the Right
- B. Seventh to the Left
- C. Fourth to the Right
- D. Sixth to the Left
- E. Immediate Right

Q163. Which of the following statements is correct?

- A. Ink is exactly between 49 and 28 in step IV
- B. Sum of all the numbers in step VI is 278
- C. Difference between the first number from the left end and the second number from the right end, 73 in step V
- D. Both B and C are correct
- E. All are correct

Q164. How many numbers are between "ozr" and "47" in step VI?

- A. Three
- B. One
- C. Two
- D. Four
- E. More than four

Directions (165-168): In the given questions, the relationship between different elements is shown in the statements followed by two conclusions. Find the conclusion which is definitely true.

Q165. Statements:

$Z < G = N \leq V$; $Q \leq L = V$; $Q = R > T$; $N > S \leq W = Y$

Conclusions:

- I). $Z < Y$
- II). $L > Z$
- A. Only conclusion I is true
- B. Only conclusion II is true
- C. Either conclusion I or II is true
- D. Neither conclusion I nor II is true
- E. Both conclusions I and II are true

Q166. Statements:

$B > C < T = F$; $B \leq K = G \leq N$; $G \geq P > W$

Conclusions:

- I). $C < N$
- II). $G \geq F$
- A. Only conclusion I is true
- B. Only conclusion II is true
- C. Either conclusion I or II is true
- D. Neither conclusion I nor II is true
- E. Both conclusions I and II are true

Q167. Statements:

$H \geq O > L > N > G; S > K < B; C > R = S < Y \leq O$

Conclusions:

- I). $H > K$
- II). $B < L$
- A. Only Conclusion I is true
- B. Only Conclusion II is true
- C. Both Conclusions I and II are true
- D. Either Conclusion I or II is true
- E. Neither Conclusion I nor II is true

Q168. Statements:

$Y \geq J > K > L; U = N \leq J \leq Q \leq R; A \geq S < U \geq W$

Conclusions:

- I). $Q > L$
- II). $R \geq W$
- A. Only Conclusion I is true
- B. Only Conclusion II is true
- C. Both Conclusions I and II are true
- D. Either Conclusion I or II is true
- E. Neither Conclusion I nor II is true

Directions (169): Given below is a statement followed by three conclusions numbered I, II, and III. Read the statement carefully and select which of the conclusions logically follow(s) the given statement.

Q169. Statement:

Chess is a board game that requires strategic thinking and concentration, where two players compete to checkmate each other's king using different pieces with specific movements.

Conclusions:

- I. Anyone who knows how to move chess pieces can be called a chess player.
- II. Every chess player must possess strategic thinking and concentration skills.
- III. Chess is a game played between two opponents.
- A. Only conclusion I follows
- B. Only conclusion III follows
- C. Both conclusions II and III follow
- D. Only conclusion II follows
- E. All conclusions follow

Directions (170): Study the following information carefully and decide which of the following statement is sufficient to answer the question.

Seven people are living in a seven-floor building marked 1 to 7 from bottom to top. Who among the following people lives immediately below X?

Column I	Column II
A. G lives on floor number 5. Two persons are living between G and H.	D. H lives two floors below L. W and H are living on the adjacent floor.
B. K lives on an even number floor. Two persons are living between X and K.	E. W lives immediately below H. Two persons are living between H and G.
C. Two persons are living between E and L. W and L are not living together.	F. Neither G nor H lives on the adjacent floor of E. Three persons are living between E and X.

- A. Both BD and CE
- B. Only AF
- C. Both AE and CD
- D. Only CD
- E. None of these

English

Directions (171–178): Read the passage carefully and answer the questions that follow. Choose the most appropriate option among the five given choices.

For centuries, termites have been reviled as **silent saboteurs**—gnawing through wood, eroding dwellings, and sabotaging harvests. These tiny insects have long been associated with destruction, prompting humans to exterminate them whenever they appeared. Yet, modern ecological research reveals a remarkable irony embedded in this familiar narrative. The very creatures often annihilated in haste may, in fact, be indispensable to the health of the soils upon which human survival ultimately depends. What was once regarded purely as pestilence now emerges as a cornerstone of environmental balance.

While sculpting their labyrinthine mounds, termites perform a process that goes far beyond mere architectural ingenuity. They transport mineral-laden subsoil upward from the depths below, mixing it meticulously with organic **detritus** accumulated on the surface. This alchemy transforms otherwise sterile dust into a nutrient-rich substrate capable of capturing moisture and fostering microbial life. In regions prone to drought, such as parts of Africa and South Asia, satellite imagery has revealed striking **green halos encircling termite mounds**—verdant sanctuaries where crops such as maize and millet manage to survive, even under severe water stress. By enhancing soil fertility in this manner, termites contribute indirectly but decisively to food security and local agricultural productivity.

The subterranean labour of termites also has broader environmental benefits. Their mounds contribute to carbon sequestration, moderate soil temperature, and paradoxically, slow the advance of desertification—an ecological catastrophe that their extermination would otherwise exacerbate. In effect, the small engineers maintain complex systems of order beneath the surface, shaping microenvironments that support both plant and microbial communities. Their work illustrates the delicate interplay between organisms and the ecosystems they inhabit, highlighting how even minuscule creatures can exert outsized influence on ecological stability.

Such revelations have begun to challenge traditional agricultural dogmas. Farmers long conditioned to view termites as adversaries are now being urged to consider coexistence rather than eradication. Some agronomists argue that mechanized ploughing, not termites, has inflicted more profound ecological damage over the years, disrupting soil structure and depleting nutrients. Consequently, the termite mound stands as a monument to a humbling truth: sustainability may hinge not on human domination, but on **sympiosis**. The smallest engineers, often overlooked and undervalued, frequently maintain the grandest systems of order beneath our inattentive feet, reminding us that ecological wisdom sometimes lies in restraint and observation rather than in conquest.

Q171. Which statement best captures the paradox presented in the passage?

- A. Termites both destroy and preserve human settlements.
- B. The species once deemed harmful may be indispensable for ecological balance.
- C. Agricultural mechanization improves soil fertility better than termite activity.
- D. Farmers now rely on termites for irrigation.
- E. Termites sustain ecosystems only in tropical regions.

Q172. The term “silent saboteurs” most nearly means—

- A. insignificant builders
- B. destructive designers
- C. small yet skillful creators
- D. accidental organizers
- E. invisible enemies

Q173. Which factor contributes most directly to the fertility around termite mounds?

- A. Accumulation of termite waste near the soil surface
- B. The decomposition of wooden structures by termites
- C. Upward transport and mixing of mineral-rich subsoil with organic matter
- D. Nutrient absorption from surrounding plants
- E. Their ability to trap rainwater in tunnels

Q174. Which of the following best describes the author’s tone?

- A. Sarcastic yet uncertain
- B. Analytical and reverent
- C. Alarmist and speculative
- D. Indifferent but factual
- E. Optimistic yet dismissive

Q175. The phrase “green halos encircling termite mounds” symbolically refers to—

- A. chemical reactions within termite colonies
- B. vegetation thriving due to termite-induced soil enrichment
- C. the spiritual reverence communities hold for termite mounds
- D. artificial irrigation methods around mounds
- E. cyclical pest infestations visible from satellite imagery

Q176. Fill in the blank:

The author implies that modern agriculture’s greatest flaw lies in its obsession with _____ rather than _____.

- A. extermination / equilibrium
- B. productivity / profitability
- C. irrigation / innovation
- D. experimentation / exploitation
- E. surveillance / sustenance

Q177. Which of the following words is the closest synonym of “detritus” as used in the passage?

- A. Erosion
- B. Sediment
- C. Debris
- D. Wastewater
- E. Fossil

Q178. In the context of the passage, which word is closest in meaning to “symbiosis”?

- A. Conflict
- B. Competition
- C. Cooperation
- D. Stratification
- E. Resistance

Directions (179–184): In the passage below, some words have been highlighted in bold. Choose the most appropriate option to replace each bolded word to make the paragraph meaningful.

Soil degradation remains one of the most **(1) negligible** challenges of modern agriculture. Decades of intensive ploughing and chemical dependency have **(2) enhanced** soil erosion and depleted its organic content. In response, researchers advocate a system of regenerative farming that **(3) disregards** nature’s existing cycles. They suggest that farmers mimic natural processes—using cover crops, crop rotation, and biological compost—to restore fertility. Interestingly, in certain regions, termite mounds have become models of **(4) fragility**, revealing how underground ecosystems can recycle nutrients efficiently. However, this transformation requires not just technological innovation but also a mental shift: to see the soil not as an inert medium but as a **(5) sterile** community of living organisms that demands respect. Sustainable farming, then, becomes less about dominance and more about **(6) obliteration** of balance.

Q179. Which can replace word (1)?

- A. Negligible
- B. Monumental
- C. Obscure
- D. Transient
- E. peripheral

Q180. Which can replace word (2)?

- A. Reduced
- B. Accelerated
- C. Neutralized
- D. Concealed
- E. Evaporated

Q181. Which can replace word (3)?

- A. Imitates
- B. Contradicts
- C. Reinforces
- D. Neglects
- E. intensifies

Q182. Which can replace word (4)?

- A. Adaptability
- B. Rigidity
- C. Fragility
- D. Stability
- E. fertility

Q183. Which can replace word (5)?

- A. Sterile
- B. Dynamic
- C. Synthetic
- D. Inert
- E. independent

Q184. Which can replace word (6)?

- A. Maintenance
- B. Destruction
- C. Imitation
- D. Balance
- E. cultivation

Directions (185 – 188): Each question contains four sentences (A–D). Identify the grammatically correct sentence.

Q185.

- A. The board of directors, together with the managing committee and several external consultants, were deliberating for hours on the intricate modalities of the proposed financial restructuring plan.
 - B. Neither the central bank nor its regional offices has yet provided any clarification regarding the recently issued and widely debated regulatory guidelines.
 - C. Each of the shortlisted applicants were instructed to submit all notarized credentials and supporting documents well before the stipulated deadline mentioned in the circular.
 - D. The governor, along with his senior economic advisers, has outlined an elaborate and forward-looking strategy aimed at curbing the persistent inflationary pressures that have plagued the economy for months.
- A. A
 - B. B
 - C. C
 - D. D
 - E. None of these

Q186.

- A. Despite having issued repeated and urgent warnings to all relevant departments, the government fails to implement the proposed fiscal reforms with the consistency and efficiency that the situation demands.
 - B. The policy makers, as well as the panel of technical experts, has recommended a series of immediate and coordinated revisions to the controversial draft legislation.
 - C. Every one of the stakeholders, including those representing minority interests, have expressed deep reservations regarding the far-reaching amendments in the banking regulatory framework.
 - D. The central bank directed to conduct the audit of all public sector banks within the upcoming quarter to ensure compliance with new transparency standards.
- A. A
 - B. B
 - C. C
 - D. D
 - E. None of these

Q187.

- A. Hardly had the finance minister concluded his comprehensive and data-intensive budget speech when a chorus of analysts began dissecting the underlying assumptions and potential fiscal implications of the proposed measures.
 - B. Scarcely had the committee submitted its exhaustive report on monetary reforms when the board are issuing a set of contradictory directives to the regional offices, thereby creating confusion across the network.
 - C. No sooner the Reserve Bank released the long-awaited policy notification than several commercial banks were scrambling to ensure immediate compliance with the revised liquidity norms.
 - D. Barely had the new regulatory framework been made public when a few financial institutions starts implementing ad hoc measures without awaiting official confirmation.
- A. A
 - B. B
 - C. C
 - D. D
 - E. None of these

Q188.

- A. No sooner did the government announce the comprehensive relief package for small industries than the affected sectors began approaching various ministries for clarification on eligibility and implementation criteria.
- B. No sooner the monetary policy was revised then the banks had already adjusted their lending rates and liquidity reserves in anticipation of higher credit demand.
- C. No sooner had the RBI issued the detailed circular than the cooperative banks rush to align their internal procedures with the prescribed prudential norms.

- D. No sooner did the Finance Ministry released the much-awaited statement on fiscal consolidation than the equity markets reacted sharply, posting significant intraday gains.
- A. A
B. B
C. C
D. D
E. None of these

Directions (189 – 192): Each question uses an idiom in a complex sentence. Choose the option that best expresses the meaning of the idiom in context.

Q189. “Able to pull through”

Despite facing multiple setbacks in the budget implementation, including delayed approvals and unexpected fiscal deficits, the finance ministry was ultimately able to pull through without compromising the key reform agenda.

- A. To succeed in an examination
B. To recover from illness or difficulty
C. To avoid responsibility cleverly
D. To dominate a conversation
E. To persuade someone to agree

Q190. “Spill the beans”

The senior analyst accidentally spilled the beans about the proposed regulatory changes during the press briefing, leaving the central bank scrambling to clarify its official stance.

- A. To waste an opportunity
B. To reveal a secret unintentionally
C. To destroy someone’s trust
D. To exaggerate a story
E. To make an honest confession out of guilt

Q191. “Cut down on”

In an effort to improve capital adequacy ratios, several banks were instructed to cut down on non-performing asset exposure while maintaining liquidity for operational purposes.

- A. To reduce the consumption of something
B. To remove something completely
C. To criticize someone severely
D. To replace one habit with another
E. To divide work equally among members

Q192. “Go back on”

The corporation threatened to go back on its earlier commitment to invest in rural infrastructure if the state government failed to provide the promised tax incentives.

- A. To recall a pleasant memory
- B. To withdraw from a promise or commitment
- C. To take revenge for an insult
- D. To depend upon someone’s help
- E. To restore a broken relationship

Directions (193–195):In each of the following sentences, three Underlined words (labelled A, B, C) are in the jumbled order. Choose the option that gives the correct sequence to make the sentence grammatically and contextually correct.

Q193. The displacement (A) of artificial intelligence on job impact (B) is a topic that requires proactive (C) measures to ensure a just transition.

- A. ABC
- B. ACB
- C. BAC
- D. BCA
- E. CBA

Q194.The renewable (A) of adoption (B) energy by governments worldwide requires urgent (C) policy reforms.

- A. ABC
- B. ACB
- C. BAC
- D. BCA
- E. CBA

Q195.The immediate (A) of strict environmental (B) regulations demands implementation (C) action from all industries.

- A. ABC
- B. ACB
- C. BAC
- D. BCA
- E. CAB

Directions (196–197): Each question consists of five sentences. Identify the sentence that does not logically fit with the others or breaks the coherence of the paragraph.

Q196.

- A. The global transition to renewable energy has accelerated in the past decade, with many countries setting ambitious targets to reduce carbon emissions in line with international climate agreements.
- B. Investment in wind, solar, and hydroelectric projects has grown substantially, encouraged by both technological advancements and government policy incentives that aim to make clean energy more cost-competitive.
- C. Many corporations now publicly disclose detailed reports of their carbon footprints, adopting transparency as a strategic measure to improve stakeholder confidence and regulatory compliance.
- D. The development of sustainable fashion trends, including eco-friendly color palettes and materials, is directly linked to the same fiscal policies promoting renewable energy infrastructure.
- E. Policy frameworks and subsidies continue to incentivize research, development, and deployment of low-emission technologies across multiple sectors, creating an environment conducive to sustainable economic growth.

Q197.

- A. The rapid expansion of online education platforms has fundamentally transformed access to learning, enabling students from remote areas to pursue courses previously unavailable to them.
- B. Digital technologies facilitate global interaction among learners, allowing them to collaborate across countries and share diverse perspectives, which enhances the overall educational experience.
- C. The flexibility in scheduling online courses is particularly beneficial for working professionals who would otherwise be unable to balance employment and continuing education.
- D. While traditional classroom-based education continues to emphasize face-to-face interaction, it is increasingly supplemented by hybrid models incorporating digital tools for enhanced pedagogical outcomes.
- E. The exponential growth of fast food chains in urban centers has simultaneously reshaped dietary habits and consumer behavior, influencing lifestyle trends but remaining largely unrelated to educational access or digital learning innovations.

Directions (198): In the following sentence, four words have been Underlined. Identify which of them are correctly used in context.

Q198. The CEO's succinct (A) remarks were derogatory (B) to the employees' morale, though his intention (C) was to motivate (D) them to work harder.

- A. A & B
- B. A & D
- C. B & D
- D. A, C & D
- E. A, B & C

Directions (199): Combine the following three sentences into one grammatically correct statement without changing the meaning.

Q199. 1. Climate change is accelerating.

2. It threatens biodiversity across ecosystems.

3. Global cooperation is required to mitigate its effects.

- A. Climate change, which threatens biodiversity, can be mitigated only through global cooperation.
- B. Global cooperation threatening biodiversity is caused by climate change.
- C. Biodiversity, which causes climate change, can be mitigated through cooperation.
- D. Climate change and biodiversity both require global cooperation.
- E. Global cooperation accelerates climate change threatening biodiversity.

Directions (200):The following four sentences (A), (B), (C), and (D) form a coherent paragraph when arranged properly. Identify the correct sequence from the options given.
Q200.

- A. In the wake of repeated financial crises and structural inefficiencies, policymakers across emerging economies began emphasizing the importance of institutional reforms designed to enhance fiscal transparency and long-term economic stability.
 - B. Yet, without sufficient coordination between central banks, financial regulators, and government ministries, such reforms often remain fragmented, producing overlapping jurisdictions and policy contradictions that undermine their intended outcomes.
 - C. Consequently, the challenge for modern governance lies not merely in designing sound regulatory blueprints, but in cultivating a culture of inter-institutional trust, accountability, and evidence-based decision-making capable of sustaining reform momentum.
 - D. Over time, this recognition evolved into a broader debate about the limits of monetary policy autonomy and the complex interplay between fiscal prudence, political accountability, and institutional credibility in shaping national economic resilience.
- A. A–D–B–C
 - B. D–A–C–B
 - C. A–B–D–C
 - D. D–B–A–C
 - E. B–A–D–C

What Next?

- 1. Identify Right Source:** Follow the best study resources (books, online courses, videos, etc.) for each topic on the list. Do not follow multiple sources for the same topic but rather follow good sources multiple times.
- 2. Topic Prioritization:** Review the document to identify key topics that require special attention. Prioritize your study schedule based on the significance of each topic in the syllabus. Ensure a balanced approach, allocating more time to critical subjects.
- 3. Width of Syllabus:** Merely going through the syllabus is not enough; Regularly revisit the document to reassess what topics actually need to be covered.
- 4. Depth of Understanding:** Recognize the varying depths at which topics should be covered. While some concepts demand a broad understanding, others require a more in-depth analysis. Tailor your study approach, accordingly, allocating more time to complex topics that demand deeper comprehension.

About Us

We are a passionate team of experienced professionals who understand the challenges of aspirants preparing for government jobs. Our vision is to *“create a nurturing ecosystem for the aspirants so that they can feel safe, guided, and mentored.”*

Our Mission

At EduTap, our mission is to empower students to reach their full potential by providing comprehensive guidance, expert mentorship, and a supportive community. Since our start in 2016, we've grown into a trusted platform for aspirants, delivering exceptional results in government recruitment exams and certifications year after year.

Why Choose Us

Our **mentors walk with you every step of the way**, providing personalized guidance and insightful advice.

Our courses offer a **comprehensive curriculum** that covers all aspects of the exam, from theoretical knowledge to practical application.

We have a **track record of helping students (even if they are not our paid subscribers)** achieve their dreams, with consistently high results in leading government exams.

We help you connect with a **community of like-minded individuals** who share your goals and support your journey.
